Steel Concrete Reinforcing Bar From the Republic of Turkey, Taiwan, and Japan: Continuation of Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) have determined that revocation of the antidumping duty (AD) orders on steel concrete reinforcing bar (rebar) from the Republic of Turkey (Turkey), Taiwan, and Japan, and the countervailing duty (CVD) order on rebar from Turkey would likely lead to continuation or recurrence of dumping as well as net countervailable subsidies and materials injury to an industry in the United States. Therefore, Commerce is publishing a notice of continuation of these AD and CVD orders.

DATES: Applicable February 10, 2023.

FOR FURTHER INFORMATION CONTACT: Jose Rivera, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0842.

SUPPLEMENTARY INFORMATION:

Background

On June 1, 2022, Commerce published the notice of initiation of the sunset reviews of the AD and CVD orders.¹

¹ See *Initiation of Five-Year (Sunset) Reviews*, 87 FR 33123 (June 1, 2022); see also *Steel Concrete*

Commerce received a notice of intent to participate from the Rebar Trade Action Coalition (RTAC) and its individual members, Nucor Corporation, Gerdau Ameristeel US Inc., Commercial Metals Company, Steel Dynamics, Inc., and Byer Steel (collectively, domestic interested party) within the deadline specified in 19 CFR 351.218(d)(1)(i).²

On June 30, 2022, Commerce received a substantive response from the domestic interested party within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).³ We also received a substantive response from the Government of Turkey (GOT).⁴ However, we did not receive a substantive response from any other respondent interested party in this proceeding, and no party requested a hearing.

On July 21, 2022, Commerce notified the ITC that it did not receive adequate substantive responses from respondent interested parties.⁵ As a result, pursuant to section 751(c)(3)(B) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted expedited (120-day) sunset reviews of the *Orders*.

As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping and subsidization. Therefore, Commerce notified the ITC of the magnitude of the margins and subsidy rates likely to prevail should the *Orders* be revoked, pursuant to sections 751(c), and 752(b)

³ See RTAC's Letters, "Substantive Response to Notice of CVD Sunset Review Initiation," dated June 30, 2022 (RTAC's CVD Substantive Response); "Substantive Response of Domestic Producers to Notice of Initiation," dated June 30, 2022 (Substantive Response Turkey); "Substantive Response of Domestic Producers to Notice of Initiation," dated June 30, 2022 (Substantive Response Taiwan); and "Substantive Response of Domestic Producers to Notice of Initiation," dated June 30, 2022 (Substantive Response Japan).

⁵ See Commerce's Letter, "Sunset Reviews Initiated on June 1, 2022," dated July 21, 2022.

and (c) of the Act.⁶ On January 30, 2023, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁷

Scope of the Orders

The merchandise subject to these *Orders* is steel concrete reinforcing bar imported in either straight length or coil form (rebar) regardless of metallurgy, length, diameter, or grade or lack thereof. Subject merchandise includes deformed steel wire with bar markings (e.g., mill mark, size, or grade) and which has been subjected to an elongation test.

The subject merchandise includes rebar that has been further processed in the subject countries or a third country, including but not limited to cutting, grinding, galvanizing, painting, coating, or any other processing that would not otherwise remove the merchandise from the scope of the *Orders* if performed in the country of manufacture of the rebar.

Specifically excluded are plain rounds (i.e., nondeformed or smooth rebar). Also excluded from the scope is deformed steel wire meeting ASTM A1064/A1064M with no bar markings (e.g., mill mark, size, or grade) and without being subject to an elongation test.

At the time of the filing of the petition, there was an existing CVD order on steel reinforcing bar from the Republic of Turkey. See *Steel Concrete Reinforcing Bar from the Republic of Turkey*, 79 FR 65926 (November 6, 2014) (*2014 Turkey CVD Order*). The scope of this CVD Order with regard to rebar from Turkey covers only rebar produced and/or exported by those companies that are excluded from the *2014 Turkey CVD Order*. At the time of the issuance of the *2014 Turkey CVD Order*, Habas was the only excluded Turkish rebar producer or exporter.

The subject merchandise is classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) primarily under item numbers 7213.10.0000, 7214.20.0000, and 7228.30.8010. The subject merchandise
