Uncovered Innerspring Units From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2021-2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) continues to determine that Bomei Tex Ltd. (Bomei) and Saffron Living Co., Ltd. (Saffron Living), the two companies subject to this administrative review of the antidumping duty (AD) order on uncovered innerspring units (innersprings) from the People's Republic of China (China), are part of the China-wide entity. The period of review (POR) is February 1, 2021, through January 31, 2022.

DATES: Applicable February 6, 2023.

FOR FURTHER INFORMATION CONTACT: Christopher Maciuba, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0413.

SUPPLEMENTARY INFORMATION:**Background**

Commerce published the preliminary results of this administrative review on October 25, 2022.¹ We invited interested parties to comment on the *Preliminary Results*. No party submitted comments. Accordingly, the final results are unchanged from the *Preliminary Results*. Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order²

The merchandise subject to the *Order* is uncovered innerspring units. For a full description of the scope of the *Order*, see *Preliminary Results*.³

Final Results of Administrative Review

We received no comments on, and made no changes to, the *Preliminary Results*. We continue to find that neither

¹ See *Uncovered Innerspring Units from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2021-2022*, 87 FR 64435 (October 25, 2022) (*Preliminary Results*).

² See *Uncovered Innerspring Units from the People's Republic of China: Notice of Antidumping Duty Order*, 74 FR 7661 (February 19, 2009) (*Order*).

³ See *Preliminary Results*, 87 FR at 64435-36.

Bomei nor Saffron Living filed a no-shipment certification, a separate rate application, or a separate rate certification. Thus, Commerce continues to determine that these companies have not demonstrated their eligibility for separate rate status and, therefore, we determine that these companies are part of the China-wide entity.

Because no party requested a review of the China-wide entity, and we did not self-initiate a review, the China-wide entity rate (*i.e.*, 234.51 percent) is not subject to change as a result of this review.⁴

Assessment Rates

Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review in accordance with section 751(a)(2)(C) of the Act. For Bomei and Saffron Living, we will instruct CBP to apply the China-wide rate of 234.51 percent to all entries of subject merchandise during the POR. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of review, as provided for by section 751(a)(2)(C) of the Act: (1) for previously investigated or reviewed Chinese and non-Chinese exporters who are not under review in this segment of the proceeding but have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate (including Bomei and Saffron Living), the cash deposit rate will be the China-wide rate of 234.51 percent; and (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to Chinese

exporter(s) that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 351.221(b)(5).

Dated: January 30, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[RTID 0648-XC721]

Marine Mammals; File No. 27102

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that the Institute for Marine Sciences, 115 McAllister Way, Ocean Health Building,

⁴ See *Order*, 74 FR at 7662.

Santa Cruz, CA 95060 (Responsible Party: Logan Pallin, Ph.D.) has applied in due form for a permit to conduct scientific research on marine mammal parts.

DATES: Written, telefaxed, or email comments must be received on or before March 8, 2023.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 27102 from the list of available applications. These documents are also available upon written request via email to NMFS.Pr1Comments@noaa.gov.

Written comments on this application should be submitted via email to NMFS.Pr1Comments@noaa.gov. Please include File No. 27102 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to NMFS.Pr1Comments@noaa.gov. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Jennifer Skidmore or Shasta McClenahan, Ph.D., (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The applicant proposes to collect (only in Antarctica), receive, import, and export parts from up to 2,000 individual cetaceans and 2,000 individual pinnipeds (except walrus), annually. Sources of foreign and domestic parts may include subsistence harvests, captive animals, other authorized researchers or curated collections, bycatch from legal commercial fishing operations, and foreign stranded animals. Parts would be used to monitor population demographic of marine mammals through the study of genetic diversity, population structure and demography, abundance, individual movement, and health. The permit would be valid for five years from the date of issuance.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: February 1, 2023.

Julia M. Harrison,

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; West Coast Fisheries Participation Survey

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on September 2, 2022 (87 FR 19080) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: West Coast Fisheries Participation Survey.

OMB Control Number: 0648-0749.

Form Number(s): None.

Type of Request: Regular submission (revision and extension of a current information collection).

Number of Respondents: 2,725.

Average Hours per Response: 15 minutes.

Total Annual Burden Hours: 227.

Needs and Uses: This is a request for a revision and extension of a currently approved information collection, approved under the authority and goals of the Magnuson-Stevens Fishery Conservation and Management Act.

Fishing livelihoods are both centrally dependent on marine ecosystems and part of the set of forces acting on other components of these ecosystems, including the ecosystem's resident fish and marine species. Alongside social factors like economics and management actions, biophysical dynamics within the ecosystems, including fisheries population fluctuations, shape fishing livelihoods. However, the decisions fishermen make regarding which fisheries to access and when to access them are not fully understood, particularly within the holistic food web frameworks offered up by ecosystem-based approaches to research and management. Moreover, a full understanding and predictive capacity for these movements of fishermen across fisheries in the context of ecological and social variability presents a significant gap in management-oriented knowledge. Managing fisheries in a way that enhances their social and economic value, mitigates risks to ecosystems and livelihoods, and facilitates sustainable adaptation, requires this fundamental knowledge.

For this reason, the Northwest Fisheries Science Center (NWFS) seeks to conduct fisheries participation analyses which involve repeated follow-up surveys of United States (U.S.) West Coast commercial fishing participants. A U.S. mail survey will be conducted, replicating the survey administered during 2017 and 2020, with slight changes in questions about direct marketing of catch and community infrastructure. The survey will be voluntary, and contacted individuals may decline to participate. Respondents will be asked to answer questions about their motivations for fishing and other factors that affect participation in the suite of West Coast commercial fisheries. Fishing employment information will be collected so that responses can be organized based on a respondent typology. This survey is essential because data on smaller scale fishing practices, values, participation decisions and beliefs about fishing livelihoods are sparse; yet, they are critical to the development of usable fishery ecosystem models that account for non-pecuniary benefits of fishing, as well as the ways in which fishing practices shape individual and community well-being.

Affected Public: Individuals or households.
