As part of this plan, the Commission required that by October 7, 1997, local exchange carriers were to provide payphone-specific coding digits to PSPs, and that PSPs were to provide those digits from their payphones to interexchange carriers. The provision of payphone-specific coding digits was a prerequisite to payphone per-call compensation payments by IXC to PSPs for subscriber 800 and access code calls. The Commission's Wireline

Competition Bureau subsequently provided a waiver until March 9, 1998, for those payphones for which the necessary coding digits were not provided to identify calls. The Bureau also on that date clarified the requirements established in the Payphone Orders for the provision of payphone-specific coding digits and for tariffs that LECs must file pursuant to the Payphone Orders.

##### I. Comments

FHFA seeks public comments on a new system of records and will take all comments into consideration. See 5 U.S.C. 552a(e)(4) and (11). In addition to referencing “Comments/No. 2023-N-2,” please reference “FHFA-30, Advisory Committee Manager System.”

FHFA will make all comments timely received available for examination by the public through the electronic comment docket for this notice, which is located on the FHFA website at <https://www.FHFA.gov>. All comments received will be posted without change and will include any personal information you provide, such as name, address (mailing and email), telephone numbers, and any other information you provide.

##### II. Introduction

This notice informs the public of FHFA’s proposal to establish and

maintain a new system of records. This notice satisfies the Privacy Act requirement that an agency publishes a system of records notice in the **Federal Register** when establishing a new or making a significant change to an agency’s system of records. Congress has recognized that application of all requirements of the Privacy Act to certain categories of records may have an undesirable and often unacceptable effect upon agencies in the conduct of necessary public business. Consequently, Congress established general exemptions and specific exemptions that could be used to exempt records from provisions of the Privacy Act. Congress also required that exempting records from provisions of the Privacy Act would require the head of an agency to publish a determination to exempt a record from the Privacy Act as a rule in accordance with the Administrative Procedure Act. Records and information in this system of records are not exempt from the requirements of the Privacy Act.

As required by the Privacy Act, 5 U.S.C. 552a(r), and pursuant to section 7 of Office of Management and Budget (OMB) Circular No. A-108, “*Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act*”, prior to publication of this notice, FHFA submitted a report describing the system of records covered by this notice to the OMB, the Committee on Oversight and Government Reform of the House of Representatives, and the Committee on Homeland Security and Governmental Affairs of the Senate.

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, FHFA proposes two new routine uses for this system, in addition to the general routine uses applicable to this system and described below. First, FHFA may disclose information to the Library of Congress, OMB, Executive Office of the President, or General Services Administration, when necessary and relevant to FHFA’s management of the advisory committee, including FHFA’s consideration of applicants for membership on an advisory committee, or to comply with any obligations to report information about advisory committees. This use is compatible with the purpose of the collection, which is to administer advisory committees in accordance with the Federal Advisory Committee Act. Second, FHFA may disclose information from this system to the public to inform the public about the identity and qualifications of individuals selected to serve as members of advisory committees. As one of the purposes of the Federal Advisory Committee Act is
