to classify labor surplus areas (LSAs) for the use of federal agencies in directing procurement activities and in locating new plants or facilities in areas of high unemployment. DOL issues an annual list of Labor Surplus Areas (LSA) to be used by federal and state entities in a number of actions such as procurement and property transfer. The annual LSA list is updated during the year based upon petitions submitted to DOL by State Workforce Agencies requesting additional areas for LSA certification. This collection provides the processes by which States can submit petitions for additional LSA certification. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on January 23, 2023 (88 FR 4031).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal.
