*Abstract:* State and local government agencies will use the Application for Registration of Firearms Acquired by Certain Governmental Entities—ATF Form 10 (5320.10) to register an otherwise un-registerable National

Firearms Act (NFA). The NFA requires the registration of certain firearms under Federal Law. The Form 10 registration allows State and local agencies to comply with the NFA, and retain and use firearms that would otherwise have to be destroyed. The information collection (IC) OMB 1140–0016 (Application for Registration of Firearms Acquired by Certain Governmental Entities—ATF F 10 (5320.10)) is being revised due to an increase in the total respondents, responses, burden hours and associated costs, since the last renewal in 2020. Additionally, the adjustments associated with this IC includes an increase in both, the total number of respondents and responses by 544. Consequently, the total public burden hours and costs for this IC has also increased by 272 hours and \$171.36 respectively, since the last renewal in 2020.

**SUPPLEMENTARY INFORMATION:** The National Defense Authorization Act for Fiscal Year 2008, Public Law 110–181, was enacted on January 28, 2008. Section 1105 of Public Law 110–181 amended the Federal Employees' Compensation Act (FECA) creating a new section, 5 U.S.C. 8102a effective upon enactment. This section establishes a FECA death gratuity benefit of up to \$100,000 for eligible beneficiaries of Federal employees and Non-Appropriated Fund Instrumentality employees who die from injuries incurred in connection with service with an Armed Force in a contingency operation which also permits agencies to authorize retroactive payment of the death gratuity for employees who died on or after October 7, 2001 in service with an Armed Force in the theater of operations of Operation Enduring Freedom and Operation Iraqi Freedom. It also allows Federal employees to vary the order of precedence of beneficiaries or to name alternate beneficiaries and provides that the OWCP Forms CA–40, CA–41, and CA–42 are to be used to designate beneficiaries and initiate the payment process for death gratuity benefits. Form CA–40 is an optional form that requests the information necessary from the employee to accomplish this variance and to name alternate beneficiaries only if the employee wishes to do so. Form CA–41 provides the means for those named beneficiaries and possible recipients to file claims for those benefits and requests information from such claimants so that OWCP may determine their eligibility for payment. Further, the statute and regulations require agencies to notify OWCP immediately upon the death of a covered employee. CA–42 provides the means to accomplish this notification and requests information necessary to administer any claim for benefits resulting from such a death. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on January 30, 2023 (88 FR 5925).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject

to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.
