Management Council's (Pacific Council)

**SUPPLEMENTARY INFORMATION:** The  
purpose of the SSC Economics  
Subcommittee meeting is to review a  
comparative cost study for the West  
Coast Groundfish Trawl Catch Share  
Program. In 2022, NMFS provided the  
Pacific Council with funds for a contract  
to look more closely at catch share  
fishery costs that are borne by industry  
and NMFS. Pacific Council staff  
engaged Mr. Darrell Brannan to conduct  
the work. The cost project covers three  
broad objectives: (a) documentation of  
industry concerns and identifying costs  
related to specific program elements, (b)  
comparison of those costs to similar  
catch share programs, and (c)  
organization and presentation of the  
information to inform future  
deliberations.

No management actions will be  
decided by the meeting participants.  
The participants' role will be the  
development of recommendations and  
reports for consideration by the SSC and  
the Pacific Council. The Pacific Council  
and SSC are scheduled to consider the  
comparative cost study for the West  
Coast Groundfish Trawl Catch Share  
Program at their September 2023  
meeting in Spokane, Washington.

Although nonemergency issues not  
contained in the meeting agenda may be  
discussed, those issues may not be the  
subject of formal action during this  
meeting. Action will be restricted to  
those issues specifically listed in this  
notice and any issues arising after  
publication of this notice that require  
emergency action under Section 305(c)  
of the Magnuson-Stevens Fishery  
Conservation and Management Act,

provided the public has been notified of the intent of the workshop participants to take final action to address the emergency.
