Abstract: Section 608 of the Clean Air Act (CAA), also known as the National Recycling and Emission Reduction Program (the Program), directs the Environmental Protection Agency (EPA) to issue regulations governing the use of ozone-depleting substances (ODS), including chlorofluorocarbons (CFCs) and hydrochlorofluorocarbons (HCFCs), during the maintenance, service, repair, or disposal of air-conditioning and refrigeration appliances. Section 608 also prohibits knowingly venting or releasing ozone-depleting and substitute refrigerants in the course of maintaining, servicing, repairing, or disposing of appliances or industrial process refrigeration except for de minimis releases associated with good faith attempts to recycle or recover refrigerants. The regulations require persons servicing refrigeration and air-conditioning appliances to follow certain service practices that reduce emissions of refrigerants. The regulations also establish certification programs for technicians, recovery/recycling equipment, and refrigerant reclamation. In addition, EPA requires that refrigerants contained in appliances be removed prior to disposal of the appliances and that all refrigeration and air-conditioning appliances be provided with a servicing aperture that facilitates recovery of the refrigerant. The Agency requires that substantial refrigerant leaks in appliances containing ozone-depleting refrigerant be repaired when they are discovered.

Form Numbers: 5900-404, 5900-405, 5900-407.

Respondents/affected entities: Entities required to comply with reporting and recordkeeping requirements include technicians; technician certification programs; refrigerant wholesalers; refrigerant reclaimers; refrigerant recovery equipment certification programs; certain refrigeration and air-conditioning equipment owners and/or operators; and other establishments that

perform refrigerant removal, service, or disposal.

Respondent's obligation to respond: Mandatory (40 CFR part 82, subpart F).

Estimated number of respondents: 572,727 (total).

Frequency of response: The frequency of responses varies from once a year to daily.

Total estimated burden: 425,514 hours (per year). Burden is defined at 5 CFR 1320.03(b)

Total estimated cost: \$31,432,946 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is a decrease of 8,845 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease is due to adjusted respondent estimates for appliance leak repair and retrofit or retirement plan extension requests based on recently available industry data and reported activity.

BILLING CODE P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-FY-2023; Docket No. CDC-2023-0032]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other federal agencies the opportunity to comment on a proposed and/or continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled Airline and Vessel Traveler Information Collection. The information collected will be used to conduct contact tracing and public health follow-up on travelers who have been identified in a risk exposure zone on a conveyance where a traveler was

confirmed or suspected of traveling with infectious with a communicable disease of public health importance.

DATES: CDC must receive written comments on or before June 26, 2023.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2023-0032 by either of the following methods:

- *Federal eRulemaking Portal:* www.regulations.gov. Follow the instructions for submitting comments.
- *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to www.regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (www.regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329; Telephone: 404-639-7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information,
