Abstract: The New Source Performance Standards (NSPS) for Sewage Sludge Treatment Plants (40 CFR part 60, subpart O) were proposed on August 17, 1971; promulgated on December 23, 1971; and most-recently amended on February 27, 2014. These regulations apply to each incinerator which either combusts wastes that contain more than 10 percent sewage sludge (dry basis) produced by municipal sewage treatment plants or each incinerator which charges more than 1,000 kg (2,205 lb) per day municipal sewage sludge (dry basis). New facilities include those that either commenced construction, modification, or reconstruction after the date of proposal. These standards set emission limitation for particulate matter (PM). This information is being collected to assure compliance with 40 CFR part 60, subpart O.

In general, all NESHAP standards require initial notifications, performance tests, and periodic reports by owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notification, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NSPS.

Form Numbers: None.
Respondents/affected entities: Sewage sludge treatment plants.

Respondent's obligation to respond: Mandatory (40 CFR part 60, subpart O).

Estimated number of respondents: 103 facilities (total).

Frequency of response: Initially, occasionally, and semiannually.

Total estimated burden: 12,000 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$5,250,000 (per year), which includes \$3,810,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is an adjustment increase in the total estimated burden as currently identified in the OMB Inventory of Approved Burdens. The adjustment increase in burden from the most-recently approved ICR is due to more accurate estimates of existing and anticipated new sources. There is an increase in the capital and O&M costs due to the updated estimates of existing and anticipated new sources.

Director, Regulatory Support Division.

FEDERAL TRADE COMMISSION**Agency Information Collection Activities; Proposed Collection; Comment Request; Extension****AGENCY:** Federal Trade Commission.**ACTION:** Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 ("PRA"), the Federal Trade Commission ("FTC" or "Commission") is seeking public comment on its proposal to extend for an additional three years the Office of Management and Budget clearance for information collection requirements in its Fair Credit Reporting Risk-Based Pricing Regulations ("Risk-Based Pricing Rule" or "Rule"), which applies to certain motor vehicle dealers, and its shared enforcement with the Consumer Financial Protection Bureau ("CFPB") of the risk-based pricing provisions (Subpart H) of the CFPB's Regulation V regarding other entities. SUPPLEMENTARY INFORMATION:

Title of Collection: Fair Credit Reporting Risk-Based Pricing Regulations, 16 CFR part 640.

OMB Control Number: 3084-0145.

Type of Review: Extension without change of currently approved collection.

Abstract: The Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act”) was enacted on July 21, 2010.¹ The Dodd-Frank Act transferred to the CFPB most of the FTC’s rulemaking authority for the risk-based pricing provisions of the Fair Credit Reporting Act (“FCRA”),² on July 21, 2011.³ After the enactment of the Dodd-Frank Act, the FTC retains rulemaking authority for its Risk-Based Pricing Rule (16 CFR part 640) solely for motor vehicle dealers described in section 1029(a) of the Dodd-Frank Act that are predominantly engaged in the sale and servicing of motor vehicles, the leasing and servicing of motor vehicles, or both.⁴ The FTC shares enforcement authority with the CFPB for provisions of Regulation V Subpart H (12 CFR 1022.70-1022.75) that apply to entities other than motor vehicle dealers described above.

The Risk-Based Pricing Rule and the CFPB’s Regulation V require that a creditor provide a risk-based pricing notice to a consumer when the creditor uses a consumer report to grant or extend credit to the consumer on

material terms that are materially less favorable than the most favorable terms available to a substantial proportion of consumers from or through that creditor.⁵ Additionally, these provisions require disclosure of credit scores and information relating to credit scores in risk-based pricing notices if a credit score of the consumer is used in setting the material terms of credit.

Affected Public: Private Sector: Businesses and other for-profit entities.

Estimated Annual Burden Hours: 8,951,460.

Estimated Annual Labor Costs: \$179,566,288.

As required by section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), the FTC is providing this opportunity for public comment before requesting that OMB extend the existing clearance for the information collection requirements contained in the Risk-Based Pricing Rule.

Burden Statement

The Commission estimates that approximately 238,346 entities are covered by the FTC and CFPB Rules,⁶ including 60,036 motor vehicle dealers that are subject to exclusive FTC jurisdiction.⁷ The FTC assumes the full burden for the motor vehicle dealers subject to its exclusive jurisdiction and shares burden for the remaining entities subject to both CFPB and FTC enforcement authority. Accordingly, as

⁶ See NAICS Association, LLC, *NAICS Code Drill-Down Table*, available at <https://www.naics.com/search/> (the categories of covered entities include “Furniture and Home Furnishings Retailers,” “Electronics and Appliance Retailers,” “Automobile Dealers,” “Other Motor Vehicle Dealers,” “Consumer Lending,” and “Utilities”) (last visited Feb. 8, 2023). The estimate also includes state-chartered credit unions, which are subject to the Commission’s jurisdiction. See 15 U.S.C. 1681s. For the latter category, Commission staff relied on estimates from the Credit Union National Association for the number of non-federal credit unions. See National Credit Union Administration, 2022q3 Call Report Data: Federally Insured Credit Unions, <https://ncua.gov/files/publications/analysis/federally-insured-credit-union-list-september-2022.zip> (Sep. 2022).

This total is based on estimates that there are 46,569 franchise/new car and independent/used car dealers in the U.S., as well as 2,806 recreational vehicle dealers, 4,141 boat dealers, and 6,520 ATV/other motor vehicle dealers.

an analytical framework, the FTC estimates burden pertaining to respondents over which both agencies have shared enforcement authority, divides the resulting total by one-half to reflect the FTC’s shared burden, and adds to the resulting subtotal the estimated burden for motor vehicle dealers over which the FTC retains exclusive rulemaking and enforcement authority.

This yields a total of 149,191 respondents for whom the FTC accounts for burden (60,036 motor vehicle dealers plus one-half (*i.e.*, 89,155) of the remaining 178,310 entities subject to shared FTC-CFPB jurisdiction). The FTC estimates that covered entities spend approximately 60 hours per year to comply with the Rule’s requirements. As a result, the FTC estimates that the total burden hours attributable to FTC requirements are 8,951,460 hours (149,161 respondents × 60 hours).

Labor costs are derived by applying estimated hourly cost figures to the burden hours described above. The FTC assumes that respondents will use correspondence clerks, at a mean hourly wage of \$20.06,⁸ to modify and distribute notices to consumers, for a cumulative labor cost total of \$179,566,288 (8,951,460 hours × \$20.06 per hour).

The FTC believes that the FTC and CFPB rules impose negligible capital or other non-labor costs, as the affected entities are likely to have the necessary supplies and/or equipment already (*e.g.*, offices and computers) for the information collections discussed above.

Request for Comment

Pursuant to section 3506(c)(2)(A) of the PRA, the FTC invites comments on: (1) whether the disclosure and recordkeeping requirements are necessary, including whether the information will be practically useful; (2) the accuracy of our burden estimates, including whether the methodology and assumptions used are valid; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

National Vaccine Injury Compensation Program; List of Petitions Received

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: HRSA is publishing this notice of petitions received under the National Vaccine Injury Compensation Program (the Program), as required by the Public Health Service (PHS) Act, as amended. While the Secretary of HHS is named as the respondent in all proceedings brought by the filing of petitions for compensation under the Program, the United States Court of Federal Claims is charged by statute with responsibility for considering and acting upon the petitions.

FOR FURTHER INFORMATION CONTACT: For information about requirements for filing petitions, and the Program in general, contact Lisa L. Reyes, Clerk of Court, United States Court of Federal Claims, 717 Madison Place NW, Washington, DC 20005, (202) 357-6400.

For information on HRSA's role in the Program, contact the Director, National Vaccine Injury Compensation Program, 5600 Fishers Lane, Room 08N146B, Rockville, Maryland 20857; (301) 443-6593, or visit our website at: <http://www.hrsa.gov/vaccinecompensation/index.html>.

SUPPLEMENTARY INFORMATION: The Program provides a system of no-fault compensation for certain individuals who have been injured by specified childhood vaccines. Subtitle 2 of Title XXI of the PHS Act, 42 U.S.C. 300aa-10 *et seq.*, provides that those seeking compensation are to file a petition with the United States Court of Federal Claims and to serve a copy of the petition to the Secretary of HHS, who is named as the respondent in each proceeding. The Secretary has delegated this responsibility under the Program to HRSA. The Court is directed by statute to appoint special masters who take evidence, conduct hearings as appropriate, and make initial decisions as to eligibility for, and amount of, compensation.

A petition may be filed with respect to injuries, disabilities, illnesses, conditions, and deaths resulting from vaccines described in the Vaccine Injury Table (the Table) set forth at 42 CFR 100.3. This Table lists for each covered childhood vaccine the conditions that may lead to compensation and, for each condition, the time period for occurrence of the first symptom or manifestation of onset or of significant aggravation after vaccine administration. Compensation may also be awarded for conditions not listed in the Table and for conditions that are manifested outside the time periods specified in the Table, but only if the petitioner shows that the condition was caused by one of the listed vaccines.

Section 2112(b)(2) of the PHS Act, 42 U.S.C. 300aa-12(b)(2), requires that "[w]ithin 30 days after the Secretary receives service of any petition filed under section 2111 the Secretary shall publish notice of such petition in the **Federal Register**." Set forth below is a list of petitions received by HRSA on January 1, 2023, through January 31, 2023. This list provides the name of the petitioner, city, and state of vaccination (if unknown then the city and state of the person or attorney filing the claim), and case number. In cases where the Court has redacted the name of a petitioner and/or the case number, the list reflects such redaction.

Section 2112(b)(2) also provides that the special master "shall afford all interested persons an opportunity to
