Title: Livestock Mandatory Reporting Act of 1999.

OMB Control Number: 0581–0186.

Summary of Collection: The Livestock Mandatory Reporting Act of 1999 (1999 Act) authorizes the collection and reporting of information on the prices and quantities of livestock and livestock products. In 2001, the U.S. Department of Agriculture (USDA) Agricultural Marketing Service (AMS) implemented the Livestock Mandatory Reporting (LMR) program as required by the 1999 Act [Pub. L. 106–78; 113 Stat. 1188; 7 U.S.C. 1635–1636(i)]. On September 30, 2015, the Agriculture Reauthorizations Act of 2015 (2015 Reauthorization Act) reauthorized LMR for an additional five years, until September 30, 2020. The Reauthorization was extended through September 30, 2021, in the Consolidated Appropriations Act of 2021 and currently extended through September 30, 2022, in the Consolidated Appropriations Act of 2022.

The request for information, as mandated by the 1999 Act and amended under the 2015 Reauthorization Act, requires livestock packing plants that annually slaughter an average of 125,000 cattle, 100,000 barrows and gilts, or 200,000 sows and boars; or slaughter or process an average of 35,000 lambs to report information as described in the 1999 Act. In addition, the 1999 Act, as amended under the 2015 Reauthorization Act, requires importers that annually import an average of 1,000 metric tons of lamb meat products to report information as described in the 1999 Act.

Need and Use of the Information: The information collection and recordkeeping requirements mandated by the 1999 Act are essential for AMS to administer a mandatory reporting program of livestock and livestock products. Using the information submitted by packers and importers, AMS publishes over 100 daily, weekly, and monthly reports covering market transactions for fed cattle, swine, lamb, beef, lamb meat, and pork. Collection is accomplished through electronic means, and AMS reports the information up to three times daily and once weekly. The information collected in order for AMS to meet the requirements and intentions of the 1999 Act is only available from the entities required to report.

Description of Respondents: Business or other for-profit.

Number of Respondents: 110.

Frequency of Responses: Reporting; Weekly; Other (Daily).

Total Burden Hours: 23,035.

Agricultural Marketing Service

Title: Pecans Grown in Multiple States, Marketing Order No. 986.

OMB Control Number: 0581–0291.

Summary of Collection: The marketing order regulates the handling of pecans grown in Alabama, Arkansas, Arizona, California, Florida, Georgia, Kansas, Louisiana, Missouri, Mississippi, North Carolina, New Mexico, Oklahoma, South Carolina, and Texas and is authorized by the Agricultural Marketing Agreement Act of 1937 (Act), Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674. The Act permits regulation of certain agricultural commodities for the purpose of providing orderly marketing conditions in interstate commerce and to improve returns to growers. Section 608(d)(1) of the Act provides the Department of Agriculture (USDA) with the authority to request from the regulated handlers such information as is deemed necessary to determine the extent to which a marketing order has effectuated the declared policy of the Act.

Need and Use of the Information: Collection of this information enables the Council to calculate assessments owed by each handler. Gaining the authority to collect nationwide data on pecan inventories, shipments and foreign deliveries and acquisitions was the primary reason the U.S. pecan industry approached AMS for a Federal marketing order.

Description of Respondents:

Businesses or other for-profits.

Number of Respondents: 4,512.

Frequency of Responses: Reporting; On occasion.

Total Burden Hours: 1,587.
