Addendum XIV: Medicare-Approved Bariatric Surgery Facilities (January through March 2023)

Addendum XIV includes a listing of Medicare-approved facilities that meet minimum standards for facilities modeled in part on professional society statements on competency. All facilities must meet our standards in order to receive coverage for bariatric surgery procedures. On February 21, 2006, we issued our decision memorandum on bariatric surgery procedures. We determined that bariatric surgical procedures are reasonable and necessary for Medicare beneficiaries who have a body-mass index (BMI) greater than or equal to 35, have at least one co-morbidity related to obesity and have been previously unsuccessful with medical treatment for obesity. This decision also stipulated that covered bariatric surgery procedures are reasonable and necessary only when performed at facilities that are: (1) certified by the American College of Surgeons (ACS) as a Level I Bariatric Surgery Center (program standards and requirements in effect on February 15, 2006); or (2) certified by the American Society for Bariatric Surgery (ASBS) as a Bariatric Surgery Center of Excellence (BSCOE) (program standards and requirements in effect on February 15, 2006).

There were no additions, deletions, or editorial changes to Medicare-approved facilities that meet CMS' minimum facility standards for bariatric surgery that have been certified by ACS and/or ASMBS in the 3-month period. This information is available at www.cms.gov/MedicareApprovedFacilities/BFSF/list.asp#TopOfPage. For questions or additional information, contact Sarah Fulton, MHS (410-786-2749).

Addendum XV: FDG-PET for Dementia and Neurodegenerative Diseases Clinical Trials (January through March 2023)

There were no FDG-PET for Dementia and Neurodegenerative Diseases Clinical Trials published in the 3-month period.

This information is available on our website at

BILLING CODE 4120-01-C

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Home-Based Child Care Practices and Experiences Study (New Collection)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) Office of Planning, Research, and Evaluation is proposing a new primary data collection to examine the experiences, strengths, resources, and strategies used by home-based child care providers to serve and support equitable outcomes for children and families. The Home-Based Child Care Practices and Experiences study will explore the experiences of a particular group of home-based child care providers who are legally exempt from state licensing or other state

regulations that apply to non-custodial care of children in the provider's own home; these providers are commonly referred to as family, friend, and neighbor providers.

DATES: *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. You can also obtain copies of the proposed collection of information by emailing OPREinfocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The study will use semi-ethnographic, open-ended methods

(including semi-structured interviews, and photo and audio journals) to generate rich information about the experiences of study respondents. The study will be conducted in four sites across the United States and will involve one round of data collection. Data collection will be conducted virtually and is planned to occur over a 5-month period. The study results are intended to inform future research and federal programs by contributing rich data on the ways family, friend, and neighbor providers think about and enact quality for children and families. The study will address substantial gaps in the existing evidence around "why" and "how" family, friend, and neighbor providers care for and educate children, and it will provide the foundation for future research on home-based child care. Study findings can also inform efforts to better align quality improvement efforts with the aspects of quality that providers and families find the most important in these settings.

Respondents: Family, friend, and neighbor child care providers, family members of the children cared for by the providers, and community members who support the providers.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents (total over request period)	Number of responses per respondent (total over request period)	Avg. burden per response (in hours)	Total/annual burden (in hours)
1. Provider screener	120	1	0.33	40
2. Provider interview #1	60	1	1.5	90
3. Provider logistics call	60	1	1	60
4. Provider photo journals	60	8	0.10	48
5. Provider audio journals	60	8	0.15	72
6. Provider interview #2	60	1	1.5	90
7. Family member interview	120	1	1	120
8. Community member interview	60	1	0.5	30
9. Provider feedback focus group	20	1	1	20

Estimated Total Annual Burden Hours: 570.
Authority: 42 U.S.C. 9858.

Mary B. Jones,
ACF/OPRE Certifying Officer.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Community Living

Agency Information Collection Activities: Proposed Collection; Public Comment Request; of the Annual SMP/SHIP/MIPPA National Training Conference Survey OMB Control Number 0985-0068

AGENCY: Administration for Community Living, Department of Health and Human Services.
ACTION: Notice.

SUMMARY: The Administration for Community Living (ACL) is announcing an opportunity for the public to comment on the proposed collection of information listed above. Under the Paperwork Reduction Act of 1995 (PRA), Federal agencies are required to publish a notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment in response to the notice. This IC Extension solicits comments on the information collection requirements relating to the Annual SMP/SHIP/MIPPA National Training Conference Survey.

DATES: Comments on the collection of information must be submitted electronically by 11:59 p.m. (EST) or postmarked by July 11, 2023.

ADDRESSES: Submit electronic comments on the collection of

information to: *Katherine.Glendenig@acl.hhs.gov*. Submit written comments on the collection of information to Administration for Community Living, 330 C Street SW, Washington, DC 20201, Attention: Katherine Glendenig.

FOR FURTHER INFORMATION CONTACT: Katherine Glendenig, Administration for Community Living, Washington, DC 20201, (202) 795-7350 or *Katherine.Glendenig@acl.hhs.gov*.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined as and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. The PRA requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, ACL is publishing a notice of the proposed collection of information set forth in this document.

With respect to the following collection of information, ACL invites comments on our burden estimates or any other aspect of this collection of information, including:

(1) whether the proposed collection of information is necessary for the proper performance of ACL's functions, including whether the information will have practical utility;

(2) the accuracy of ACL's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used to determine burden estimates;

(3) ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) ways to minimize the burden of the collection of information on respondents, including using automated collection techniques when appropriate, and other forms of information technology.

The Office of Healthcare Information and Counseling (OHIC) hosts an annual national training conference for the federally funded programs that it administers. The audience for this training conference includes attendees from State Health Insurance Assistance Program (SHIP), Senior Medicare Patrol (SMP) programs and Medicare Improvements for Patients and Providers Act (MIPPA) programs, which are three nationally recognized programs that provide Medicare information and counseling to Medicare beneficiaries and help, fight Medicare fraud through prevention and education. Grantee leadership is required to attend this training annually to ensure they receive critical information and technical assistance needed to help them successfully meet the requirements of their grant awards. Grantees are encouraged to bring up to three (3) people from each program. Programs operate in each of the 50 states, the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands.

Section 4360(f) of OBRA 1990 created the State Health Insurance Assistance Program (SHIP) and requires the Secretary to support a national network of grantees to provide outreach and assistance to Medicare beneficiaries. In addition, under Public Law 104-208, the Omnibus Consolidated Appropriations Act of 1997, Congress established the Senior Medicare Patrol Projects to further curb losses to the Medicare program. The Senate Committee noted that retired professionals, with appropriate training,
