The intended effect of this action is to inform interested members of the public which newspapers the Forest Service will use to publish notices of proposed actions and notices of decision. This will provide the public with constructive notice of Forest Service proposals and decisions, provide information on the procedures to comment, object, or appeal, and establish the date that the Forest Service will use to determine if comments, appeals, or objection were timely.

the decision or project by title or subject matter; the name and title of the official making the decision; how to obtain additional information; and where and how to file comments or appeals/objection.
