SUPPLEMENTARY INFORMATION:

Advance Notice and Public Comment Procedures

Section 4103 of the John D. Dingell, Jr. Conservation, Management, and Recreation Act of 2019 (Pub. L. 116-9, Title IV (Sportsmen's Access and Related Matters)), hereinafter "the Dingell Act," requires the Forest Service to provide advance notice and opportunity for public comment before temporarily or permanently closing any National Forest System lands to hunting, fishing, or recreational shooting. Section 4103 of the Dingell Act applies to the proposed permanent order prohibiting recreational shooting in the Pole Mountain Area of the Laramie Ranger District in the Medicine Bow-Routt National Forests from March 31 to September 10. The public notice and comment process in section 4103(b)(2) of the Dingell Act requires the Forest Service to publish a notice of intent in the **Federal Register** of the proposed permanent order in advance of the public comment period for the proposed permanent order. This notice meets the requirement to publish a notice of intent in the **Federal Register** in advance of the public comment period.

Following the notice of intent, section 4103(b)(2) of the Dingell Act requires an opportunity for public comment on proposed temporary or permanent hunting, fishing, or recreational shooting orders. Because the proposed order would permanently prohibit recreational shooting in the Pole Mountain Area of the Laramie Ranger District of the Medicine Bow-Routt National Forests from March 31 to September 10, the public comment period must be at least 60 days. Beginning on April 12, 2023, the Forest Service will accept public comments on the proposed permanent order for 60 days. The notice of opportunity for public comment will be posted on the Medicine Bow-Routt National Forests and Thunder Basin National Grassland's
