Endangered Species; Receipt of Recovery Permit Application

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit application; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, have received an application for a permit to conduct activities intended to enhance the

propagation and survival of an endangered species under the Endangered Species Act. We invite the public and local, State, Tribal, and Federal agencies to comment on this application. Before issuing the requested permit, we will take into consideration any information that we receive during the public comment period.

DATES: We must receive your written comments on or before March 13, 2023.

ADDRESSES: *Document availability and comment submission:* Submit a request for a copy of the application and related documents and submit any comments by one of the following methods. All requests and comments should specify the applicant name and application number (e.g., Dana Ross, ES001705):

- *Email:* permitsR1ES@fws.gov.
- *U.S. Mail:* Marilet Zablan, Regional

Program Manager, Restoration and Endangered Species Classification, Ecological Services, U.S. Fish and Wildlife Service, Pacific Regional Office, 911 NE 11th Avenue, Portland, OR 97232–4181.

FOR FURTHER INFORMATION CONTACT:

Karen Colson, Regional Recovery Permit Program Assistant, Ecological Services, (208) 685–6956 (telephone); permitsR1ES@fws.gov (email).

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service, invite the public to comment on an application for a permit under section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The requested permit would allow the applicant to conduct activities intended to promote recovery of a species that is listed as endangered under the ESA.

Background

With some exceptions, the ESA prohibits activities that constitute take of listed species unless a Federal permit is issued that allows such activity. The ESA’s definition of “take” includes such activities as pursuing, harassing, trapping, capturing, or collecting, in addition to hunting, shooting, harming, wounding, or killing.

A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct

activities with endangered or threatened species for scientific purposes that promote recovery or for enhancement of propagation or survival of the species. These activities often include such prohibited actions as capture and collection. Our regulations implementing section 10(a)(1)(A) for these permits are found in the Code of Federal Regulations (CFR) at 50 CFR 17.22 for endangered wildlife species,

50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Permit Application Available for Review and Comment

Proposed activities in the following permit request are for the recovery and enhancement of propagation or survival of the species in the wild. The ESA

requires that we invite public comment before issuing this permit. Accordingly, we invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to this application. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies.

Application No.	Applicant, city, state	Species	Location	Take activity	Permit action
ES09155B	University of Washington, Seattle, WA.	Mariana crow (<i>Corvus kubaryi</i>).	Island of Rota, Commonwealth of the Northern Mariana Islands.	Harass by survey, monitor, capture, band, collect morphometrics, bio-sample, radio-tag, conduct playback surveys, record calls, and salvage.	Renew and amend.

Public Availability of Comments

Written comments we receive become part of the administrative record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Next Steps

If we decide to issue an amended permit to the applicant listed in this notice, we will publish a notice in the **Federal Register**.

Authority

We publish this notice under section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Marilet A. Zablan,

Regional Program Manager for Restoration and Endangered Species Classification, Pacific Region.

Application for an Enhancement of Survival Permit; N.M. Ranch Properties, Inc (Armendaris Ranch) Bolson Tortoise Safe Harbor Agreement; Socorro and Sierra Counties, New Mexico

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have prepared a draft environmental assessment (EA) on the proposed *N.M. Ranch Properties, Inc. (Armendaris Ranch) Bolson Tortoise Safe Harbor Agreement* (SHA) in Socorro and Sierra Counties, New Mexico. New Mexico Ranch Properties, Inc (applicant) submitted the SHA in support of an application for an enhancement of survival permit (permit) under the Endangered Species Act. If approved, the requested permit would authorize incidental take of the Bolson tortoise that would allow a return to the baseline population condition (*i.e.*, zero free ranging tortoises/zero baseline) at the conclusion of the permit or sooner. Conservation and management activities for the Bolson tortoise are integral to meeting the SHA's net conservation benefit standard as well as ongoing and future activities on the enrolled property during the 50-year permit term. With this notice, we announce the availability for public comment of the SHA application, as well as the draft environmental assessment (EA), which

has been prepared in accordance with the requirements of the National Environmental Policy Act (NEPA).

DATES: We will accept comments received on or before March 13, 2023.

ADDRESSES: *Obtaining documents:* You may obtain copies of the SHA, draft EA, or other related documents on the internet at <https://www.fws.gov/office/new-mexico-ecological-services>.

Submitting comments: You may submit written comments by email to nmesfo@fws.gov. Please note which document(s) your comment references. For more information, see Public Availability of Comments.

FOR FURTHER INFORMATION CONTACT: Shawn Sartorius, Field Supervisor, U.S. Fish and Wildlife Service, Albuquerque, New Mexico, Ecological Services Office; telephone (505) 346-2525 or (800) 299-0196. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), make available for public review the *N.M. Ranch Properties, Inc. (Armendaris Ranch) Bolson Tortoise Safe Harbor Agreement* (SHA) in Socorro and Sierra Counties, New Mexico, and associated draft environmental assessment (EA). N.M. Ranch Properties, Inc. (applicant) has applied for an enhancement of survival permit (permit) supported by the proposed SHA. If approved, the requested 50-year permit would authorize incidental take of the Bolson
