DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS–2021–0016]

Notice of Decision To Authorize the Importation of Fresh Mango (*Mangifera indica* L.) Fruit From Grenada Into the United States

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice.

SUMMARY: We are advising the public of our decision to authorize the importation into the United States of fresh mango (*Mangifera indica* L.) fruit from Grenada. Based on the findings of a pest risk analysis, which we made available to the public for review and comment through a previous notice, we have determined that the application of one or more designated phytosanitary measures will be sufficient to mitigate the risks of introducing or disseminating plant pests or noxious weeds via the importation of fresh mango (*Mangifera indica* L.) fruit from Grenada.

DATES: Imports may be authorized beginning February 15, 2023.

FOR FURTHER INFORMATION CONTACT: Mr. Marc Phillips, Senior Regulatory Policy Specialist, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737–1231; (301) 851–2114; Marc.Phillips@usda.gov.

SUPPLEMENTARY INFORMATION:

Background

Under the regulations in “Subpart L—Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–12, referred to below as the regulations), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture (USDA) prohibits or restricts the importation of fruits and vegetables into the United States from certain parts of the world to prevent plant pests from being introduced into and spread within the United States.

Section 319.56–4 of the regulations contains a performance-based process for approving the importation of commodities that, based on the findings of a pest risk analysis, can be safely imported subject to one or more of the

designated phytosanitary measures listed in paragraph (b) of that section. Under that process, APHIS proposes to authorize the importation of a fruit or vegetable into the United States if, based on findings of a pest risk analysis, we determine that the measures can mitigate the plant pest risk associated with the importation of that fruit or vegetable. APHIS then publishes a notice in the **Federal Register** announcing the availability of the pest risk analysis that evaluates the risks associated with the importation of a particular fruit or vegetable. Following the close of the 60-day comment period, APHIS will issue a subsequent **Federal Register** notice announcing whether or not we will authorize the importation of the fruit or vegetable subject to the phytosanitary measures specified in the notice.

In accordance with that process, we published a notice¹ in the **Federal Register** on September 9, 2021 (86 FR 50524, Docket No. APHIS–2021–0016), in which we announced the availability, for review and comment, of a pest risk analysis that evaluated the risks associated with the importation of fresh mango (*Mangifera indica* L.) fruit from Grenada into the United States. The pest risk analysis consisted of a risk assessment identifying pests of quarantine significance that could follow the pathway of importation of fresh mango (*Mangifera indica* L.) fruit from Grenada into the United States and a commodity import evaluation document (CIED) identifying phytosanitary measures to be applied to that commodity to mitigate the pest risk.

We solicited comments on the notice for 60 days ending on November 8, 2021. We received one comment by that date, and it was favorable.

Therefore, in accordance with the regulations in § 319.56–4(c)(3)(iii), we are announcing our decision to authorize the importation of fresh mango (*Mangifera indica* L.) fruit from Grenada into the United States subject to the phytosanitary measures identified in the CIED that accompanied the initial notice.

These conditions will be listed in the USDA, APHIS Agricultural Commodity Import Requirements (ACIR) database (<https://acir.aphis.usda.gov/s/>).² In addition to these specific measures, each shipment must be subject to the general requirements listed in § 319.56–

¹ To view the notice, the pest risk analysis, other supporting documents, and the comment we received, go to www.regulations.gov. Enter APHIS–2021–0016 in the Search field.

² On September 30, 2022, the APHIS Fruits and Vegetables Import Requirements (FAVIR) database was replaced by the ACIR database.

3 that are applicable to the importation of all fruits and vegetables.

Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the recordkeeping and burden requirements associated with this action are included under the Office of Management and Budget (OMB) control number 0579–0049.

E-Government Act Compliance

The Animal and Plant Health Inspection Service is committed to compliance with the E-Government Act to promote the use of the internet and other information technologies, to provide increased opportunities for citizen access to Government information and services, and for other purposes. For information pertinent to E-Government Act compliance related to this notice, please contact Mr. Joseph Moxey, APHIS’ Paperwork Reduction Act Coordinator, at (301) 851–2483.

Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), the Office of Information and Regulatory Affairs designated this action as not a major rule, as defined by 5 U.S.C. 804(2).

Authority: 7 U.S.C. 1633, 7701–7772, and 7781–7786; 21 U.S.C. 136 and 136a; 7 CFR 2.22, 2.80, and 371.3.

Done in Washington, DC, this 9th day of February 2023.

Anthony Shea,

Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410–34–P

DEPARTMENT OF AGRICULTURE

Farm Service Agency

[Docket ID FSA–2023–0002]

Information Collection Request; Inventory Property Management

AGENCY: Farm Service Agency, USDA.

ACTION: Notice; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Farm Service Agency (FSA) is requesting comments from all interested individuals and organizations on an extension with a revision of a current information collection request for Inventory Property Management. For Inventory Property Management, the collected information is used to evaluate applicant requests to purchase inventory property, determine eligibility to lease or purchase inventory property,

and ensure the payment of the lease amount or purchase amount associated with the acquisition of inventory property.

DATES: We will consider comments that we receive by April 17, 2023.

ADDRESSES: We invite you to submit comments on the notice. You may submit comments by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://regulations.gov> and search for docket ID FSA–2023–0002. Follow the online instructions for submitting comments.
- *Mail:* Lee Nault, Loan Servicing and Properties Management Division, USDA, FSA, Farm Loan Programs, 1400 Independence Ave. SW, Mail Stop 0523, Washington, DC 20250–00523.

Comments will be available for inspection online at <http://www.regulations.gov>. Copies of the information collection may be requested by contacting Lee Nault (see **FOR FURTHER INFORMATION CONTACT** below). You may also send comments to the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Lee Nault, (202) 720–6834; email: Lee.Nault@usda.gov. Persons with disabilities who require alternative means for communication should contact the USDA Target Center at (202) 720–2600 (voice).

SUPPLEMENTARY INFORMATION:

Description of Information Collection Request

Title: Inventory Property Management.

OMB Number: 0560–0234.

Expiration Date of Approval: 06/30/2023.

Type of Request: Revision.

Abstract: FSA's Farm Loan Programs provide supervised credit in the form of loans to family farmers to purchase real estate and equipment and finance agricultural production. Inventory Property Management, as specified in 7 CFR part 767, provides the requirements for the management, lease, and sale of security property acquired by FSA. FSA may take title to real estate as part of dealing with a problem loan either by entering a winning bid to protect its interest at a foreclosure sale, or by accepting a deed of conveyance in lieu of foreclosure. Information collections established in the regulation are necessary for FSA to determine an applicant's eligibility to lease or purchase inventory property and to ensure the applicant's ability to make

payment on the lease or purchase amount.

The number of responses and burden hours decreased by 79 and 46, respectively. While the overall number of inventory properties on hand increased 4.76% from the last collection, the decrease in responses and burden hours is due to a reduction in the estimated number of inventory properties that will be sold annually. The number projected to be sold has been revised downward due to the current suspension of foreclosures for direct FLP loans and anticipated significantly decreased rate at which new properties are acquired by FSA. Additionally, sales are managed in order to not flood the market and usage of forms should stay consistent.

For the following estimated total annual burden on respondents, the formula used to calculate the total burden hour is the estimated average time per responses hours multiplied by the estimated total annual responses.

Estimate of Average Time to Respond: Public reporting burden for this collection of information is estimated to average 0.56 hours per response.

Type of Respondents: Individuals or households, business, or other for-profit farms.

Estimated Annual Number of Respondents: 160.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Responses: 160.

Estimated Average Time per Responses: 0.56 hours.

Estimated Total Annual Burden on Respondents: 90 hours.

We are requesting comments on all aspects of this information collection to help us to:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of FSA, including whether the information will have practical utility;

(2) Evaluate the accuracy of FSA's estimate of burden including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected;

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice, including names and addresses when provided, will be summarized and included in the request for OMB approval. All

comments will also become a matter of public record.

Zach Ducheneaux,

Administrator, Farm Service Agency.

BILLING CODE 3411–25–P

DEPARTMENT OF AGRICULTURE

Forest Service

Information Collection: Special Use Administration

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Forest Service is seeking comments from all interested individuals and organizations on the extension (with no revision) of a currently approved information collection, Standard Form–299 (SF–299) Application for Transportation, Utility Systems, Telecommunications and Facilities on Federal Lands and Property.

DATES: Comments must be received in writing on or before April 17, 2023 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

ADDRESSES: Comments concerning this notice should be addressed to USDA Forest Service, Attention: Lands—Special Uses, 1400 Independence Avenue SW, Stop 1124, Washington, DC 20250–1124. Comments also may be submitted via facsimile to 202–644–4700 or by email to reply_lands_staff@usda.gov. All comments, including names and addresses when provided, will be placed in the record and will be available for public inspection and copying. The public may review comments on the Forest Service forms *web page* at <https://www.fs.usda.gov/managing-land/lands-realty-management/forms>. Comments will be summarized in the Forest Service's request for Office of Management and Budget approval of the information collection for special uses and will be addressed in a **Federal Register** Notice of the final revisions to the approved information collection.
