BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-10560-01-R6]

Underground Injection Control Program; Hazardous Waste Injection Restrictions; Petition for Exemption Reissuance—Class I Hazardous Waste Injection; INVISTA Orange Plant, Texas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of a final decision on a no migration petition reissuance.

SUMMARY: Notice is hereby given that a reissuance of an exemption to the land disposal restrictions, under the 1984 Hazardous and Solid Waste Amendments to the Resource Conservation and Recovery Act, has been granted to INVISTA Channelview Plant for two Class I hazardous waste injection wells at the Invista Orange Plant located in Orange, Texas.

DATES: This action was effective as of October 14, 2020.

ADDRESSES: Copies of the petition reissuance and all pertinent information relating thereto are on file at the following location: Environmental Protection Agency, Region 6, Water Division, Safe Drinking Water Branch (6WD-D), 1201 Elm Street, Suite 500, Dallas, Texas 75270-2102.

FOR FURTHER INFORMATION CONTACT: Ken Johnson, Supervisor, Ground Water/UIC Section, EPA—Region 6, telephone (214) 665-8473.

SUPPLEMENTARY INFORMATION: As required by 40 CFR part 148, the company has adequately demonstrated to the satisfaction of the Environmental Protection Agency (EPA) by the petition reissuance application and supporting documentation that, to a reasonable degree of certainty, there will be no migration of hazardous constituents from the injection zone for as long as the waste remains hazardous. This final

decision allows the underground injection by the INVISTA Orange Plant, of the specific restricted hazardous wastes identified in this exemption reissuance, into Class I hazardous waste injection Wells WDW-191 and WDW-282 until December 31, 2050, unless EPA moves to terminate this exemption under provisions of 40 CFR 148.24. Additional conditions included in this final decision may be reviewed by contacting the Region 6 Ground Water/UIC Section. As required by 40 CFR 148.22(b) and 124.10, a public notice was issued August 19, 2020. The public comment period closed on October 5, 2020. No comments were received. This decision constitutes final Agency action and there is no Administrative appeal.

Dated: March 23, 2023.

Charles W. Maguire,

Director, Water Division, Region 6.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; NSPS for Phosphate Rock Plants (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), NSPS for Phosphate Rock Plants (EPA ICR Number 1078.13, OMB Control Number 2060-0111) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through March 31, 2023. Public comments were previously requested via the **Federal Register** on July 22, 2022, during a 60-day comment period. This notice allows for an additional 30 days for public comments. **DATES:** Comments may be submitted on or before May 1, 2023.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OAR-2022-0062, to EPA online using www.regulations.gov (our preferred method), by email to a-and-r-Docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T,

1200 Pennsylvania Ave. NW, Washington, DC 20460. EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this specific information collection by selecting "Currently under Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Muntasir Ali, Sector Policies and Program Division (D243-05), Office of Air Quality Planning and Standards, U.S. Environmental Protection Agency, Research Triangle Park, North Carolina 27711; telephone number: (919) 541-0833; email address: ali.muntasir@epa.gov.

SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through July 22, 2022 during a 60-day comment period (87 FR 43843). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: The New Source Performance Standards (NSPS) for the regulations published at 40 CFR part 60, subpart NN apply to the following existing facilities and new facilities at phosphate rock plants with capacities greater than 4 tons per hour: dryers, calciners, grinders, and ground rock handling and storage facilities, except those facilities producing or preparing phosphate rock solely for consumption in elemental phosphorus production. New facilities include those that commenced construction, modification or reconstruction after the date of proposal. This information is being collected to assure compliance with 40 CFR part 60, subpart NN.

In general, all NSPS standards require initial notifications, performance tests,

and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NSPS.

Form Numbers: None.

Respondents/affected entities:

Owners and operators of phosphate rock plants.

Respondent's obligation to respond: Mandatory (40 CFR, part 60, Subpart NN).

Estimated number of respondents: 1 (total).

Frequency of response: Initially and semiannually.

Total estimated burden: 120 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$22,400 (per year), which includes \$8,400 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is a decrease in the total estimated respondent burden compared with the ICR currently approved by OMB, which is due to a decrease in the number of sources. This is due to an adjustment to reflect that phosphate rock facilities subject to the NESHAP for Phosphoric Acid Manufacturing (40 CFR part 63, subpart AA), as amended on August 19, 2015, are exempt from any otherwise applicable new source performance standards contained in 40 CFR part 60, subpart T, subpart U, or subpart NN, provided sources have a current operating permit pursuant to title V of the Clean Air Act. Most phosphate rock plants previously included as respondents to 40 CFR part 60, subpart NN are subject to 40 CFR part 63, subpart AA. Only one respondent is now subject to subpart NN. The previous ICR indicated 15 sources were subject to this subpart, which indicates a 94 percent decrease in the number of respondents. The reduced number of respondents also results in a subsequent decrease in the operation and maintenance costs. There are no new sources anticipated, therefore there is no anticipated change in capital costs.

Courtney Kerwin,

Director, Regulatory Support Division.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[FR ID: 133165]

Privacy Act of 1974; System of Records

AGENCY: Federal Communications Commission.

ACTION: Notice of a new system of records.

SUMMARY: The Federal Communications Commission (FCC or Commission or Agency) proposes to add a new system of records, FCC/WCB-5, USAC Customer Relationship Management (CRM), subject to the *Privacy Act of 1974*, as amended. This action is necessary to meet the requirements of the *Privacy Act* to publish in the **Federal Register** notice of the existence and character of records maintained by the Agency. The Universal Service Administrative Company (USAC), under the direction of the Commission and, by delegation, of the Commission's Wireline Competition Bureau (WCB), administers the Universal Service Fund (USF) programs and certain programs funded by Congressional appropriations ("appropriated programs"). This system of records contains information about individuals who are customers, participants, and stakeholders of the programs who submit complaints and requests for assistance to USAC to address issues with their program participation.

DATES: Written comments are due on or before May 1, 2023. This action will become effective on March 30, 2023, except for any new or significantly modified routine uses, which will become effective May 1, 2023.

ADDRESSES: Universal Service Administrative Company (USAC), 700 12th Street NW, Suite 900, Washington, DC 20005. Send comments to Brendan McTaggart, Federal Communications Commission (FCC), 45 L Street NE, Washington, DC 20554, or to *privacy@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: Brendan McTaggart, (202) 418-1738, or *privacy@fcc.gov*.

SUPPLEMENTARY INFORMATION: USAC administers the programs of the USF (including the Lifeline, High Cost, Rural Health Care, and E-Rate programs) and certain appropriated programs including the Affordable Connectivity Program (ACP), Emergency Connectivity Fund Program (ECF), and the COVID-19 Telehealth Program on behalf of the FCC, as set forth in 47 CFR part 54, under the direction of the Commission and, by delegation, of WCB. Under the

Memorandum of Understanding Between the FCC and USAC (Dec. 19, 2018), as amended (Nov. 22, 2021) (FCC/USAC MOU) ¹ USAC is responsible for the effective administration of the programs, including responding to inquiries from program participants and providing timely and relevant data and analysis to inform the Commission in its policy making and oversight of the USF and appropriated programs. USAC has not previously had a unified Customer Relationship Management (CRM) system serving as central ticketing system for service inquiries for all of the programs it administers. The Lifeline customer service center is part of an existing *Privacy Act System of Records: FCC/WCB-1, Lifeline Program*, 86 FR 11526 (2021). The USAC CRM will handle and process inquiries from individuals, groups, and other entities, for all of the programs administered by USAC. The system allows USAC customer service representatives to access prior related inquiries in order to provide excellent customer service. It includes a portal to allow customers to easily interact with USAC through one channel of communication, maintaining the ability to view case status, create new cases, and review closed cases within the same interface. This system of records includes existing data from the established USF and appropriated programs administered by USAC. The system can also accommodate data from any future programs assigned by the FCC to be administered by USAC. The system allows USAC to retrieve records based on an individual's information within the system. The CRM system will be launched in phases on a program by program basis. Phase I currently includes High Cost, Rural Health Care, and Finance (Contributions) customer support. Phase II is anticipated to incorporate Lifeline and the Affordable Connectivity Program for customer support. Phase III will commence the consumer portal.

SYSTEM NAME AND NUMBER:

FCC/WCB-5, USAC Customer Relationship Management.

SECURITY CLASSIFICATION:

No information in the system is classified.

SYSTEM LOCATIONS:

Universal Service Administrative Company (USAC), 700 12th Street NW,

¹ The FCC and USAC have additional MOUs for the appropriated programs. The COVID-19 Telehealth Program was signed on February 4, 2021, the ECF MOU was signed on March 18, 2021, and the ACP MOU was signed November 16, 2021 and revised March 2, 2022.
