

licensees/applicants, and higher cost burdens to licensees/applicants. By streamlining the Universal Licensing System (ULS), the Commission eliminates the filing of duplicative applications for wireless carriers; increases the accuracy and reliability of licensing information; and enables all wireless applicants and licensees to file all licensing-related applications and other filings electronically, thus increasing the speed and efficiency of the application process. The ULS also benefits wireless applicants/licensees by reducing the cost of preparing applications, and speeds up the licensing process in that the Commission can introduce new entrants more quickly into this already competitive industry. Finally, ULS enhances the availability of licensing information to the public, which has access to all publicly available wireless licensing information on-line, including maps depicting a licensee's geographic service area.

Proposal Under OMB Delegated Authority To Extend for Three Years, With Revision, the Following Information Collection

Collection title: Procurement Solicitation Package.

Collection identifier: FR 1400.

OMB Control Number: 7100-0180.

General Description of Collection: The Board uses the Procurement Solicitation Package, which includes a supplier database and solicitation documents as appropriate, to assist in the competitive process of soliciting proposals from suppliers of goods and services. The Procurement Solicitation Package includes the: Supplier Registration System (FR 1400A), Solicitation Package (Solicitation, Offer, and Award Form; Supplier Information Form; Past Performance Data Sheet; and Past Performance Questionnaire) (FR 1400B), Supplier Risk Management Offeror

Questionnaire (FR 1400C), and Subcontracting Report (FR 1400D).

The solicitation documents are typically for the procurement of goods, services and construction that are not off-the-shelf items. The Board's supplier database serves as a venue for Board staff to research potential suppliers and their qualifications. When a solicitation is constructed for a specific acquisition, the solicitation package is typically called a Solicitation, Offer, and Award (SOA) document, which consists of the Solicitation Form (Section A of the SOA) and Supplier Information Form (Section N of the SOA), which are both part of FR 1400B. Depending on the requirements of the specific acquisition, the SOA may also consist of a Past Performance Data Sheet (part of FR 1400B), Past Performance Questionnaire (part of FR 1400B), Supplier Risk Management Offeror Questionnaire (FR 1400C), or Subcontracting Report (FR 1400D). This information collection is required to collect data on prices, specifications of goods and services, and qualifications of prospective suppliers.

Proposed revisions: The Board proposes to revise the FR 1400 by transitioning the FR 1400B into the new online source to settle system provided by Coupa, making minor revisions to the content to help improve reporting and reduce commonly asked follow-up questions, and adding a new section to the SOA, which respondents will be required to complete and then update or re-certify each year. This information would be required for every supplier when they complete a solicitation. Additionally, on an annual basis, suppliers would be required to login to Coupa to update or re-certify that representation information they originally entered in the "Board of Governors Policy Information" section is still correct. The FR 1400C and FR 1400D would also be transitioned to the Coupa system; however, the contents and format of the FR 1400C and FR 1400D would not change. There are no revisions being proposed to the FR 1400A.

Frequency: Event-generated.

Respondents: Businesses and individuals.

Total estimated number of respondents: 630.

Total estimated change in burden: 33.

Total estimated annual burden hours: 24,863.¹

¹ More detailed information regarding this collection, including more detailed burden estimates, can be found in the OMB Supporting Statement posted at <https://www.federalreserve.gov/apps/reportingforms/home/review>. On the page displayed at the link, you can find the OMB
