Agency Information Collection Activities; Submission for OMB Review; Comment Request; Contingent Worker Supplement to the Current Population Survey

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Bureau of Labor Statistics (BLS)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before May 10, 2023.

SUPPLEMENTARY INFORMATION: The proposed Contingent Work Supplement (CWS) to the Current Population Survey questions focus on contingent workers—those who do not expect their jobs to last or who report that their jobs are temporary—and workers in alternative employment arrangements, such as independent contractors, on-call workers, temporary help agency workers, and workers provided by contract firms. Although the CWS was fielded 5 times from 1995 to 2005 and then in May 2017, there have been no

comparable and reliable statistics in recent years to show how the number and characteristics of these workers are changing over time. The July 2023 CWS will allow researchers and policy makers to evaluate how the number and characteristics of these workers has evolved. BLS is proposing to add new questions and remove outdated questions to the CWS. New questions on task-based and app-based work are designed to provide insight into additional work arrangements like digital labor platform work. This new content replaces the 2017 items on electronically-mediated employment. The 2023 supplement will also ask about work arrangements on second jobs for multiple jobholders. For additional substantive information about this ICR see the related notice published in the **Federal Register** on December 23, 2022 (87 FR 78999).
