

collection “with any other Department component or any other agency for any purpose other than the administration of the .gov internet domain, the services described in subsection (e), and the requirements for establishing a .gov inventory described in subsection (h).” Certain metadata for any approved domains (domain name, organization name, nameserver address, city/state information, security contact) will be published online.

This is a new collection.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Evaluation of the Arctic Rivers Project

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA), the U.S. Geological Survey (USGS) is proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before March 29, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. You may also submit comments by mail to U.S. Geological Survey, Information Collections Officer, 12201 Sunrise Valley Drive MS 159, Reston, VA 20192; or by email to gs-info_collections@usgs.gov. Please reference OMB Control Number 1028–NEW in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this Information Collection Request (ICR), contact Ryan Toohey by email to rtoohey@usgs.gov or by telephone at 907–865–7802. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the PRA and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. It also

helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on June 6, 2022 (87 FR 34288). No comments were received.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How the agency might minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Abstract: We will collect information from stakeholders of the Arctic Rivers Project, which include representatives of Indigenous communities in Alaska, representatives of Indigenous organizations, and others regarding the effectiveness of participatory methods and the achievement of overall project goals. Evaluation information will be collected via semi-structured interviews, surveys, and polls. Questions will focus on the relevancy of the project to participants, methods used to engage with participants, feedback about project components, input for the direction of the project, preferred communication methods, and

current and future use of project products. This information will allow for a greater understanding of the effectiveness of community engagement, the co-production process, and participation in the direction of the project. This information will help guide the project through its various phases, and it will help enhance communication and product development.

Proposed Finding Against Federal Acknowledgment of the Grand River Bands of Ottawa Indians

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: The Department of the Interior (Department) gives notice that the Office of the Assistant Secretary—Indian Affairs (AS–IA) proposes to determine that the petitioner, Grand River Bands of Ottawa Indians (Petitioner #146), is not an Indian Tribe within the meaning of Federal law. This notice is based on a determination that Petitioner #146 does not meet one of the seven mandatory criteria for a

government-to-government relationship with the United States. This proposed finding (PF) is based on only one criterion.

DATES: Comments on this PF are due on or before August 28, 2023. We must receive any request for a technical assistance meeting by April 28, 2023.

ADDRESSES: Please address comments on the PF or requests for a paper copy of the report to the Department of the Interior, Office of the Assistant Secretary—Indian Affairs, Attn: Office of Federal Acknowledgment, 1849 C Street NW, MS–4071 MIB, Washington, DC 20240. Electronic copies of the PF, as well as other related documents, are available on OFA's website (www.bia.gov/as-ia/ofa). Parties who make comments on the PF must also provide a copy of their comments to the Petitioner.

FOR FURTHER INFORMATION CONTACT: R. Lee Fleming, Director, Office of Federal Acknowledgment (OFA) at comments@bia.gov or (202) 513–7650.

SUPPLEMENTARY INFORMATION: Pursuant to 25 CFR 83.10(h) (1994),¹ the Department gives notice that the AS–IA proposes to determine that the Grand River Bands of Ottawa Indians (Petitioner #146), c/o Mr. Ron Yob, P.O. Box 2937, Grand Rapids, Michigan 49501–2937, is not an Indian Tribe within the meaning of the Federal law. This notice is based on a preliminary finding that the petitioner fails to satisfy one of the seven mandatory criteria for acknowledgement set forth in 25 CFR 83.7(a) through (g), and thus, does not meet the requirements for a government-to-government relationship with the United States. Please see the **SUPPLEMENTARY INFORMATION** section of this notice for more information about the public comment period.

Petitioner

The Department received a letter of intent from the Petitioner under the name “Grand River Band Ottawa Council” on November 16, 1994, and designated it Petitioner #146. On November 14, 1997, the Petitioner submitted a “Petitioner Update” form indicating that Petitioner #146 was now known as the “Grand River Bands of Ottawa Indians,” with Ron Yob and Joseph Genia as Co-Chairs. The Petitioner submitted materials for its documented petition in December 2000, July 2004, and November 2004. The Department conducted an initial review

of these materials and provided Petitioner #146 with a technical assistance (TA) review letter on January 25, 2005. In June 2006 and March 2007, the Petitioner supplied materials in response to the TA review letter. The Department then placed Petitioner #146 on the “Ready, Waiting for Active Consideration” list on March 28, 2007.

The Department placed the Petitioner on active consideration on December 1, 2013. The Petitioner submitted no additional documents during the 60 days following, as allowed by the AS–IA's notice of “information and guidance” of March 31, 2005 (70 FR 16514), and as advised by a Department letter of December 12, 2013. In a letter dated March 12, 2014, the Department exercised its option under the same guidance to ask for information the Petitioner had not submitted.

In an August 27, 2014, the Petitioner furnished 569 membership files, a considerable increase from a membership list that the Petitioner had submitted in June 2014, which indicated the group had only 347 members. Additionally, thirty-six individuals on the June 2014 membership list also did not have membership files in the August 2014 submission. To ascertain the Petitioner's membership, the Department asked for an updated membership list and an explanation of which membership files were current. The Petitioner supplied this information on October 31, 2014. Petitioner #146 provided additional material on December 13, 2016, which the Department had requested in a teleconference with the group on November 3, 2016.

Due to these submission delays and the Department's competing priorities, including the review of other pending petitions, the Department extended the deadline for the PF to September 30, 2015. In the interim, on July 1, 2015, the Department issued a final rule that revised the acknowledgment regulations effective July 31, 2015. In a letter dated August 28, 2015, the Department provided Petitioner #146 an opportunity to choose, by September 29, 2015, whether to complete the evaluation process under the revised 2015 regulations or complete its evaluation under the 1994 version of the acknowledgment regulations. By letter dated September 14, 2015, the Petitioner's governing body informed the Department that it wished to have its petition evaluated under the 1994 regulations. On November 2, 2015, the Department acknowledged receipt of this letter and also extended the deadline for issuing the PF to March 28, 2016.
