

program is intended to provide funding to providers of advanced communications service for the removal, replacement and disposal of certain communications equipment and services that poses an unacceptable national security risk (*i.e.*, covered equipment and services) from their networks. The Commission has designated two entities—Huawei Technologies Company (Huawei) and ZTE Corporation (ZTE), along with their affiliates, subsidiaries, and parents—as covered companies posing such a national security threat. *See Protecting Against National Security Threats to the Communications Supply Chain Through FCC Programs—Huawei Designation*, PS Docket No. 19–351, Memorandum Opinion and Order, 35 FCC Rcd 14435 (2020); *Protecting Against National Security Threats to the Communications Supply Chain Through FCC Programs—ZTE Designation*, PS Docket No. 19–352, Memorandum Opinion and Order, DA 20–1399 (PSHSB rel. Nov. 24, 2020).

On December 10, 2020, the Commission adopted the Second Report and Order implementing the Secure Networks Act, which contained new information collection requirements. *See Protecting Against National Security Threats to the Communications Supply Chain Through FCC Programs*, WC Docket No. 18–89, Second Report and Order, 35 FCC Rcd 14284 (2020) (*Second Report and Order*). These requirements allow the Commission to receive, review and make eligibility determinations and funding decisions on applications to participate in the Reimbursement Program that are filed by certain providers of advanced communications service. These information collection requirements also assist the Commission in processing funding disbursement requests and in monitoring and furthering compliance with applicable program requirements to protect against waste, fraud, and abuse. Participation in the Reimbursement Program is voluntary, but compliance with the information collection requirements is required to obtain Reimbursement Program support.

On August 3, 2021, the Wireline Competition Bureau (Bureau) released a Public Notice adopting procedures for filing and processing applications submitted for the Reimbursement Program. These procedures largely tracked the procedural rules previously adopted by the Commission in the *Second Report and Order*, but also adopted a new requirement that Reimbursement Program participants notify the Commission of changes in ownership, to ensure accurate

information is on file for participants and to help protect the Reimbursement Program against waste, fraud, and abuse.

This submission proposes to revise this currently-approved collection by deleting an existing question on FCC Form 5640 and replacing it with a more detailed query. The new question will ask program participants to describe in detail how they have spent Reimbursement Program funds. The addition of this question will allow the Bureau to satisfy its statutory obligations to collect information about how Reimbursement Program funds have been spent, including detailed accounting of the covered communications equipment and services permanently removed and disposed of, and the replacement equipment or services purchased, rented, leased, or otherwise obtained using Reimbursement Program funds, as well as to combat waste, fraud, and abuse, as required under the Secure Networks Act. The Bureau determined that FCC Form 5640 required this revision in order to elicit the information necessary for the Bureau to better satisfy its statutory obligations.

This proposed addition will increase the information collected, and will impose an additional burden on respondents, which will vary with the number of invoices respondents submit during the relevant reporting period. However, this submission also reflects a decrease in the estimated total annual responses, total annual burden hours, and total annual costs for this collection. These adjustments are due to a reduction of the number of respondents for several categories of information to be collected on Form 5640, based on the Bureau's experience with the Reimbursement Program since this collection was first approved.
