Overview of This Information Collection

(1) *Type of Information Collection:* Reinstatement of the Census of Law Enforcement Training Academies, with changes, a previously approved collection for which approval has expired.

(2) *The Title of the Form/Collection:* 2022 Census of Law Enforcement Training Academies (CLETA).

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number for the questionnaire is CJ-52. The applicable component within the Department of Justice is the Bureau of Justice Statistics, in the Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Respondents will include all state and local law enforcement training academies in the United States that provide basic training to law enforcement recruits. BJS has conducted the CLETA regularly since 2002. The 2022 CLETA will be the fifth administration. Historically, the CLETA generates an enumeration of all state and local training academies that provide basic law enforcement training in the United States. The CLETA provides details about the instructors, curricula, resources, and recruits at the approximately 750 training academies operating nationally. The survey asks about the operating entity; resources available to recruits; total operating budget; full-time and part-time instructors or trainers and their education, sworn officer experience, certifications, and ongoing training; sex, race and Hispanic origin, prior educational attainment, and veteran status of recruits starting and completing training; and the length and content of basic training curricula offered at the academy.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* BJS estimates approximately 750 law enforcement academies with a respondent burden of about 2 hours per academy to complete the survey form and about 10 minutes per agency of data quality follow-up time for approximately 450 of those academies.

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 1,575 total burden hours associated with this information collection.

Overview of This Information Collection

1. *Type of Information Collection:* New data collection.
2. *The Title of the Form/Collection:* National Elder Abuse Victim Services Needs Assessment [Form #]
3. *The agency form number:*
4. *Affected public who will be asked or required to respond, as well as a brief abstract:* This information will be solicited from victims of elder abuse, elder justice professionals (e.g., adult

protective services, law enforcement, victim services organizations, etc.) who serve those older victims, representatives of federal agencies with elder justice programming, and family and friends who are oftentimes instrumental in victims’ recovery and have a unique window into the needs of older victims.

Abstract. The Elder Justice Initiative proposes to conduct the first National Elder Abuse Victim Services Needs Assessment, a one-time information collection. The goal of this information collection is to gain insight into how to best meet the service needs of older victims of elder abuse from the initial incident to investigation and prosecution (if any), through to long-term recovery, and separately for each type of elder abuse (physical abuse, psychological abuse, sexual abuse, caregiver neglect, financial exploitation, financial fraud). To accomplish this goal, the Elder Justice Initiative will: (1) conduct national surveys with elder justice professionals and federal staff, and older victims and their family and friends; and (2) conduct a series of focus groups with elder justice professionals and federal staff, and older victims and their family and friends. A targeted

dissemination strategy featuring results and recommendations will aid in elder abuse services program planning.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:*

There are four separate but related information collections: An estimated 1000 elder justice professionals and federal staff with elder justice programming will complete an electronic survey estimated to take 20 minutes to complete per respondent, and an estimated 1500 older victims, their family and friends will complete an electronic survey estimated to take 10 minutes to complete per respondent. Fifteen 90-minute focus groups with elder justice professionals and federal staff, and 15 90-minute focus groups with older victims, their family and friends will consist of not more than 10 participants per focus group, for a total of 300 focus group participants. In total, 2800 individuals will participate in the National Elder Abuse Victim Services Needs Assessment.
