[Investigation No. 337-TA-1138 (CAFC Remand Proceeding)]

Certain LTE- and 3G-Compliant Cellular Communications Devices; Notice of a Commission Determination To Dismiss as Moot a Portion of the Complaint; Termination of Remand Proceeding

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that, on October 24, 2022, the U.S. Court of Appeals for the Federal Circuit ("Federal Circuit") issued a mandate with instructions to dismiss as moot the portion of the complaint filed in the above-captioned investigation relating to U.S. Patent No. 6,760,590 ("the '590 patent"), which expired during the pendency of an appeal before the Court. The Commission hereby dismisses that

portion of the complaint. The remand proceeding is hereby terminated.

Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on October 19, 2018, based on a complaint filed by INVT SPE LLC ("INVT") of San Francisco, California. 83 FR 53105 (Oct. 19, 2018). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337) ("section 337"), in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain LTE- and 3G-compliant cellular communications devices by reason of infringement of certain claims of five U.S. patents, including U.S. Patent Nos. 6,760,590; 7,206,587 ("the '587 patent"); and 7,848,439 ("the '439 patent"). *Id.* The complaint further alleges that a domestic industry exists. *Id.* The notice of investigation named as respondents Apple Inc. of Cupertino, California; HTC Corporation of Taoyuan City, Taiwan; HTC America, Inc. of Seattle, Washington; ZTE Corporation of Guangdong, China; and ZTE (USA) Inc. of Richardson, Texas. *Id.* at 53106. The Office of Unfair Import Investigations was also named as a party. *Id.*

On June 1, 2020, the Commission terminated the investigation with a finding of no violation of section 337 as to certain claims of the '590, '587, and '439 patents. 85 FR 34649-50 (June 5, 2020). INVT filed an appeal with the Federal Circuit with respect to certain issues in the Commission's final determination with respect to the '590 patent, including claim construction, infringement, and the technical prong of the domestic industry requirement.

The '590 patent expired on March 5, 2022, during the pendency of the appeal before the Federal Circuit. On August 31, 2022, in a precedential opinion, the

Federal Circuit held that INVT's appeal as to the '590 patent had become moot. *INVT SPE LLC v. ITC*, 46 F.4th 1361, 1370 (Fed. Cir. 2022) ("The expiration of the '590 patent, therefore, has rendered this appeal moot with respect to that patent."). The Court vacated the Commission's determination as to the '590 patent, and "remand[ed] with instructions to dismiss as moot the relevant portion of the complaint." *Id.*; see also *id.* at 1365, 1381. On October 24, 2022, the Federal Circuit issued its mandate returning jurisdiction of the matter to the Commission.

In accordance with the Court's remand instructions, the Commission has determined to dismiss as moot the portion of INVT's complaint relating to the '590 patent. In addition, we observe that the Federal Circuit's vacatur of the Commission's final determination and the dismissal of the complaint pursuant to the Court's remand order as to the '590 patent sets aside all ALJ findings and Commission findings related to that patent.

The remand proceeding is hereby terminated.

The Commission vote for this determination took place on March 3, 2023.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Secretary to the Commission.

SUPPLEMENTARY INFORMATION:

Title: Information on Meetings with Outside Parties Pursuant to Executive Order 12866.

Abstract: Executive Order 12866, "Regulatory Planning and Review," issued by President Clinton on September 30, 1993, establishes and governs the process under which OIRA reviews agency draft proposed and final regulatory actions. The Executive Order also establishes a disclosure process regarding the OIRA Administrator's (or his/her designee's) meetings with outside parties during formal review of a regulatory action if such meetings occur.

Summary of Current Meeting Process. OIRA currently discloses the subject, date, and participants of the meeting on the [Reginfo.gov](https://www.reginfo.gov) website, as well as any materials provided to OIRA at such meetings.

These meetings occur at the initiative and request of outside parties who request a meeting about a regulatory action under OIRA review to present views. OIRA invites representatives from the agency or agencies that would issue the regulatory action. If such meetings occur, OIRA does not take minutes during the meeting but would post on [RegInfo.gov](https://www.reginfo.gov) any written materials provided by outside parties during these meetings, including the initial meeting request.

To help ensure transparency associated with meetings pursuant to Executive Order 12866, OIRA collects and discloses the following information from outside parties that request a meeting with OIRA to present their views on a regulatory action currently under review:

1. The name of the regulatory action under review on which the party would like to present its views.

2. Names of all attendees who will be present at the meeting from the outside party or parties, including each attendee's organization or affiliation.

3. Electronic copies of all briefing materials that will be used during the presentation.

4. An acknowledgment by the requesting party that all information submitted to OIRA pursuant to this collection and meeting request will be made publicly available at [Reginfo.gov](https://www.reginfo.gov).

Proposed Revisions. OMB is considering revisions to this

information collection with the goal of collecting additional information from meeting requestors to facilitate further transparency, as well as improve the efficiency and effectiveness of the meeting request process. Such information may include further details about the requestor's affiliation, stated purpose for the meeting, and whether the requestor has already presented views to other Federal Government entities on the regulatory action under review.

OIRA welcomes any and all public comments on the proposed revisions to the collection of information such as the accuracy of OIRA's burden estimate, the practical utility of collecting this information, and whether there are additional pieces of information that could be collected from meeting requestors to further the disclosure provisions of Executive Order 12866.
