SUPPLEMENTARY INFORMATION:

A. Purpose

The General Services Administration routinely hires, reassigns, promotes or transfers Federal employees to duty stations in foreign areas (*i.e.*, outside of the United States and its territories and possessions). Under the Administrative Expenses Act of 1946 (60 Stat. 808), as amended, agencies are permitted to use appropriated funds to pay for the various costs incurred for permanent change of station (PCS) to the foreign area (see further 5 U.S.C. 5722 *et. seq.*). Such costs include: (1) travel expenses of the new appointee (or employee) and transportation expenses of his or her immediate family and his household goods and personal effects from the place of actual residence at the time of appointment to the place of employment outside the continental United States; (2) these expenses on the return of an employee from his post of duty outside the continental United States to the place of his actual residence at the time of assignment to duty outside the continental United States; and (3) the expenses of transporting a privately owned motor vehicle as authorized under 5 U.S.C. 5727(c). Under this authority, in return for this travel and transportation benefit, the appointee (or employee) must remain in the agency's service for 12 months (1 year). More information concerning this statutory requirement is found within the GSA Government Travel Regulations at 41 CFR part 302-3, subpart F.

In order to more effectively memorialize the agency costs incurred, and the appointee's (or employee's) resulting service obligation, GSA has re-developed its existing form GSA 5040. The intent is for this form to be used: (1) as an information collection device to memorialize compensation, foreign allowance, and travel and transportation benefits provided, and (2) as an enforceable service agreement for PCS travel and transportation costs, pursuant to the Federal Claims Collection Act of 1966 and the Debt Collection Act

Amendments of 1996 (see further 31 U.S.C. 3711 *et. seq.*)
