

TABLE 3—ESTIMATED ANNUAL THIRD-PARTY DISCLOSURE BURDEN<sup>1</sup>—Continued

21 CFR section; activity	Number of respondents	Number of disclosures per respondent	Total annual disclosures	Average burden per disclosure	Total hours
Total .....	.....	.....	.....	.....	1,030,270

<sup>1</sup> There are no capital costs or operating and maintenance costs associated with this collection of information.

These estimates reflect our continued experience with the information collection. We have made nominal adjustments to reflect the addition of burden associated with gluten and certain bottled or otherwise packaged beer; petition submissions received since our last evaluation of the information collection; and informal communications with industry regarding food product labeling.

**Proposed Collection; 60-Day Comment Request; Specimen Resource Locator (National Cancer Institute)**

**AGENCY:** National Institutes of Health, HHS.

**ACTION:** Notice.

**SUMMARY:** In compliance with the requirement of the Paperwork Reduction Act of 1995 to provide an opportunity for public comment on proposed data collection projects, the National Institutes of Health, National Cancer Institute (NCI) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

**DATES:** Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

**FOR FURTHER INFORMATION CONTACT:** To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact: Joanne Demchok, Program Director, Cancer Diagnosis Program, Division of Cancer Treatment and Diagnosis, 9609 Medical Center Drive, Rockville, Md. 20892 or call non-toll-free number 240-276-5959 or Email

your request, including your address to: *peterjo@mail.nih.gov*. Formal requests for additional plans and instruments must be requested in writing.

**SUPPLEMENTARY INFORMATION:** Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 requires: written comments and/or suggestions from the public, and affected agencies are invited to address one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

*Proposed Collection Title:* Specimen Resource Locator (NCI), 0925-0703: Expiration Date 11/30/2023, EXTENSION, National Cancer Institute (NCI), National Institutes of Health (NIH).

*Need and Use of Information Collection:* The availability of specimens and associated data is critical to increase our knowledge of cancer biology and to translate important research discoveries into clinical applications. The development of molecular technologies in cancer patients with defined molecular abnormalities advances the identification and development of clinically useful biomarkers and diagnostic assays that guide treatment.

The discovery and validation of cancer prevention markers require researchers' access to quality clinical biospecimens. In response to this need, NCI's Cancer Diagnosis Program developed, and is expanding, a searchable database: Specimen Resource Locator (SRL) *https://specimens.cancer.gov/tissue/default.htm*. The SRL allows scientists in the research community and the NCI
