Certain Crystalline Silicon Photovoltaic Products From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review, Partial Rescission of Antidumping Administrative Review, and Preliminary Determination of No Shipments; 2021-2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: This notice contains the preliminary results of the U.S. Department of Commerce's (Commerce) administrative review of the antidumping duty order on certain crystalline silicon photovoltaic products (solar products) from the People's Republic of China (China) covering the period of review (POR) February 1, 2021, through January 31, 2022. Commerce preliminarily finds that the sole mandatory respondent under review sold subject merchandise at prices below normal value (NV) during the POR, that two companies under review had no entries, exports, or sales of solar products during the POR, and that it is appropriate to rescind this review with respect to 54 companies/company groupings because all requests to review these companies/company groupings were timely withdrawn. Interested parties are invited to comment on these preliminary results of review.

DATES: Applicable March 9, 2023.

FOR FURTHER INFORMATION CONTACT: Krisha Hill, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4037.

SUPPLEMENTARY INFORMATION:

Background

On April 12, 2022, in response to a request from the American Alliance for Solar Manufacturing (the petitioner), Commerce initiated an administrative review of the antidumping duty order

on solar products from China¹ with respect to 62 companies/company groupings.² Subsequently, the petitioner timely withdrew its review request with respect to 54 companies/company groupings.³ On September 30, 2022, Commerce extended the deadline for issuing the preliminary results of this review by 120 days, to February 28, 2023.⁴

For details regarding the events that occurred subsequent to initiation of the review, see the Preliminary Decision Memorandum.⁵ A list of topics included in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The products covered by the *Order* are solar products from China.⁶ Merchandise covered by the *Order* is

¹ See *Certain Crystalline Silicon Photovoltaic Products from the People's Republic of China: Antidumping Duty Order; and Amended Final Affirmative Countervailing Duty Determination and Countervailing Duty Order*, 80 FR 8592 (February 18, 2015) (*Order*).

² See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 87 FR 21619 (April 12, 2022) (*Initiation Notice*). Sixty-three company or company groupings are listed in the *Initiation Notice*. However, the list includes the name "Trina Solar Co., Ltd." and the name of this company before the POR began, Changzhou Trina Solar Energy Co., Ltd. Because both names refer to the same company, we actually initiated the administrative review with respect to only 62 companies or company groupings.

³ See Petitioner's Letter, "Crystalline Silicon Photovoltaic Products from the People's Republic of China: Partial Withdrawal of Request for Administrative Review," dated July 11, 2022 (Partial Withdrawal).

⁴ See Memorandum, "Certain Crystalline Silicon Photovoltaic Products from the People's Republic of China: Extension of Deadline for the Preliminary Results of the 2021-2022 Antidumping Duty Administrative Review," dated September 30, 2022.

⁵ See Memorandum "Decision Memorandum for the Preliminary Results of the Antidumping Duty Administrative Review of Certain Crystalline Silicon Photovoltaic Products From the People's Republic of China; 2021-2022," issued concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

⁶ For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum. Commerce revised certain HTSUS subheadings listed in the scope of the *Order* based on a request, and information obtained, from U.S. Customs and Border Protection (CBP). These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of the *Order* is dispositive.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), because the petitioner timely withdrew its review request with respect to 54 companies/company groupings, Commerce is rescinding this review with respect to those companies which are named in Appendix II to this notice.

Preliminary Determination of No Shipments

Because we found no record evidence calling into question the no-shipment claims of Hubei Trina Solar Energy Co., Ltd. and Trina Solar (Hefei) Science and Technology Co., Ltd., Commerce preliminarily determines that these companies did not sell or export subject merchandise to, nor was their subject merchandise entered into, the United States during the POR. Consistent with Commerce’s practice in non-market

economy (NME) administrative reviews,⁷ Commerce is not rescinding its review of these two companies but intends to complete this review and issue appropriate instructions to CBP based on the final results of the review.

Preliminary Affiliation and Single Entity Determination

Based on record evidence in this review, as well as Commerce’s single entity determination in the 2014–2016 administrative review in this proceeding,⁸ Commerce preliminarily finds that the following companies are affiliated, pursuant to section 771(33)(F) of the Tariff Act of 1930, as amended (the Act), and that they should be treated as a single entity, pursuant to 19 CFR 351.401(f)(1)–(2): Trina Solar (Changzhou) Science & Technology Co., Ltd.; Trina Solar Co., Ltd.; Yancheng Trina Guoneng Photovoltaic Technology Co., Ltd. (a.k.a. Yancheng Trina Solar Guoneng Science & Technology Co., Ltd.); Trina Solar Yiwu Technology Co., Ltd.; Trina Solar (Su Qian) Technology Co., Ltd.; Trina Solar (Yancheng Dafeng) Co., Ltd.; Changzhou Trina Hezhong Photoelectric Co., Ltd. (a.k.a. Changzhou Trina Hezhong PV Co., Ltd.); Changzhou Trina Solar Yabang Energy Co., Ltd.; and Turpan Trina Solar Energy Co., Ltd. (collectively Trina). For additional information, see the Preliminary Decision Memorandum.

Separate Rates

Commerce preliminarily determines that information placed on the record by Trina demonstrates that it is entitled to separate rate status. Because no party requested a review of the China-wide entity, the entity is not under review and the entity’s cash deposit rate (*i.e.*, 152.84 percent⁹) is not subject to change.¹⁰ For additional information regarding Commerce’s preliminary separate rate determination, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this administrative review in accordance with section 751(a)(1)(B) of the Act. We based Trina’s dumping margin on a comparison of constructed export prices, which we calculated in accordance with section 772 of the Act, and NV, which we calculated in accordance with section 773(c) of the Act because Commerce has determined that China is an NME country,¹¹ within the meaning of section 771(18) of the Act. For a full description of the methodology underlying the preliminary results of this review, see the Preliminary Decision Memorandum.

Preliminary Results of Review

We are assigning the following dumping margin to the firm listed below for the period February 1, 2021, through January 31, 2022:

Exporter	Weighted-average dumping margin (percent)
Trina Solar (Changzhou) Science & Technology Co., Ltd./Trina Solar Co., Ltd./Yancheng Trina Guoneng Photovoltaic Technology Co., Ltd. (a.k.a. Yancheng Trina Solar Guoneng Science & Technology Co., Ltd.)/Trina Solar Yiwu Technology Co., Ltd./Trina Solar (Su Qian) Technology Co., Ltd./Trina Solar (Yancheng Dafeng) Co., Ltd./Changzhou Trina Hezhong Photoelectric Co., Ltd. (a.k.a. Changzhou Trina Hezhong PV Co., Ltd.)/Changzhou Trina Solar Yabang Energy Co., Ltd./Turpan Trina Solar Energy Co., Ltd	16.79

summary of issues should accompany any briefs submitted to Commerce. The summary should be limited to five pages total, including footnotes.¹⁴

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice in the **Federal Register**. Requests for a hearing should contain: (1) the requesting party's name, address, and telephone number; (2) the number of participants and whether any of those individuals is a foreign national; and (3) a list of the issues the party intends to discuss at the hearing. Oral arguments at the hearing will be limited to issues raised in the case and rebuttal briefs. If a request for a hearing is made, Commerce will announce the date and time of the hearing. Parties should confirm the date and time of the hearing two days before the scheduled hearing date.

All submissions to Commerce, with limited exceptions, must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5:00 p.m. Eastern Time on the due date.¹⁵ Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁶

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, which will include the results of its analysis of issues raised in any briefs, within 120 days of publication of these preliminary results of review in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results of this review, Commerce will determine, CBP shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review.¹⁷ Commerce intends to issue assessment

instructions to CBP no earlier than 35 days after date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Commerce intends to calculate importer/customer-specific *ad valorem* assessment rates by dividing the total amount of dumping calculated for all reviewed U.S. sales to the importer or customer by the total entered value of the merchandise sold to the importer/customer.¹⁸ Where the weighted-average dumping margin or an importer/customer-specific *ad valorem* assessment rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation. Where either Trina's *ad valorem* weighted-average dumping margin is zero or *de minimis*, or an importer/customer-specific *ad valorem* assessment rate is zero or *de minimis*, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁹

Pursuant to a refinement to Commerce's assessment practice,²⁰ where sales of subject merchandise exported by an individually examined respondent were not reported in the U.S. sales data submitted by the respondent, but the merchandise was entered into the United States during the POR, we will instruct CBP to liquidate any entries of such merchandise at the assessment rate for antidumping duties for the China-wide entity. Additionally, where Commerce determines that an exporter under review had no shipments of subject merchandise during the POR, any suspended entries of subject merchandise that entered under that exporter's CBP case number during the POR will be liquidated at the assessment rate for antidumping duties for the China-wide entity.

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the review and for future deposits of

estimated antidumping duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be in effect for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on, or after, the date of publication of the notice of the final results of this administrative review in the **Federal Register**, as provided for by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Trina will be equal to the weighted-average dumping margin calculated for Trina in the final results of this review (except, if the rate is *de minimis*, then the cash deposit rate will be zero); (2) for a previously investigated or reviewed exporter of subject merchandise not listed in the final results of review that has a separate rate, the cash deposit rate will continue to be the exporter's existing cash deposit rate; (3) for all China exporters of subject merchandise that do not have a separate rate, the cash deposit rate will be equal to the weighted-average dumping margin assigned to the China-wide entity, which is 154.84 percent; and (4) for a non-China exporter of subject merchandise that does not have a separate rate, the cash deposit rate will be equal to the weighted-average dumping margin applicable to the China exporter(s) that supplied that non-China exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred, and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213 and 351.221(b)(4).
