

the Eastern Planning Area, with the following exclusions: (1) whole and portions of blocks withdrawn from leasing by Presidential withdrawal in the September 8, 2020, *Memorandum on the Withdrawal of Certain Areas of the United States Outer Continental Shelf from Leasing Disposition*; (2) blocks that are adjacent to or beyond the United States Exclusive Economic Zone in the area known as the northern portion of the Eastern Gap; (3) whole and partial blocks within the boundary of the Flower Garden Banks National Marine Sanctuary as of the July 14, 2008, *Memorandum on Modification of the Withdrawal of Areas of the United States Outer Continental Shelf from Leasing Disposition*; (4) whole and partial blocks that would otherwise have been subject to the Topographic Features Stipulation; (5) whole and partial blocks that would otherwise have been subject to the Live Bottom (Pinnacle Trend) Stipulation; (6) whole and partial blocks that otherwise would have been subject to the Blocks South of Baldwin County, Alabama, Stipulation; (7) draft and final identified Wind Energy Areas; (8) designated Significant Sediment Resource Area blocks; and (9) Depth-restricted, segregated block portions (Block 299, Main Pass Area, South and East Addition). The excluded blocks are identified by their block number in the Final Notice of Sale for Lease Sale 259. The lease sale area encompasses approximately 13,600 OCS blocks covering approximately 73.3 million acres. The unleased OCS blocks that BOEM will offer for lease are listed in the document entitled "Lease Sale Area," which is included in the Final Notice of Sale package for GOM Lease Sale 259.

As part of the decision to hold GOM Lease Sale 259, all practicable means to avoid or minimize environmental harm at the lease sale stage are being adopted. In addition, post-lease activities (e.g., exploration and development plans), which may be expected as a result of GOM Lease Sale 259, will undergo additional environmental review and may include additional project-specific mitigation measures applied as conditions of individual plan approvals. The various mitigation measures adopted for the lease sale, and those that may be applied during post-lease reviews, are summarized below.

**Lease Stipulations**—Because the OCS blocks that otherwise were proposed to be subject to the Topographic Features Stipulation; Live Bottom (Pinnacle Trend) Stipulation; and Blocks South of Baldwin County, Alabama, Stipulation have all been removed from leasing under the chosen alternative, these

stipulations will not be applied to leases. Eight lease stipulations have been adopted as lease terms where applicable, and they will be enforceable as part of the leases issued. The GOM Lease Sale 259 and 261 Supplemental EIS describes these lease stipulations, which are included in the Final Notice of Sale Package. These lease stipulations include the following: Military Areas; Evacuation; Coordination; Protected Species; United Nations Convention on the Law of the Sea Royalty Payment; Agreement between the United States of America and the United Mexican States Concerning Transboundary Hydrocarbon Reservoirs in the Gulf of Mexico; Restrictions Due to Rights-of-Use and Easements for Floating Production Facilities; and Royalties on All Produced Gas.

**Post-Lease Measures**—Appendix B of the *Gulf of Mexico OCS Oil and Gas Lease Sales: 2017–2022; Gulf of Mexico Lease Sales 249, 250, 251, 252, 253, 254, 256, 257, 259, and 261—Final Multisale Environmental Impact Statement* provides a list and description of standard post-lease conditions of approval that BOEM or the Bureau of Safety and Environmental Enforcement may require as a result of their plan and permit review processes for the Gulf of Mexico OCS region.

The decision to hold GOM Lease Sale 259 meets the purpose of and need for the proposed action, as identified in the GOM Lease Sales 259 and 261 Supplemental EIS and provides for orderly resource development with protection of human, marine, and coastal environments while also ensuring that the public receives a fair market value for these resources and that free-market competition is maintained.

**Authority:** 42 U.S.C. 4321 *et seq.* (National Environmental Policy Act) and 40 CFR parts 1505 and 1506.

### Quarterly Status Report of Water Service, Repayment, and Other Water-Related Contract Actions

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of contract actions.

**SUMMARY:** Notice is hereby given of contractual actions that have been proposed to the Bureau of Reclamation (Reclamation) and are new, discontinued, or completed since the last publication of this notice. This notice is one of a variety of means used to inform the public about proposed contractual actions for capital recovery and management of project resources and facilities consistent with section 9(f) of the Reclamation Project Act of 1939. Additional announcements of individual contract actions may be published in the **Federal Register** and in newspapers of general circulation in the areas determined by Reclamation to be affected by the proposed action.

**ADDRESSES:** The identity of the approving officer and other information pertaining to a specific contract proposal may be obtained by calling or writing the appropriate regional office at the address and telephone number given for each region in the **SUPPLEMENTARY INFORMATION** section of this notice.

**FOR FURTHER INFORMATION CONTACT:** Michelle Kelly, Reclamation Law Administration Division, Bureau of Reclamation, P.O. Box 25007, Denver, Colorado 80225–0007; [mkelly@usbr.gov](mailto:mkelly@usbr.gov); telephone 303–445–2888.

**SUPPLEMENTARY INFORMATION:** Consistent with section 9(f) of the Reclamation Project Act of 1939, and the rules and regulations published in 52 FR 11954, April 13, 1987 (43 CFR 426.22), Reclamation will publish notice of proposed or amendatory contract actions for any contract for the delivery of project water for authorized uses in newspapers of general circulation in the affected area at least 60 days prior to contract execution. Announcements may be in the form of news releases, legal notices, official letters, memorandums, or other forms of written material. Meetings, workshops, and/or hearings may also be used, as appropriate, to provide local publicity. The public participation procedures do not apply to proposed contracts for the sale of surplus or interim irrigation water for a term of 1 year or less. Either of the contracting parties may invite the public to observe contract proceedings. All public participation procedures will be coordinated with those involved in complying with the National Environmental Policy Act. Pursuant to the "Final Revised Public Participation Procedures" for water resource-related contract negotiations, published in 47 FR 7763, February 22, 1982, a tabulation is provided of all proposed contractual actions in each of the five Reclamation

regions. When contract negotiations are completed, and prior to execution, each proposed contract form must be approved by the Secretary of the Interior, or pursuant to delegated or redelegated authority, the Commissioner of Reclamation or one of the regional directors. In some instances, congressional review and approval of a report, water rate, or other terms and conditions of the contract may be involved.

Public participation in and receipt of comments on contract proposals will be facilitated by adherence to the following procedures:

1. Only persons authorized to act on behalf of the contracting entities may negotiate the terms and conditions of a specific contract proposal.
  2. Advance notice of meetings or hearings will be furnished to those parties that have made a timely written request for such notice to the appropriate regional or project office of Reclamation.
  3. Written correspondence regarding proposed contracts may be made available to the general public pursuant to the terms and procedures of the Freedom of Information Act, as amended.
  4. Written comments on a proposed contract or contract action must be submitted to the appropriate regional officials at the locations and within the time limits set forth in the advance public notices.
  5. All written comments received and testimony presented at any public hearings will be reviewed and summarized by the appropriate regional office for use by the contract approving authority.
  6. Copies of specific proposed contracts may be obtained from the appropriate regional director or his or her designated public contact as they become available for review and comment.
  7. In the event modifications are made in the form of a proposed contract, the appropriate regional director shall determine whether republication of the notice and/or extension of the comment period is necessary.
- Factors considered in making such a determination shall include, but are not limited to, (i) the significance of the modification, and (ii) the degree of public interest which has been expressed over the course of the negotiations. At a minimum, the regional director will furnish revised contracts to all parties who requested the contract in response to the initial public notice.

13. Jack D. Brown, BCP, California: Terminate contract No. 7–07–30–W0149 for delivery of Colorado River water under Present Perfected Right No. 38 as described in the 2006 Consolidated Decree in *Arizona v. California*, 547 U.S. 150.

14. Palms River Resort, Inc., BCP, California: Offer a contract to the current landowner for delivery of Colorado River water under Present Perfected Right No. 38 as described in the 2006 Consolidated Decree in *Arizona v. California*, 547 U.S. 150.

15. City of Needles, BCP, California: Approve a new point of diversion under contract No. 05–XX–30–W0445, as amended, dated March 16, 2007, and contract No. 2–07–30–W0280, as

amended, dated July 3, 2002, and revise the necessary exhibits of the above-referenced contracts to add an additional point of diversion.

16. GSC Farm, LLC, and the Town of Queen Creek, Arizona; BCP; Arizona: Enter into a proposed partial assignment and transfer of Arizona fourth-priority Colorado River water in the amount of 2,033.01 acre-feet per year from GSC to Queen Creek, amend GSC's Colorado River water delivery contract No. 13–XX–30–W0571 to decrease their Colorado River water entitlement from 2,913.3 to 69.93 acre-feet per year, enter into Colorado River water delivery contract No. 20–XX–30–W0689 with Queen Creek for 2,033.01 acre-feet per year of Arizona fourth-priority Colorado River water entitlement, and enter into a wheeling agreement between the United States and Queen Creek for the wheeling of non-project water to be transported through the CAP for the use or benefit of Queen Creek.

17. Mohave Water Conservation District and the City of Bullhead City, Arizona; BCP; Arizona: Enter into a proposed contract No. 9–07–30–W0012, assignment of Arizona fourth-priority Colorado River water entitlement in the amount of 1,800 acre-feet per year from the District to Bullhead City and amend Bullhead City's Colorado River water delivery contract No. 2–07–30–W0273 to increase their Colorado River water entitlement from 15,210 to 17,010 acre-feet per year and increase the Bullhead City contract service area to include the District's land that previously received Colorado River water pursuant to contract No. 9–07–30–W0012.

18. Gila Monster Farms Partnership, LLC; BCP; Arizona: Proposed partial assignment of contract No. 6–07–30–W0337 providing for the transfer of ownership of 480 acres within the contract service area to Tama Land Pacific, LLC, and transfer of associated Colorado River water in the appropriate quantity and priority associated with the land purchased. Amend Gila Monster Farms Partnership, LLC Colorado River water delivery contract No. 6–07–30–W0337 to decrease its Colorado River water entitlement commensurate with the partial assignment.

19. Western Water, LLC and Cibola Valley IDD, BCP, Arizona: Approve an amendment of Western's contract service area under their contract No. 16–XX–30–W0619, as amended (Western Contract), to include the previously excluded parcels of land; namely, the eastern halves of Assessor Parcel Nos. 301–08–003C and 301–08–003D. The inclusion of these lands within the Western Contract service area will make

these lands eligible to receive Arizona fourth-priority Colorado River water from Western. Western has an Arizona fourth-priority Colorado River water entitlement under the Western Contract for an annual diversion of 536.48 acre-feet of Colorado River water for irrigation use within the Western Contract service area. Additionally, Reclamation will amend the District's contract service area under their contract to exclude Western lands. The exclusion of the Western lands from the District's contract service area will make the Western lands ineligible to receive Arizona fourth-, fifth-, and/or sixth-priority water from the District. The District's boundary will remain the same.

20. Gold Standard Mines Corp., BCP, Arizona: Termination of contract No. 3-07-30-W0038 for delivery of Colorado River water for use in Arizona.

## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–679 and 731–TA–1585 (Final)]

### Sodium Nitrite From India

#### Determination

On the basis of the record<sup>1</sup> developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of sodium nitrite from India, provided for in subheading 2834.10.10 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”), and to be subsidized by the government of India.<sup>2</sup>

#### Background

The Commission instituted these investigations effective January 13, 2022, following receipt of petitions filed with the Commission and Commerce by Chemtrade Chemicals US LLC, Parsippany, New Jersey. The Commission established a general schedule for the conduct of the final phase of its investigations of sodium nitrite from India and Russia following publication of a preliminary determination by Commerce that imports of sodium nitrite were subsidized by the government of Russia. Notice of the scheduling of the final phase of the Commission's investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of April 20, 2022 (87 FR 23567). In light of the restrictions on access to the Commission building due to the COVID–19 pandemic, the Commission conducted its hearing through written testimony and video conference on Tuesday, June 21, 2022.

<sup>1</sup> The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

<sup>2</sup> 88 FR 1042 and 88 FR 1052 (January 6, 2023).

All persons who requested the opportunity were permitted to participate.

The investigation schedules became staggered when Commerce did not align its countervailing duty investigation on Russia with either of the corresponding antidumping duty investigations, did not postpone the final determination of its antidumping duty investigation on Russia, and aligned its countervailing duty investigation on sodium nitrite from India with its antidumping duty investigation regarding India. On August 15, 2022, the Commission issued a final affirmative determination in its countervailing duty investigation of sodium nitrite from Russia (87 FR 51141, August 19, 2022). On October 28, 2022, the Commission issued a final affirmative determination in its antidumping duty investigation of sodium nitrite from Russia (87 FR 66323, November 3, 2022). Following publication of final determinations by Commerce that imports of sodium nitrite from India were being sold at LTFV within the meaning of section 735(a) of the Act (19 U.S.C. 1673d(a)), and subsidized within the meaning of section 705(a) of the Act (19 U.S.C. 1671d(a)), notice of the supplemental scheduling of the final phase of the Commission's antidumping and countervailing duty investigations of sodium nitrite from India was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of January 19, 2023 (88 FR 3438).

The Commission made these determinations pursuant to §§ 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on February 20, 2023. The views of the Commission are contained in USITC Publication 5408 (February 2023), entitled *Sodium Nitrite from India: Investigation Nos. 701–TA–679 and 731–TA–1585 (Final)*.

By order of the Commission.

Issued: February 21, 2023.
