BILLING CODE 4710-AD-P**DEPARTMENT OF STATE****[Public Notice: 12044]****Notice of Shipping Coordinating Committee Meeting in Preparation for International Maritime Organization MSC 107 Meeting**

The Department of State will conduct a public meeting of the Shipping Coordinating Committee at 10:00 a.m. on Monday, May 22, 2023, both in-person at Coast Guard Headquarters and via teleconference. The primary purpose of the meeting is to prepare for the one-hundred seventh session of the International Maritime Organization's (IMO) Maritime Safety Committee (MSC 107) to be held at IMO Headquarters in London, United Kingdom from Wednesday, May 31, 2023 to Friday June 9, 2023.

Members of the public may participate up to the capacity of the teleconference phone line, which can handle 500 participants or up to the seating capacity of the room if attending in person. The meeting location will be the United States Coast Guard Headquarters, Ray Evans Conference Center, Section A, and the teleconference line will be provided to those who RSVP. To RSVP, participants should contact the meeting coordinator, LCDR Jessica Anderson, by email at jessica.p.anderson@uscg.mil. LCDR Anderson will provide access information for in-person and virtual attendance.

The agenda items to be considered by the advisory committee at this meeting mirror those to be considered at MSC 107, and include:

- Opening of the session
- Adoption of the agenda; report on credentials
- Decisions of other IMO bodies
- Consideration and adoption of amendments to mandatory instruments
- Goal-based new ship construction standards
- Development of a goal-based instrument for Maritime Autonomous Surface Ships (MASS)
- Development of further measures to enhance the safety of ships relating to the use of fuel oil

- Measures to enhance maritime security
- Piracy and armed robbery against ships
- Unsafe mixed migration by sea
- Formal safety assessment
- Carriage of cargoes and containers (Report of the eighth session of the Sub-Committee)
- Human element, training and watchkeeping (Report of the ninth session of the Sub-Committee)
- Ship systems and equipment (Report of the ninth session of the Sub-Committee)
- Navigation, communications and search and rescue (Urgent matters emanating from the tenth session of the Sub-Committee)
- Application of the Committee's method of work
- Work programme
- Election of the Chair and Vice-Chair for 2024
- Any other business

Please note: the IMO may, on short notice, adjust the MSC 107 agenda to accommodate the constraints associated with the meeting format. Any changes to the agenda will be reported to those who RSVP.

Those who plan to participate should contact the meeting coordinator, LCDR Jessica Anderson, by email at Jessica.P.Anderson@uscg.mil, or in writing at 2703 Martin Luther King Jr. Ave. SE, Stop 7509, Washington, DC 20593-7509 no later than May 17, 2023. Please note that, due to security considerations, two valid, government issued photo identifications must be presented to gain entrance to the Douglas A. Munro Coast Guard Headquarters Building at St. Elizabeth's. This building is accessible by taxi, public transportation, and privately owned conveyance (upon request). Additionally, members of the public needing reasonable accommodation should advise the meeting coordinator not later than May 17, 2023. Requests made after that date will be considered but might not be possible to fulfill.

Additional information regarding this and other IMO public meetings may be found at: <https://www.dco.uscg.mil/IMO>.

(Authority: 22 U.S.C. 2656 and 5 U.S.C. 1009.)

Emily A. Rose,*Executive Secretary, Shipping Coordinating Committee, Office of Ocean and Polar Affairs, Department of State.*

BILLING CODE 4710-09-P**SUSQUEHANNA RIVER BASIN COMMISSION****Public Hearing****AGENCY:** Susquehanna River Basin Commission.**ACTION:** Notice.

SUMMARY: The Susquehanna River Basin Commission is seeking public comment on a new proposed general permit, General Permit GP-02 Groundwater Withdrawals for Emergency Uses or Maintenance (GP-02). The proposed General Permit would approve the withdrawal of groundwater from wells for (1) emergency uses or (2) maintenance activities. The Commission will take oral testimony on the proposed General Permit at its regularly scheduled public hearing on May 4, 2023. The Commission will hold this hearing in person and telephonically. The deadline for the submission of written comments on the General Permit is May 30, 2023.

DATES: The public hearing will convene on May 4, 2023, at 6:30 p.m. The public hearing will end at 9 p.m. or at the conclusion of public testimony, whichever is earlier. The deadline for submitting written comments on the General Permit is Tuesday, May 30, 2023.

ADDRESSES: This public hearing will be conducted in person and virtually. You may attend in person at Susquehanna River Basin Commission, 4423 N Front St., Harrisburg, Pennsylvania, or join by telephone at Toll-Free Number 1-877-304-9269 and then enter the guest passcode 2619070 followed by #.

FOR FURTHER INFORMATION CONTACT: Jason Oyler, General Counsel and Secretary to the Commission, telephone: (717) 238-0423 or joyler@srbc.net.

The proposed General Permit and Fact Sheet are available on the Commission's website at <https://www.srbc.net>.

SUPPLEMENTARY INFORMATION: GP-02 is designed to provide a pathway for projects that require temporary groundwater withdrawals, generally from back-up or reserve wells, to address an emergency or maintenance activity. Under SRBC regulations, these wells are subject to full technical review under 18 CFR part 806. For drinking water wells, they must also be fully permitted under the Safe Drinking Water laws and regulations of our member jurisdictions.

GP-02 allows for and encourages proactive planning for how a project conducts and maintains operations during emergency or maintenance

outages of primary water sources. For public water supply sources specifically, GP-02 would focus the Commission's role with respect to wells needed for emergency or maintenance and activities, in part, by deferring to the member jurisdictions' safe drinking water permits as the primary sources of regulation. The proposed fee for coverage under GP-02 is \$3,000, which includes review of the project's Contingency Plan and project details. This is less costly than the current regulatory review fees faced by these projects when they go through the full docket review process. GP-02 has a proposed term of fifteen (15) years, in keeping with Commission regulations at 18 CFR 806.31 where projects generally have a term of 15 years.

Opportunity To Appear and Comment

Interested parties may call into the hearing to offer comments to the Commission on any business listed above required to be the subject of a public hearing. Given the nature of the meeting, the Commission strongly encourages those members of the public wishing to provide oral comments to pre-register with the Commission by emailing Jason Oyler at joyler@srbc.net before the hearing date. The presiding officer reserves the right to limit oral statements in the interest of time and to control the course of the hearing otherwise. Access to the hearing via telephone will begin at 6:15 p.m. Guidelines for the public hearing are posted on the Commission's website, www.srbc.net, before the hearing for review. The presiding officer reserves the right to modify or supplement such guidelines at the hearing. Written comments on any business listed above required to be the subject of a public hearing may also be mailed to Mr. Jason Oyler, Secretary to the Commission, Susquehanna River Basin Commission, 4423 North Front Street, Harrisburg, Pa. 17110-1788, or submitted electronically through <https://www.srbc.net/regulatory/public-comment/>. Comments on the GP-02 mailed or electronically submitted must be received by the Commission on or before Tuesday, May 30, 2023, to be considered.

Authority: Pub. L. 91-575, 84 Stat. 1509 *et seq.*; 18 CFR 806.17.

Dated: April 12, 2023.

Jason E. Oyler,

General Counsel and Secretary to the Commission.

BILLING CODE 7040-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. FAA-2023-0975]

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Experimental Permits for Reusable Suborbital Rockets

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The FAA collects information from applicants for experimental permits in order to determine whether they satisfy the requirements for obtaining an experimental permit.

DATES: Written comments should be submitted by June 16, 2023.

ADDRESSES: Please send written comments:

By Electronic Docket:
www.regulations.gov (Enter docket number into search field).

By Mail: Charles Huet, 800 Independence Avenue SW, Room 331, Washington, DC 20591.

FOR FURTHER INFORMATION CONTACT: Charles Huet by email at: charles.huet@faa.gov or; phone: (202) 267-7427.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0722.

Title: Experimental Permits for Reusable Suborbital Rockets.

Form Numbers: There are no FAA forms associated with this collection.

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following

collection of information was published on June 19, 2017 (82 FR 27949). There were no comments. 14 CFR part 437 established requirements for the FAA's authority to issue experimental permits for reusable suborbital rockets to authorize launches for the purpose of research and development, crew training and showing compliance with the regulations. The information collected includes data required for performing a safety review, which includes a technical assessment to determine if the applicant can launch a reusable suborbital rocket without jeopardizing public health and safety and the safety of property. This information collection requirement is intended for incorporating acquired data into the experimental permit, which then becomes binding on the launch or reentry operator. The applicant is required to submit information that enables FAA to determine, before issuing a permit, if issuance of the experimental permit would jeopardize the foreign policy or national security interests of the U.S.

Respondents: Approximately 10 applicants for experimental permits.

Frequency: On occasion.

Estimated Average Burden per Response: 18.6 Hours.

Estimated Total Annual Burden: 2,567 Hours.

James A. Hatt,

Space Policy Division Manager, Office of Commercial Space Transportation.

BILLING CODE P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No: FAA-2023-0530]

Fiscal Year 2023 Competitive Funding Opportunity: Airport Improvement Program Discretionary Grants

AGENCY: Federal Aviation Administration, U.S. Department of Transportation.

ACTION: Notice of funding opportunity.

SUMMARY: The U.S. Department of Transportation's Federal Aviation Administration (FAA) announces the opportunity to apply for an estimated \$1.5 billion in fiscal year (FY) 2023 discretionary grants under the Airport Improvement Program (AIP). The FAA awards these annually appropriated discretionary funds through the FAA's long-standing iterative, competitive grant process. Prior to the publication of this Notice of Funding Opportunity
