#### 33 CFR Part 165

[Docket Number USCG–2022–0928]

RIN 1625–AA00

#### Safety Zones; Coast Guard Sector Ohio Valley Annual and Recurring Safety Zones Update

**AGENCY:** Coast Guard, DHS.

**ACTION:** Final rule.

**SUMMARY:** The Coast Guard is amending and updating its safety zone regulations for annual events that take place in the Coast Guard Sector Ohio Valley area of responsibility (AOR). This action is necessary to update the current list of recurring safety zones with revisions, additional events, and removal of events that no longer take place in the Sector Ohio Valley. When these safety zones are enforced, certain restrictions are placed on marine traffic in specified areas.

**DATES:** This rule is effective on March 30, 2023.

**ADDRESSES:** To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG–2022–0928 in the search box and click “Search.” Next, in the Document Type column, select “Supporting & Related Material.”

#### SUPPLEMENTARY INFORMATION:

### I. Table of Abbreviations

AOR Area of Responsibility  
 COTP Captain of the Port Sector Ohio Valley  
 CFR Code of Federal Regulations  
 DHS Department of Homeland Security  
 E.O. Executive Order  
 FR Federal Register  
 NPRM Notice of proposed rulemaking  
 § Section  
 U.S.C. United States Code

### II. Background Information and Regulatory History

The Captain of Port Sector Ohio Valley (COTP) is amending 33 CFR 165.801 to update the table of annual fireworks displays and other events in Coast Guard Sector Ohio Valley Area of Responsibility (AOR). These events include air shows, fireworks displays, and other events requiring a safety zone.

On January 23, 2023, the Coast Guard published a notice of proposed rulemaking (NPRM) titled, Safety Zones; Coast Guard Sector Ohio Valley Annual and Recurring Safety Zones Update (86 FR 68948). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to those recurring safety zones. During the comment period that ended on February 22, 2023, no comments were received.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because immediate action is needed to ensure the safety of the events occurring in March.

### III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Coast Guard is amending and updating the safety zones under 33 CFR part 165 to include the most up to date list of recurring safety zones for events held on or around navigable waters within the Sector Ohio Valley AOR. These events include fireworks displays, air shows, and festivals. The current list in 33 CFR 165.801 requires amending to provide new information on existing safety zones and to include new safety zones expected to recur annually or biannually. Issuing individual regulations for each new safety zone, amendment of existing safety zones creates unnecessary administrative costs and burdens. This rulemaking reduces administrative overhead and provides

the public with notice through publication in the **Federal Register** of the upcoming recurring safety zones. Based on the nature of these events, large numbers of participants and spectators, and event locations, the COTP has determined that the events listed in this rule could pose a risk to participants or waterways users if the normal vessel traffic were to interfere with the events. Possible hazards include risks of injury or death from near or actual contact among participant vessels and spectators or mariners traversing through the regulated area. This purpose of this rule is to ensure the safety of all waterway users, including event participants and spectators, during the scheduled events.

### IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published January 23, 2023. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule amends and updates part 165 of 33 CFR by revising the current table for Sector Ohio Valley, and by adding eight new recurring safety zones, removing four safety zones, and amending four safety zones as described in the NPRM. Vessels intending to transit the designated waterway through the safety zone will only be allowed to transit the area when the COTP, or designated representative, has deemed it safe to do so or at the completion of the event.

### V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

#### A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, and duration of the safety zones. These safety zones are limited in size and duration, and are usually positioned away from high vessel traffic areas.

Moreover, the Coast Guard would issue a Broadcast Notices to Mariners, Local Notices to Mariners, and Marine Safety Information Broadcasts to inform the community of these safety zones.

#### B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Enforcement Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

#### C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

*D. Federalism and Indian Tribal Governments*

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

*E. Unfunded Mandates Reform Act*

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the

aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

*F. Environment*

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. It is categorically excluded from further review under paragraph L60 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the ADDRESSES section of this preamble.

*G. Protest Activities*

The Coast Guard respects the First Amendment rights of protesters.

Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

**Civil Penalty Adjustments**

**AGENCY:** National Endowment for the Humanities, National Foundation on the Arts and the Humanities.

**ACTION:** Final rule.

**SUMMARY:** The National Endowment for the Humanities (NEH) is adjusting the maximum and minimum civil monetary penalties that may be imposed for violations of its New Restrictions on Lobbying and Program Fraud Civil Remedies Act regulations to reflect the requirements of the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015. This final rule provides the 2023 annual inflation adjustments to the initial “catch-up” adjustments made on April 21, 2020, and August 13, 2021, and reflects all other inflation adjustments made in the interim. This final rule also codifies the statutory formula for inflation adjustments in NEH’s New Restrictions on Lobbying and Program Fraud Civil Remedies Act regulations, so that NEH may publish a Notice in the **Federal Register** indicating the civil monetary penalty adjustment amounts for each regulation in January 2024 and every calendar year thereafter.

**DATES:** This rule is effective on March 30, 2023.
