

services; and other related elements of logistical and program support.

(iv) *Military Department*: Air Force (KS-D-YAW, KS-D-YAX, KS-D-YAY)

(v) *Prior Related Cases, if any*: None

(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid*: None

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold*: See Attached Annex

(viii) *Date Report Delivered to Congress*: August 25, 2021

* As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Korea—Precision Guided Munitions

The Republic of Korea has requested to buy three thousand nine hundred fifty-three (3,953) Joint Direct Attack Munition (JDAM) Guidance Kits, KMU-556 for GBU-31; one thousand nine hundred eighty-one (1,981) JDAM Guidance Kits, KMU-557 for GBU-31, GBU-56; one thousand one hundred seventy-nine (1,179) JDAM Guidance Kits, KMU-572 for GBU-38; and one thousand seven hundred fifty-five (1,755) FMU-139 Fuze Systems. Also included are DSU-42/B Detectors, Laser Illuminated Target for GBU-56; weapon spare parts, components and accessories; weapons training aids, devices, and spare parts; U.S. Government and contractor engineering, technical assistance, and logistical support services; and other related elements of logistical and program support. The estimated total cost is \$258 million.

This proposed sale will support the foreign policy goals and national security objectives of the United States by helping to improve the security of a Major Non-NATO ally that continues to be an important force for political stability, peace, and economic progress in the Indo-Pacific region.

The proposed sale will improve the Republic of Korea's capability to meet current and future threats by increasing available stores of munitions on the Korean Peninsula in support of Alliance Operations Plans (OPLANs), as well as to fulfill conditions outlined by the Condition-Based Operational Control (OPCON) Transition Plan. The Republic of Korea will have no difficulty absorbing these articles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Boeing Corporation, St Louis, Missouri. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the Republic of Korea.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 21-54

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology*:

1. The Joint Direct Attack Munition (JDAM) is a guidance kit that converts existing unguided free-fall bombs into an accurate, adverse weather "smart" munition. The Guidance Set consists of a Tail Kit, which contains the Inertial Navigation System (INS) and a Global Positioning System (GPS), a set of Aerosurfaces and an umbilical cover, which allows the JDAM to improve the accuracy of unguided, General Purpose bombs. The JDAM weapon can be delivered from modest standoff ranges at high or low altitudes against a variety of land and surface targets during the day or night. The JDAM is capable of receiving target coordinates via preplanned mission data from the delivery aircraft, by onboard aircraft sensors (*i.e.*, FLIR, Radar, etc.) during captive carry, or from a third-party source via manual or automated aircrew cockpit entry. The Guidance Set, when combined with a warhead and appropriate fuze, forms a JDAM Guided Bomb Unit (GBU).

(a) The KMU-572 is the tail kit for a GBU-38 500LB JDAM.

(b) The KMU-556 is the tail kit for a GBU-31 2,000LB Mk-84 (General Purpose bomb body) JDAM.

(c) The KMU-557 is the tail kit for a GBU-31/-56 2,000LB BLU-109 (General Purpose bomb body) JDAM.

2. The Laser JDAM (GBU-56) is a 2,000LB JDAM that incorporates all the capabilities of the JDAM guidance tail kit and adds a DSU-42/B precision laser guidance set. The DSU-42/B sensor gives the weapon system an optional semi-active laser seeker. The addition of the DSU-42/B laser sensor combined with additional cabling and mounting hardware turns a GBU-31 JDAM into a GBU-56 LJDAM. The DSU-42/B consists of a laser spot tracker, a cable connecting the DSU-42/B to the basic JDAM guidance set, a cable cover, cable cover tie-down straps, modified tail kit door and wiring harness, and associated modified JDAM software that incorporates navigation and guidance

flight software to support both LJDAM and standard JDAM missions. The DSU-42/B adds the flexibility to strike targets of opportunity, including mobile and moving targets, to an already accurate adverse weather GPS/INS guided JDAM.

3. The Joint Programmable Fuze (JPF) FMU-139D/B is a multi-delay, multi-arm and proximity sensor compatible with general purpose blast, frag and hardened-target penetrator weapons. The JPF settings are cockpit selectable in flight when used numerous precision-guided weapons. It can interface with the following weapons: GBU-31, GBU-38, and GBU-56.

4. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

5. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

6. A determination has been made that the Republic of Korea can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

7. All defense articles and services listed in this transmittal have been authorized for release and export to the Republic of Korea.

The Honorable Nancy Pelosi
Speaker of the House
U.S. House of Representatives
H-209, The Capitol
Washington, DC 20515

Dear Madam Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 21-52, concerning the Navy's proposed Letter(s) of Offer and Acceptance to the Government of Israel for defense articles and services estimated to cost \$3.4 billion. After this letter is delivered to your office, we plan to issue a news release to notify the public of this proposed sale.

Sincerely,

A handwritten signature in black ink that reads "Heidi H. Grant".

Heidi H. Grant
Director

Transmittal No. 21–52

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

(i) *Prospective Purchaser:* Government of Israel

(ii) *Total Estimated Value:*

Major Defense Equipment * ..	\$ 2.4 billion
Other	\$ 1.0 billion

TOTAL	\$ 3.4 billion
-------------	----------------

Funding Source: Foreign Military Financing (FMF)

(iii) *Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:*

Major Defense Equipment (MDE):

Up to Eighteen (18) CH–53K Heavy Lift Helicopters

Up to Sixty (60) T408–GE–400 Engines (54 installed, 6 spares)

Up to Thirty-six (36) Embedded Global Positioning System/Inertial Navigation Systems (EGI) with Selective Availability/Anti-Spoofing Module (SAASM)

Non-MDE:

Also included is communication equipment; GAU–21 .50 caliber Machine Guns; Mission Planning System; facilities study, design and construction; spare and repair parts; support and test equipment; publications and technical documentation; aircrew and maintenance training; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support.

(iv) *Military Department:* Navy (IS–P–SCN)

(v) *Prior Related Cases, if any:* None
(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid:* None

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold:* See Annex Attached

(viii) *Date Report Delivered to Congress:* July 30, 2021

* As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Israel—CH–53K Heavy Lift Helicopters with Support

The Government of Israel has requested to buy up to eighteen (18) CH–53K Heavy Lift Helicopters; up to sixty (60) T408–GE–400 Engines (54 installed, 6 spares); and up to thirty-six (36) Embedded Global Positioning System/Inertial Navigation Systems (EGI) with Selective Availability/Anti-Spoofing Module (SAASM). Also

included is communication equipment; GAU–21 .50 caliber Machine Guns; Mission Planning System; facilities study, design and construction; spare and repair parts; support and test equipment; publications and technical documentation; aircrew and maintenance training; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support. The total estimated cost is \$3.4 billion.

The United States is committed to the security of Israel, and it is vital to U.S. national interests to assist Israel to develop and maintain a strong and ready self-defense capability. This proposed sale is consistent with those objectives.

The proposed sale will improve the Israeli Air Force's capability to transport armored vehicles, personnel, and equipment to support distributed operations deep inland from a sea-based center of operations. Israel will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense. Israel will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be Lockheed Martin Global, Inc., Shelton, Connecticut; and General Electric Company, Lynn, Massachusetts. There are no known offset agreements proposed in connection with this potential sale. Any offset agreements will be defined in negotiations between the purchaser and the contractor(s).

Implementation of this proposed sale will require multiple trips by U.S. Government and contractor representatives to participate in program and technical reviews. It will also require approximately four (4) contractor support representatives to reside in country for a period of three (3) years to support this program.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 21–52

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The CH–53K Heavy Lift Helicopter focuses primarily on the transport of armored vehicles, personnel, and equipment to support distributed operations deep inland from a sea-based

center of operations. The CH–53K carries several sensors and data links to enhance its ability to operate in hostile environments and in coordination with group forces. The aircraft is night vision compatible. The sensitive technologies include:

a. Communications security devices contain sensitive encryption algorithms and keying material. The purchasing country has previously been released and utilizes COMSEC devices in accordance with set procedures and without issue.

b. Identification Friend or Foe (IFF) (KIV–78) contains embedded security devices containing sensitive encryption algorithms and keying material. The purchasing country will utilize COMSEC devices in accordance with set procedures.

c. GPS PPS/SAASM/MGUE/ADAP—Global Positioning System (GPS) Precise Positioning Service (PPS) provides space-based Global Navigation Satellite System (GNSS) signals that have reliable location and time information in all weather, at all times, and anywhere on or near the earth when and where there is an unobstructed line of sight to four or more GPS satellites. The Selective Availability/Anti-Spoofing Module (SAASM) and Modernized GPS User Equipment (MGUE) are used as military embedded GPS receivers (EGRs) to provide for decryption and use of the GPS PPS by the Embedded GPS/Inertial Navigation System (EGI). In addition, the Advanced Digital Antenna Production (ADAP) GPS anti-jam protection system provides electronic protection from enemy countermeasures to disrupt and jam GPS signals. The combination of the EGI and the ADAP provide for robust positioning, navigation, and timing (PNT) capability.

2. All the mission data, including sensitive parameters, is loaded from an off board station before each flight and does not stay with the aircraft after electrical power has been removed. Sensitive technologies are protected as defined in the program protection and anti-tamper plans.

3. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

4. If a technologically advanced adversary were to obtain knowledge of the specific hardware or software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

5. A determination has been made that Israel can provide substantially the same degree of protection for the

sensitive technology being released as the U.S. Government. This proposed sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

6. All defense articles and services listed in this transmittal are authorized for release and export to the Government of Israel.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Department of the Navy

Education for Seapower Advisory Board; Notice of Federal Advisory Committee Meeting

AGENCY: Department of the Navy, U.S. Department of Defense (DoD).

ACTION: Notice of Federal Advisory Committee meeting.

SUMMARY: The DoD is publishing this notice to announce that the following Federal Advisory Committee meeting of the Education for Seapower Advisory Board (E4SAB) will take place.

DATES: The meeting is open to the public and will be held on Wednesday, April 12, 2023 from 1 p.m. to 5 p.m. Eastern Time Zone (ET).

ADDRESSES: The open meeting will be held at the Admiral Gooding Center, Navy Yard, Washington, DC. The meeting will be handicap accessible. Escort is required.

FOR FURTHER INFORMATION CONTACT: Dr. Kendy Vierling, Designated Federal Officer (DFO), Office of the Assistant Secretary of the Navy (Manpower and Reserve Affairs), Pentagon, Washington, DC 20350-1000, 703-695-4589, kendy.k.vierling.civ@us.navy.mil.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of chapter 10 of Title 5, United States Code (U.S.C.) (commonly known as the Federal Advisory Committee Act (FACA) (formerly 5 U.S.C. App.), as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and Title 41 Code of Federal Regulations (CFR) 102-3.140 and 102-3.150.

Due to circumstances beyond the control of the Designated Federal Officer, the Education for Seapower Advisory Board was unable to provide public notification required by 41 CFR 102-3.150(a) concerning its April 12, 2023 meeting. Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102-3.150(b),

waives the 15-calendar day notification requirement.

Purpose of the Meeting: The purpose of the meeting will include discussion on naval education institutions' accreditation compliance, organizational management, and other matters of interest to the DoD, as determined by the Secretary of Defense, the Deputy Secretary of Defense, or the Secretary of the Navy (SECNAV).

Agenda: On April 12, 2023, SECNAV is expected to speak regarding his vision for naval education. The E4SAB will receive overview briefings and hold discussions on naval education initiatives, the Naval War College, Naval Postgraduate School, and Naval Community College.

Availability of Materials for the Meeting: A copy of the agenda or any updates to the agenda for the April 12, 2023 meeting, as well as supporting documents, can be found on the website: <https://www.secnav.navy.mil/mra/e4sab>.

Meeting Accessibility: Pursuant to section 1009(a)(1) of title 5 U.S.C. and 41 CFR 102-3.140 through 102-3.165, this meeting is open to the public from 1:00 p.m. to 5:00 p.m. (ET) on April 12, 2023. Members of the public who wish to attend the meeting in person, attendance is on a space available basis from 1:00 p.m. to 5:00 p.m. (ET). Persons desiring to attend the meeting are required to submit their name, organization, email address, and telephone contact information to Ms. Tiphany Morales at tiphany.e.morales.civ@us.navy.mil no later than Monday, April 3, 2023.

Special Accommodations: Individuals requiring special accommodations to access the public meeting should contact Ms. Tiphany Morales at tiphany.e.morales.civ@us.navy.mil no later than Monday, April 10, 2023 (by 5:00 p.m. ET) so that appropriate arrangements can be made.

Written Statements: Pursuant to 41 CFR 102-3.105 and 102-3.140, and section 1009(a)(3) of title 5 U.S.C., written statements to the committee may be submitted at any time or in response to a stated planned meeting agenda by email to Dr. Kendy Vierling at kendy.k.vierling.civ@us.navy.mil with the subject line, "Comments for E4SAB Meeting." Written comments pertaining to a specific topic being discussed at the planned meeting received no later than 5:00 p.m. (ET) on Friday, April 10, 2023 will be distributed to the E4SAB, in the order received. Comments pertaining to the agenda items will be discussed during the public meeting. Any written statements received after the deadline may not be provided to, or considered

by, the Committee during the April 12, 2023 meeting, but will be provided to the members of the E4SAB prior to the next scheduled meeting. Any comments received by the E4SAB will be posted on the website <https://www.secnav.navy.mil/mra/e4sab>.

Dated: March 28, 2023.

A.R. Holt,

Lieutenant Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2022-SCC-0139]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Evaluation of Transition Supports for Youth With Disabilities

AGENCY: Institute of Education Sciences (IES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a new information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before May 3, 2023.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be submitted within 30 days of publication of this notice. Click on this link www.reginfo.gov/public/do/PRAMain to access the site. Find this information collection request (ICR) by selecting "Department of Education" under "Currently Under Review," then check the "Only Show ICR for Public Comment" checkbox. *Reginfo.gov* provides two links to view documents related to this information collection request. Information collection forms and instructions may be found by clicking on the "View Information Collection (IC) List" link. Supporting statements and other supporting documentation may be found by clicking on the "View Supporting Statement and Other Documents" link.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Yumiko Sekino, (202) 374-0936.

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the
