Synopsis

In the *Registration Grace Period Order*, 87 FR 57645, September 21, 2022, the Commission amended its rules to allow VRS and IP CTS providers to receive compensation for calls from the Interstate Telecommunications Relay Services (TRS) Fund during a two-week grace period while completion of the registration process is pending. In the Petition, Sorenson requests that the Commission reconsider the decision to require providers to: terminate compensable service to new users who cannot complete the registration process within the two-week "grace period"; and port a user back to the user's prior provider when re-registration upon porting-in to a new provider has not been completed within two weeks.
