

add certain rule text changes that were prematurely removed from Equity 2 Section 5(a)(2) and Section 11(a). Furthermore, as discussed above, the Exchange has represented that no Market Maker has been affected by the distinction between Primary and Supplemental MPIDs because the Exchange has eliminated the distinction between Primary and Supplemental MPIDs, and no market maker has terminated registration or attempted to re-register in a security since the Initial Filing became operative on January 2, 2023. Therefore, the Exchange does not expect reinserting the proposed rule text to place any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁰

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the operative delay so that the proposal may become operative upon filing in order to permit the Exchange to immediately reflect rules that align with Nasdaq's current system capabilities until Nasdaq system updates are completed. The Commission thus believes that waiver of the operative delay is consistent with the protection of investors and the public interest. Accordingly, the

Commission hereby waives the operative delay and designates the proposal operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act.
