

transition plan to HUD. It is the PHA's responsibility to be able to end all MTW activities that it has implemented through its MTW Supplement to the PHA Plan upon expiration of this MTW ACC Amendment. The transition plan shall describe plans for phasing out such activities. The plan may also include any proposals of authorizations/features of the ACC Amendment and the MTW Operations Notice that the PHA wishes to continue beyond the expiration of the MTW ACC Amendment. The PHA shall specify the proposed duration and shall provide justification for extension of such authorization/features. HUD will review and respond to timely-submitted transition plans from the PHA in writing within 75-days or they are deemed approved. Only authorizations/features specifically approved for extension shall continue beyond the term of the MTW ACC Amendment. The extended features shall remain in effect only for the duration and in the manner specified in the approved transition plan and be subject to any necessary ACC Amendments as required by HUD.

Section 7. Termination and Default.

(A) If the PHA violates or fails to comply with any requirement or provision of the ACC, including this amendment, HUD is authorized to take any corrective or remedial action described in this Section 7 for PHA default or any other right or remedy existing under applicable law, or available at equity. HUD will give the PHA written notice of any default, which shall identify with specificity the measures, which the PHA must take to cure the default and provide a specific time frame for the PHA to cure the default, taking into consideration the nature of the default. The PHA will have the opportunity to cure such default within the specified period after the date of said notice, or to demonstrate within 10 days after the date of said notice, by submitting substantial evidence satisfactory to HUD, that it is not in default. However, in cases involving clear and apparent fraud, serious criminal behavior, or emergency conditions that pose an imminent threat to life, health, or safety, if HUD, in its sole discretion, determines that immediate action is necessary it may institute the remedies under Section 7(B) of this MTW ACC Amendment without giving the PHA the opportunity to cure.

(B) If the PHA is in default of this MTW ACC Amendment and/or the MTW Operations Notice and the default

transition plan will be due one year prior to the end of the extension(s).

has not been cured, HUD may, undertake any one or all remedies available by law, including but not limited to the following:

- i. Require additional reporting by the PHA on the deficient areas and the steps being taken to address the deficiencies;
- ii. Require the PHA to prepare and follow a HUD-approved schedule of actions and/or a management plan for properly completing the activities approved under this MTW ACC Amendment;
- iii. Suspend the MTW waiver authorization for the affected activities;
- iv. Require reimbursement by the PHA to HUD for amounts used in violation of this MTW ACC Amendment;
- v. Terminate this MTW ACC Amendment and require the PHA to transition out of MTW;
- vi. Restrict a PHA's ability to use its MTW funding flexibly; and/or
- vii. Take any other corrective or remedial action legally available.

(C) The PHA may choose to terminate this MTW ACC Amendment at any time. Upon HUD's receipt of written notification from the PHA and a copy of a resolution approving termination from its governing board, termination will be effective. The PHA will then begin to transition out of MTW and will work with HUD to establish an orderly phase-out of MTW activities, consistent with Section 6 of this MTW ACC Amendment.

(D) Nothing contained in this ACC Amendment shall prohibit or limit HUD from the exercise of any other right or remedy existing under any ACC or available under applicable law. HUD's exercise or non-exercise of any right or remedy under this amendment shall not be construed as a waiver of HUD's right to exercise that or any other right or remedy at any time.

Section 8. Notwithstanding any provision set forth in this MTW ACC Amendment, any future law that conflicts with any provision of this ACC Amendment, as determined by HUD, shall not be deemed to be a breach of this ACC Amendment. Nor shall HUD's execution of any future law be deemed a breach of this ACC Amendment. Any future laws affecting the PHA's funding, even if that future law causes a decrease in the PHA's funding, shall not be deemed a breach of this ACC Amendment. No future law or HUD's execution thereof shall serve as a basis for a breach of contract claim in any court.

Section 9. If any clause, or portion of a clause, in this Agreement is considered invalid under the rule of law, it shall be regarded as stricken

while the remainder of this Agreement shall continue to be in full effect.

In consideration of the foregoing covenants, the parties do hereby execute this MTW ACC Amendment:

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Study of Childcare in Public Housing Data Collection.

OMB Approval Number: 2528–New.

Type of Request (i.e., new, revision or extension of currently approved collection): New Collection.

Form Number: N/A.

Description of the need for the information and proposed use: The purpose of this proposed information collection is to interview key stakeholders and HUD assisted families to support the Study of Childcare in Public Housing. This is a multi-site study including six Public Housing Authorities (PHAs) in three states.

Individual interviews will be conducted with key stakeholders and PHA residents in each of the six sites.¹ These interviews are key to our understanding of the Early Care and Education (ECE) needs, preferences, and use of families in PHA-owned housing. Furthermore, these interviews will help us better understand the barriers and facilitators to operating co-located PHA and ECE programs.

Stakeholder interviews: Within each site, a key set of stakeholders will be identified through the landscape scan. Key stakeholders will include those involved in the operations of either a

PHA, an ECE program, or a co-located ECE program in PHA housing in a given community. Within each site, we anticipate conducting up to 16 stakeholder interviews with a mix of virtual or in-person interviews, depending on the preferences of the stakeholders and local public health guidelines.² Potential stakeholders may include: PHA directors, PHA resident advisory board members, PHA supportive service staff, Head Start grantee directors, Pre-K directors, child care resource and referral centers, state child care subsidy office directors, and state Head Start Collaboration Office directors.

We anticipate conducting semi-structured interviews with key stakeholders. Interview questions will address, but not be limited to, the following topics: (1) Whether there is a co-located ECE; (2) If there is a co-located ECE, processes for licensure and quality rating assessments (if applicable); (3) Facilitators and challenges with operating co-located ECE (as applicable); (4) How local ECE policies effect the colocation of ECE and PHAs; (5) How PHAs support families in accessing ECE; (6) Proximity of ECE programs to PHA (e.g., whether the program is in a child care desert or location with many options available); and (7) Characteristics of local ECE programs (e.g., cost, capacity, licensure status, ages served, home- or center-based, and hours of operation).

PHA resident interviews: In-depth interviews are critical to understanding sensitive topics that people might be reluctant to discuss in a group. Given our previous experience with qualitative data collection in various housing programs and contexts, we anticipate that individual interviews will allow us to better understand the specific needs and experiences of families. We plan to work closely with resident advisory boards and key stakeholders in each site to identify the best process for recruiting families to participate in the study. Recruitment strategies will be responsive to local contexts and sensitive to families' preferences. We anticipate recruiting families with diverse needs and experiences, including variation in child age, employment status, and childcare arrangements. We will work with the resident advisory board, as applicable, to vet interview questions prior to data collection.

We anticipate conducting semi-structured interviews with residents. Interview questions will address, but not be limited to, the following topics: (1) ECE needs, preferences, and use; (2) What families look for in terms of the quality of care; (3) Facilitators and barriers to accessing ECE (e.g., cost, location, etc.); (4) Interest and use of co-located ECE programs; and (5) Support received from PHAs in accessing ECE.

This **Federal Register** Notice provides an opportunity to comment on the data collection instruments and associated materials to be administered to the participants in the Study of Childcare in Public Housing.

Hourly Cost per Response: Key stakeholders include: PHA directors, PHA resident advisory board members, PHA supportive service staff, Head Start grantee directors, Pre-K directors, childcare resource and referral centers, state child care subsidy office directors, and state Head Start Collaboration Office directors. Mean Hourly Wage rates are estimated using approximations from the U.S. Bureau of Labor Statistics (BLS):³

- Education/Child Care Administrators—\$47.73
- Education/Child Care Administrators (Pre School)—\$25.87
- Child, Family, School Social Workers—\$26.39
- Mean = $(47.73 + 25.87 + 26.39)/3 = \33.33
- Loaded Mean (+30%) = \$43.33

Respondents (i.e., affected public): Public Housing residents and key stakeholders who may include: PHA directors, PHA resident advisory board members, PHA supportive service staff, Head Start grantee directors, Pre-K directors, child care resource and referral centers, state child care subsidy office directors, and state Head Start Collaboration Office directors. All respondents shall be adults.

Estimated Number of Respondents: 96 key stakeholder respondents (16 per PHA * 6 PHAs) and 108 PHA resident respondents (18 per PHA * 6 PHAs).

Frequency of Response: Once.

Average Hours per Response: Completion of the 96 Key Stakeholder Interviews is expected to take on average 50 minutes or 0.83 hours, with the consent form taking an additional 10 minutes or .17 hours per respondent. Completion of the 108 PHA Resident Interviews is expected to take on average 50 minutes or 0.83 hours, with

¹ Interviews with state-level stakeholders will primarily be conducted virtually. Interviews with site-level stakeholders and families will primarily

be held in person, depending on public health guidelines at the time of data collection.

² We anticipate one to two interviews per stakeholder group.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected, and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.
