

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[RTID 0648–XC975]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Ad Hoc Marine Planning Committee (MPC) will hold an online public meeting.

DATES: The online meeting will be held Thursday, May 18, 2023, from 10 a.m. to 4 p.m. Pacific Daylight Time or until business for the day has been completed.

ADDRESSES: This meeting will be held online. Specific meeting information, including a proposed agenda and directions on how to join the meeting and system requirements will be provided in the meeting announcement on the Pacific Council's website (see www.pcouncil.org). You may send an email to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov) or contact him at (503) 820–2412 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220–1384.

FOR FURTHER INFORMATION CONTACT: Kerry Griffin, Staff Officer, Pacific Council; telephone: (503) 820–2409.

SUPPLEMENTARY INFORMATION: The purpose of this online meeting is for the MPC to consider current offshore wind energy issues and to provide information and advice to the Pacific Council for consideration at its June 2023 meeting. Topics may include discussion of pending draft Wind Energy Areas (WEAs) off the Oregon Coast, an update on California offshore wind energy lease sales, and other related topics.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of

the intent to take final action to address the emergency.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov); (503) 820–2412) at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: April 27, 2023.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Notice of Intent To Grant an Exclusive License With a Joint Ownership Agreement

AGENCY: Department of the Air Force, Department of Defense.

ACTION: Notice of intent.

SUMMARY: Pursuant to the Bayh-Dole Act and implementing regulations, the Department of the Air Force hereby gives notice of its intent to grant an exclusive license with a joint ownership agreement to Tensor Networks, an Inc. duly organized, validly existing, and in good standing in the State of California having a place of business at 1289 Reamwood Ave., Ste. G, Sunnyvale, CA 94089.

DATES: Written objections must be filed no later than fifteen (15) calendar days after the date of publication of this Notice.

ADDRESSES: Submit written objections to Stephen Colenzo, AFRL/RI, 525 Brooks Road, Rome, New York 13441; or email: stephen.colenzo@us.af.mil. Include Docket No. 23–RI–L–02 in the subject line of the message.

FOR FURTHER INFORMATION CONTACT: Stephen Colenzo, AFRL/RI, 525 Brooks Road, Rome, New York 13441; (315) 330–7665 or e mail: stephen.colenzo@us.af.mil.

Abstract of Patent Application(s)

In accordance with various embodiments of the disclosed subject matter, a method and framework configured for modeling a pattern of life (POL) by processing both categorical data and non-categorical data (e.g., numeric, spatial etc.), conducting pattern of life estimation (POLE), and

detecting anomalous data in a multi-dimensional data set in a substantially simultaneous manner by comparing statistical PoL results.

Intellectual Property

—POTTENGER ET AL, U.S. Patent No. 11,308,384, issued on 19 April 2022, and entitled “*Method and Framework for Pattern of Life Analysis.*”

The Department of the Air Force may grant the prospective license unless a timely objection is received that sufficiently shows the grant of the license would be inconsistent with the Bayh-Dole Act or implementing regulations. A competing application for a patent license agreement, completed in compliance with 37 CFR 404.8 and received by the Air Force within the period for timely objections, will be treated as an objection and may be considered as an alternative to the proposed license.

Authority: 35 U.S.C. 209; 37 CFR 404.

Mia Day,

Acting Air Force Federal Register Liaison Officer.

Notice of Intent To Grant a Partially Exclusive Patent License

AGENCY: Department of the Air Force, Department of Defense.

ACTION: Notice of intent.

SUMMARY: Pursuant to the Bayh-Dole Act and implementing regulations, the Department of the Air Force hereby gives notice of its intent to grant a partially exclusive patent license (in the fields of commercial and defense composite manufacturing using structural bonding; load bearing bonding; and electrical bonding) to Unmanned Systems Incorporated—DBA Albers Aerospace, a C Corporation duly organized, validly existing, and in good standing in the State of Nevada, having a place of business at 1476 Industrial Blvd., McKinney TX.

DATES: Written objections must be filed no later than fifteen (15) calendar days after the date of publication of this Notice.

ADDRESSES: Submit written objections to Jeremy Gratsch, AFRL/RXOP, 2977 Hobson Way, Building 653, Wright-Patterson AFB, OH 45433; Phone: 937-255-0017; or Email: AFRL.RX.T2@us.af.mil. Include Docket No. ARX-220921A-PL in the subject line of the message.

FOR FURTHER INFORMATION CONTACT: Jeremy Gratsch, AFRL/RXOP, 2977 Hobson Way, Building 653, Wright-Patterson AFB, OH 45433; Phone: 937-255-0017; or Email: AFRL.RX.T2@us.af.mil.

Abstract of Patent Application(s)

The present invention discloses cured composites having improved surfaces and processes of making and methods of using same. Such processes use ultra-short pulse lasers, for example, a femto-second laser to ablate material without the detrimental heat affected zones of other laser processes. Such process can not only increase surface roughness and clean contaminates, but can also selectively remove the matrix material and expose the surface fibers of cured composites. The treated cured composites have improved thermal and electrical pathways that can dissipate unwanted heat and electricity when two or more prepregs and/or cured composites are bonded or cured to form a single article.

Intellectual Property

U.S. Application Publication No. 2022/0274369, published on 1 September 2022, and entitled *PREPREGS AND CURED COMPOSITES HAVING IMPROVED SURFACES AND PROCESSES OF MAKING AND METHODS OF USING SAME*.

The Department of the Air Force may grant the prospective license unless a timely objection is received that sufficiently shows the grant of the license would be inconsistent with the Bayh-Dole Act or implementing regulations. A competing application for a patent license agreement, completed in compliance with 37 CFR 404.8 and received by the Air Force within the period for timely objections, will be treated as an objection and may be considered as an alternative to the proposed license.

Authority: 35 U.S.C. 209; 37 CFR 404.

Mia Day,

Acting Air Force Federal Register Liaison Officer.

BILLING CODE 5001-10-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Science Board; Notice of Federal Advisory Committee Meeting

AGENCY: Under Secretary of Defense for Research and Engineering, Defense Science Board, Department of Defense (DoD).

ACTION: Notice of Federal advisory committee meeting.

SUMMARY: The DoD is publishing this notice to announce that the following Federal advisory committee meeting of the Defense Science Board (DSB) will take place.

DATES: Closed to the public Wednesday, May 3, 2023 from 8 a.m. to 4 p.m.

ADDRESSES: The address of the closed meeting is conference room 3A912A at the Pentagon, Washington, DC 20301.

FOR FURTHER INFORMATION CONTACT: Mr. Kevin Doxey, Designated Federal Officer (DFO), (703) 571-0081 (Voice), (703) 697-1860 (Facsimile), kevin.a.doxey.civ@mail.mil (Email). Mailing address is Defense Science Board, 3140 Defense Pentagon, Room 3B888A, Washington, DC 20301-3140. Website: <http://www.acq.osd.mil/dsb/>. The most up-to-date changes to the meeting agenda can be found on the website.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of chapter 10 of title 5, United States Code (U.S.C.) (commonly known as the "Federal Advisory Committee Act (FACA)"); 5 U.S.C. 552b(c) (commonly known as the "Government in the Sunshine Act"); and sections 102-3.140 and 102-3.150 of title 41, Code of Federal Regulations (CFR).

Due to circumstances beyond the control of the Designated Federal Officer, the Defense Science Board was unable to provide public notification required by 41 CFR 102-3.150(a) concerning its May 3, 2023 meeting. Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102-3.150(b), waives the 15-calendar day notification requirement.

Purpose of the Meeting: The mission of the DSB is to provide independent advice and recommendations on matters relating to the DoD's scientific and technical enterprise. The objective of the meeting is to obtain, review, and evaluate classified information related to the DSB's mission. DSB membership will meet with DoD Leadership to discuss classified current and future

national security challenges and priorities within the DoD.

Agenda: The meeting will begin on May 3, 2023 at 8 a.m. with opening remarks from Mr. Kevin Doxey, the Designated Federal Officer, and Dr. Eric Evans, DSB Chair. The first briefing will be from Brigadier General Jason T. Hinds, Director of Plans, Programs, and Analyses, U.S. Air Forces in Europe-Air Forces Africa, who will provide classified remarks on current events in Europe. Following break, Vice Admiral Jon Hill, Director, Missile Defense Agency (MDA), will provide classified remarks on MDA's priorities. Following break, the Board will deliberate and vote on the DSB Quick Task Force on National Security Innovation Activities' findings and recommendations. Following break, the Honorable Carlos Del Toro, Secretary of the Navy, will provide classified remarks on the Navy's technical challenges and priorities. Next, the Honorable Susanna V. Blume, Director, Cost Assessment and Program Evaluation (CAPE), will provide classified remarks on CAPE's challenges and priorities. Finally, Dr. Kathleen Hicks, accompanied by Dr. Craig Martell, Chief Digital and Artificial Intelligence Officer, and Ms. Heidi Shyu, Under Secretary of Defense for Research and Engineering, will provide classified remarks on the DoD's technical challenges and priorities. The meeting will adjourn at 4 p.m.

Meeting Accessibility: In accordance with 5 U.S.C. 1009(d) and 41 CFR 102-3.155, the DoD has determined that the DSB meeting will be closed to the public. Specifically, the Under Secretary of Defense for Research and Engineering, in consultation with the DoD Office of the General Counsel, has determined in writing that the meeting will be closed to the public because it will consider matters covered by 5 U.S.C. 552b(c)(1). The determination is based on the consideration that it is expected that discussions throughout will involve classified matters of national security concern. Such classified material is so intertwined with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of the overall meetings. To permit the meeting to be open to the public would preclude discussion of such matters and would greatly diminish the ultimate utility of the DSB's findings and recommendations to the Secretary of Defense and to the Under Secretary of Defense for Research and Engineering.

Written Statements: In accordance with 5 U.S.C. 1009(a)(3) and 41 CFR 102-3.105(j) and 102-3.140, interested
