agencies, along with other stakeholders that may be interested or affected by the BLM's decision on this project, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate as a cooperating agency. The BLM encourages comments concerning the proposed Golden Currant Solar Project and RMPA, possible measures to minimize and/or avoid adverse environmental impacts, and any other information relevant to the Proposed Action.

The BLM also requests assistance with identifying potential alternatives to the Proposed Action. As alternatives should resolve an issue with the Proposed Action, please indicate the purpose of the suggested alternative. In addition, the BLM requests the identification of potential issues that should be analyzed. Issues should be a result of the Proposed Action or Alternatives; therefore, please identify the activity along with the potential issues.

Lead and Cooperating Agencies

The BLM Las Vegas Field Office is the lead Federal agency for this RMPA and EIS and the related National Historic Preservation Act section 106 process. The following have agreed to participate in the environmental analysis of the Project as Cooperating Agencies: Clark County Department of Aviation, Nye County, U.S. Fish and Wildlife Service, U.S. Environmental Protection Agency, Nevada Department of Wildlife, and Nevada Division of Emergency Management. Twenty-one entities declined or did not respond to the BLM's offer to participate in the Project as a Cooperating Agency. Federal, State, and local agencies, Tribes, and stakeholders interested in the scoping process may request or be requested by the BLM, if eligible, to participate in the development of the EIS as a Cooperating Agency.

Responsible Official

The Nevada State Director is the deciding official for this planning effort and proposed Golden Currant Solar Project.

Nature of Decision To Be Made

The nature of the decision to be made will be the State Director's selection of land use planning decisions for managing BLM-administered lands under the principles of multiple use and sustained yield in a manner that best addresses the purpose and need.

The BLM will decide whether to grant, grant with conditions, or deny the right of way application. Pursuant to 43 CFR 2805.10, if the BLM issues right-ofway grant(s), the BLM decision maker may include terms, conditions, and stipulations determined to be in the public interest.

Interdisciplinary Team

The BLM will use an interdisciplinary approach to develop the EIS in order to consider the variety of resource issues and concerns identified. Specialists with expertise in the following disciplines will be involved in this process: air quality, archaeology, botany, climate change, environmental justice, fire and fuels, geology/mineral resources, hazardous materials, hydrology, invasive/non-native species, lands and realty, National Conservation Lands, National Trails System, public health and safety, recreation/ transportation, socioeconomics, soils, visual resources, and wildlife.

Additional Information

The BLM will identify, analyze, and consider mitigation to address the reasonably foreseeable impacts to resources from the proposed action and all analyzed reasonable alternatives and, in accordance with 40 CFR 1502.14(e), include appropriate mitigation measures not already included in the proposed action or alternatives. Mitigation may include avoidance, minimization, rectification, reduction or elimination over time, and compensation; and may be considered at multiple scales, including the landscape scale.

The BLM will utilize and coordinate the NEPA and land use planning processes for this planning effort to help support compliance with applicable procedural requirements under the Endangered Species Act (16 U.S.C. 1536) and Section 106 of the National Historic Preservation Act (54 U.S.C. 306108) as provided in 36 CFR 800.2(d)(3), including public involvement requirements of section 106. The information about historic and cultural resources and threatened and endangered species within the area potentially affected by the proposed plan amendment will assist the BLM in identifying and evaluating impacts to such resources

The BLM will consult with Indian Tribal Nations on a government-togovernment basis in accordance with Executive Order 13175, BLM MS 1780, and other policies. Tribal concerns, including impacts on Tribal trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, along with Indian Tribal Nations, and other stakeholders that may be interested in or affected by the proposed action that the BLM is evaluating, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate in the development of the environmental analysis as a cooperating agency. The BLM intends to hold a series of government-to-government consultation meetings. The BLM will send invitations to potentially affected Indian Tribal Nations prior to the meetings. The BLM will provide additional opportunities for government-to-government consultation during the NEPA process.

Land Exchange at Virgin Islands National Park

AGENCY: National Park Service, Interior. **ACTION:** Notice of land exchange.

SUMMARY: The National Park Service has identified a federally owned parcel of land to be suitable for disposal by exchange. The selected Federal land to be exchanged is within the boundary of the Virgin Islands National Park (Park) but is not essential for administration of the park unit. The land was surveyed during a National Environmental Policy Act (NEPA)/Environmental Assessment process for cultural resources and endangered and threatened species.

DATES: The effective date of this boundary revision is April 25, 2023.

COMMENTS AND FURTHER INFORMATION: The comment period on the proposed exchange ends 45 days from the date of publication. Information may be obtained from or comments pertaining to this exchange should be addressed to Russell Webb, Supervisory Realty Specialist, *russell_webb@nps.gov* and at the above referenced address. Adverse comments will be evaluated, and this action may be modified or vacated accordingly. In the absence of any action to modify or vacate, the land exchange will proceed as proposed.

Detailed information concerning this exchange including precise legal descriptions, Land Protection Plan, and environmental assessment are available at the Land Resources Program Office— National Park Service, 2975 Horseshoe Dr. S, Suite 800, Naples, Florida 34104. The documents specific to the Environmental Assessment/NEPA requirements and the Finding of No Significant Impact are located as follows: https://parkplanning.nps.gov/ StJohnLandExchange.

SUPPLEMENTARY INFORMATION: The authority for this exchange is the Act of October 5, 1962, Public Law 87–750, Stat 746, Sec. 2, the Act of July 15, 1968 (54 U.S.C. 102901), and Title 31 V.I. Code § 231a (referred to and cited as the Virgin Islands School Land Exchange Act). The lands granted by the United States in the exchange should be of approximately equal value to the property being acquired and located within the authorized boundaries of the Park. Any difference must be corrected with monetary compensation.

Fee ownership to the federallyowned-land to be exchanged is described as follows: VIIS Tract 01– 137A is an 11.3-acre parcel of land acquired by the United States of America by deed recorded in Deed Book 9–X on Page 266 at the District of St. Thomas, St. John Island Clerk's Office. The land is being conveyed in fee simple by a Quitclaim Deed with restrictive covenants and a discretionary right of reverter.

In exchange for the federally owned parcel of land, the United States of America will acquire a 17.97-acre parcel of land currently owned by The Territorial Government of the U.S. Virgin Islands (GVI) lying within the boundary of the Park. The land is being
