

will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential

persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food Safety and Inspection Service

Title: Interstate Shipment of Meat and Poultry Products.

OMB Control Number: 0583–0143.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*) and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451 *et seq.*). These statutes mandate that FSIS protect the public by ensuring that meat and poultry products are safe, wholesome, and properly labeled and packaged.

Need and Use of the Information: FSIS will collect information to ensure that all establishments operating under the voluntary cooperative inspection program under which State-inspected establishments in participating states with 25 or fewer employees are eligible to ship meat and poultry products in interstate commerce. State-inspected establishments selected to take part in this program are required to comply with all Federal standards under the FMIA and the PPIA, as well as with all State standards. Establishments under the voluntary cooperative inspection program receive inspection services from State inspection personnel that have been trained in the enforcement of the FMIA and PPIA. Without the information, it would reduce the effectiveness of the meat and poultry inspection program that ensures that meat and poultry products are properly marked, labeled and packaged.

Description of Respondents: State, local or tribal government.

Number of Respondents: 67.

Frequency of Responses: Recordkeeping; Reporting: On occasion.
Total Burden Hours: 733.

Ruth Brown,

Departmental Information Collection Clearance Officer.

BILLING CODE 3410–DM–P

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are required regarding: whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency’s estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by March 8, 2023 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Farm Service Agency

Title: Organic Certification Cost Share Program (OCCSP).

OMB Control Number: 0560–0289.

Summary of Collection: Organic Certification Cost Share Program (OCCSP) provides cost share assistance to producers and handlers of agricultural product who are obtaining or renewing their certification under the National Organic Program (NOP). The National Organic Certification Cost-Share Program (NOCCSP) is authorized under section 10606(d)(1) of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 7901 note), as amended by section 10004(c) of the Agricultural Act of 2014 (2014 Farm Bill; Pub. L. 113–79).

Need and Use of the Information: The Farm Service Agency (FSA) provides cost-share assistance, through FSA county offices and participating state agencies, to organic producers or handlers who are obtaining or renewing their certification under the National Organic Program. The information collected is needed to ensure that organic producers or handlers and State agencies are eligible for funding and comply with applicable program regulations. Without this collection of information, FSA would not be able to provide cost-share assistance to eligible producer or handler and state agencies.

Description of Respondents: Individuals or Households; State, Local and Tribal Government.

Number of Respondents: 15,659.

Frequency of Responses: Reporting: Semi-annually; Annually.

Total Burden Hours: 78,650.

Animal and Plant Health Inspection Service

[Docket No. APHIS–2023–0011]

Notice of Request for Extension of Approval of an Information Collection; Federally Recognized State Managed Phytosanitary Program

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service’s intention to request an extension of approval of an information collection associated with

Federal recognition of a State's plant pest containment, eradication, or exclusion program as a Federally Recognized State Managed Phytosanitary Program.

DATES: We will consider all comments that we receive on or before April 7, 2023.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to www.regulations.gov. Enter APHIS–2023–0011 in the Search field. Select the Documents tab, then select the Comment button in the list of documents.
- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS–2023–0011, Regulatory Analysis and Development, PPD, APHIS, Station 3A–03.8, 4700 River Road, Unit 118, Riverdale, MD 20737–1238.

Supporting documents and any comments we receive on this docket may be viewed at regulations.gov or in our reading room, which is located in room 1620 of the USDA South Building, 14th Street and Independence Avenue SW, Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799–7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the Federally Recognized State Managed Phytosanitary Program, contact Ms. Lydia E. Colon, National Policy Manager for Pest Emergency and Response Program, Emergency and Domestic Programs, APHIS, PPQ, 4700 River Road, Riverdale, MD 20737; (301) 851–2302; lydia.e.colon@usda.gov. For information on the information collection reporting process, contact Mr. Joseph Moxey, APHIS' Paperwork Reduction Act Coordinator, at (301) 851–2483; joseph.moxey@usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Federally Recognized State Managed Phytosanitary Program.

OMB Control Number: 0579–0365.

Type of Request: Extension of approval of an information collection.

Abstract: The Plant Protection Act (7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to prohibit or restrict the importation, entry, or interstate movement of plant pests, plants, plant products, or other articles if the Secretary determines that the prohibition or restriction is necessary to prevent a plant pest or noxious weed from being introduced into or disseminated within the United States. This authority has been delegated to the

Animal and Plant Health Inspection Service (APHIS).

As part of this mission, APHIS' Plant Protection and Quarantine program responds to introductions of plant pests to eradicate, suppress, or contain them through various programs to prevent their interstate spread. APHIS' plant pest containment and eradication programs qualify as "official control programs," as defined by the International Plant Protection Convention (IPPC), recognized by the World Trade Organization as the standard-setting body for international plant quarantine issues. Official control is defined as the active enforcement of mandatory phytosanitary regulations and the application of mandatory phytosanitary procedures with the objective of containment or eradication of quarantine pests or for the management of regulated non-quarantine pests. As a contracting party to the IPPC, the United States has agreed to observe IPPC principles as they relate to international trade.

APHIS is aware that individual States enforce phytosanitary regulations and procedures within their borders to address pests of concern, and that those pests are not always also the subject of an APHIS response program or activity. To strengthen APHIS' safeguarding system to protect agriculture and to facilitate agriculture trade through effective management of phytosanitary measures, APHIS initiated the Federally Recognized State Managed Phytosanitary (FRSMP) Program, which establishes an administrative process for granting Federal recognition to certain State-managed official control programs for plant pest eradication or containment and State-managed pest exclusion programs. (The FRSMP Program was previously referred to as the Official Control Program.) Federal recognition of a State's pest control activities will justify actions by Federal inspectors at ports of entry to help exclude pests that are under a phytosanitary program in a destination State. This process involves the use of information collection activities, including the submission of a petition for protocol for quarantine pests of concern, a petition for regulated non-quarantine pests, State cooperative agreements, and audit review annual accomplishment reports.

We are asking the Office of Management and Budget (OMB) to approve these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our

information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 34.7 hours per response.

Respondents: State plant health regulatory officials.

Estimated annual number of respondents: 1.

Estimated annual number of responses per respondent: 7.

Estimated annual number of responses: 7.

Estimated total annual burden on respondents: 243 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 1st day of February 2023.

Anthony Shea

Administrator, Animal and Plant Health Inspection Service.
