[MB Docket No. 23-43; RM-11944; DA 23-92; FR ID 127701]

**Television Broadcasting Services  
Coos Bay, Oregon**

**AGENCY:** Federal Communications Commission.

**ACTION:** Proposed rule.

**SUMMARY:** The Commission has before it a petition for rulemaking filed by Sinclair Eugene License, LLC (Petitioner), the licensee of KCBY-TV, channel 11, Coos Bay, Oregon. The Petitioner requests the substitution of channel 34 for channel 11 at Coos Bay in the Table of Allotments.

**DATES:** Comments must be filed on or before April 5, 2023 and reply comments on or before April 20, 2023.

**ADDRESSES:** Federal Communications Commission, Office of the Secretary, 45 L Street NE, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for the Petitioner as follows: Paul Cicelski, Esq., Lerman Senter, 2001 L Street NW, Washington, DC 20036.

**FOR FURTHER INFORMATION CONTACT:** Joyce Bernstein, Media Bureau, at [Joyce.Bernstein@fcc.gov](mailto:Joyce.Bernstein@fcc.gov) or (202) 418-1647.

**SUPPLEMENTARY INFORMATION:** In support, the Petitioner states that the Station has a long history of severe reception problems as a result of its operation on a VHF channel, and that the Commission has recognized that VHF channels pose challenges for their use in providing digital television service, including propagation characteristics that allow undesired signals and noise to be receivable at relatively far distances and result in large variability in the performance of indoor antennas available to viewers with most antennas performing very poorly on high VHF channels. According to the Petitioner, KCBY-TV has received numerous complaints from viewers unable to receive that Station's over-the-air signal, despite being able to receive signals from other local stations." Petitioner asserts that its channel substitution proposal will serve the public interest by resolving the over-the-air reception problems and enhancing viewer reception in KCBY-TV's service area. An analysis provided by the Petitioner using the Commission's *TVStudy* software tool indicates that all but approximately 392 persons will continue to receive the signal, a number the Petitioner asserts is *de minimis*. Furthermore, in addition to maintaining full coverage of its community of license, Petitioner notes that the proposed change to channel 34 will result in a predicted increase in service to more than 11,000 persons.

**Atlantic Highly Migratory Species; Bluefin Tuna (BFT) General Category Restricted-Fishing Days (RFDs)**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Proposed rule; request for comments.

**SUMMARY:** NMFS is proposing to set Atlantic BFT General category RFDs for parts of the 2023 and 2024 fishing years. Specifically, when the General category fishery is open, this proposed rule would set RFDs for every Tuesday, Friday, and Saturday from July 1, 2023 through November 30, 2023 and every Tuesday and Friday from December 1, 2023 through March 31, 2024. On an RFD, Atlantic Tunas General category permitted vessels may not fish for (including catch-and-release or tag-and-release fishing), possess, retain, land, or sell BFT. On an RFD, Highly Migratory Species (HMS) Charter/Headboat permitted vessels with a commercial sale endorsement also are subject to these restrictions that preclude fishing commercially for BFT under the General category restrictions and retention limits, but such vessels may still fish for, possess, retain, or land BFT when fishing recreationally under applicable HMS Angling category rules.

**DATES:** Written comments must be received by April 5, 2023. NMFS will hold a public hearing via conference call and webinar for this proposed rule on March 23, 2023, from 2 p.m. to 4 p.m. For webinar registration information, see the **SUPPLEMENTARY INFORMATION** section of this document.

**ADDRESSES:** You may submit comments on this document, identified by NOAA-NMFS-2023-0016, by electronic submission. Submit all electronic public comments via the Federal e-Rulemaking Portal. Comments sent by any other method, to any other address or individual, or received after the close of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on <https://www.regulations.gov> without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

NMFS will hold a public hearing via conference call and webinar on this proposed rule. For specific location, date and time, see the **SUPPLEMENTARY INFORMATION** section of this document.

**SUPPLEMENTARY INFORMATION:** Atlantic HMS fisheries, including BFT fisheries, are managed under the authority of the Atlantic Tunas Convention Act (ATCA; 16 U.S.C. 971 *et seq.*) and the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*). The 2006 Consolidated Atlantic HMS Fishery Management Plan (2006 Consolidated HMS FMP) and its amendments are implemented by regulations at 50 CFR part 635. Section 635.27 divides the U.S. BFT quota, recommended by the International Commission for the Conservation of Atlantic Tunas (ICCAT) and as implemented by the United States, among the various domestic fishing categories per the allocations established in the 2006 Consolidated
