BILLING CODE 4810-AM-P

DEPARTMENT OF DEFENSE

Department of the Air Force

[AIT-221028B-PL]

Notice of Intent To Grant Partially Exclusive Patent License

AGENCY: Department of the Air Force, Department of Defense.

ACTION: Notice of intent.

SUMMARY: Pursuant to the Bayh-Dole Act and implementing regulations, the Department of the Air Force hereby gives notice of its intent to grant a partially exclusive patent license to Sensor Biometrics, LLC, a small business LLC incorporated in the state of Nebraska and having a place of business at 8526 F Street, Suite 103, Omaha, NE 68127.

DATES: Written objections must be filed no later than fifteen (15) calendar days after the date of publication of this Notice.

ADDRESSES: Submit written objections to Darryl Ahner, AFIT ORTA, 2950 Hobson Way, Wright-Patterson AFB, OH 45433; or Email: *AFIT.CZ.ORTA@us.af.mil*. Include Docket No. AIT-

221028B-PL in the subject line of the message.

FOR FURTHER INFORMATION CONTACT:

Darryl Ahner, AFIT ORTA, 2950 Hobson Way, Wright-Patterson AFB, OH 45433; Telephone: 937-255-3636 or Email: *AFIT.CZ.ORTA@us.af.mil*.

SUPPLEMENTARY INFORMATION:

Abstract of patent application(s):

A method for cyber security monitor includes monitoring a network interface that is input-only configured to surreptitiously and covertly receive bit-level, physical layer communication between networked control and sensor field devices. During a training mode, a baseline distinct native attribute (DNA) fingerprint is generated for each networked field device. During a protection mode, a current DNA fingerprint is generated for each networked field device. The current DNA fingerprint is compared to the baseline DNA fingerprint for each networked field device. In response to detect at least one of RAA and PAA based on a change in the current DNA fingerprint to the baseline DNA fingerprint of one or more networked field devices, an alert is transmitted, via an external security engine interface to an external security engine.

Intellectual Property

Application No. 16/886,874, filed 29 May 2020 and entitled *Passive Physical Layer Distinct Native Attribute Cyber Security Monitor*.

The Department of the Air Force may grant the prospective license unless a timely objection is received that sufficiently shows the grant of the license would be inconsistent with the Bayh-Dole Act or implementing regulations. A competing application for a patent license agreement, completed in compliance with 37 CFR 404.8 and received by the Air Force within the period for timely objections, will be treated as an objection and may be considered as an alternative to the proposed license.

Authority: 35 U.S.C. 209; 37 CFR 404.

Tommy W. Lee,

Acting Air Force Federal Register Liaison Officer.

BILLING CODE 5001-10-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP23-375-000]

Elba Liquefaction Company, LLC; Southern LNG Company, LLC; Notice of Application for Amendment and Establishing Intervention Deadline

Take notice that on April 28, 2023, Elba Liquefaction Company, LLC (ELC), and Southern LNG Company, LLC (SLNG), 569 Brookwood Village, Suite 749, Birmingham, Alabama 35209, filed an application under section 3(a) of the Natural Gas Act (NGA) requesting an amendment to its June 1, 2016 Order¹ (2016 Order) to modify certain Movable Modular Liquefaction System (MMLS) Dehydration and Heavies Removal units that will reduce the fouling rate in the liquefaction units, reduce the resultant flaring events associated with cold box deriming, and therefore allow the MMLS to operate in an optimized condition for longer periods of time without fouling. Accordingly, this project is referred to as the Elba Liquefaction Optimization Project.

Specifically, ELC and SLNG request authorization to (1) make modifications to ten (10) MMLS units; (2) construct and operate a new condensate plant; (3) install three (3) new liquid nitrogen vaporizers; and (4) increase the total liquefaction capacity of the MMLS units up to approximately 2.9 MTPA from 2.5 MTPA (0.0553 Bcf/d).

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (www.ferc.gov) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room. For assistance, contact the Federal Energy Regulatory Commission at *FERCOnlineSupport@ferc.gov* or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application may be directed to Francisco Tarin, Director, Regulatory, or Patricia Francis, Vice President and Managing Counsel, Elba Liquefaction Company, LLC and Southern LNG Company, LLC; 569 Brookwood Village, Suite 749, Birmingham, Alabama,

¹ Elba Liquefaction Company, L.L.C., 155 FERC ¶ 61,219, (2016).

35209. Or alternately to Francisco Tarin at (719) 667-7517 or by email at Francisco_Tarin@kindermorgan.com, or, Patricia Francis at (205) 325-7696 or by email at Patricia_Francis@kindermorgan.com.

Pursuant to Section 157.9 of the Commission's Rules of Practice and Procedure,² within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on May 31, 2023. How to file protests, motions to intervene, and comments is explained below.

Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,³ any person⁴ or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for

authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,⁵ and must be submitted by the protest deadline, which is May 31, 2023. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁶ and the regulations under the NGA⁷ by the intervention deadline for the project, which is May 31, 2023. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/how-guides>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about

the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before May 31, 2023. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP23-375-000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's Website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or⁸

(2) You can file a paper copy of your submission by mailing it to the address below. Your submission must reference the Project docket number CP23-375-000.

To mail via USPS, use the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426

To send via any other courier, use the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502-8258 or FERCOnlineSupport@ferc.gov.

Protests and motions to intervene must be served to the applicant by mail to: Francisco Tarin, Director, Regulatory, or Patricia Francis, Vice President and Managing Counsel, Elba Liquefaction Company, LLC and Southern LNG Company, LLC; 569 Brookwood Village, Suite 749, Birmingham, Alabama, 35209. Or alternately to Francisco Tarin at (719) 667-7517 or by email (with a link to the document) at Francisco_Tarin@kindermorgan.com, or, Patricia Francis

⁸ Additionally, you may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project.

² 18 CFR (Code of Federal Regulations) 157.9.

³ 18 CFR 157.205.

⁴ Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

⁵ 18 CFR 157.205(e).

⁶ 18 CFR 385.214.

⁷ 18 CFR 157.10.

at (205) 325-7696 or by email (with a link to the document) at *Patricia_Francis@kindermorgan.com*.

Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website at *www.ferc.gov* using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to *www.ferc.gov/docs-filing/esubscription.asp*.

Intervention Deadline: 5:00 p.m. Eastern Time on May 31, 2023.

Dated: May 10, 2023.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2715-026]

Kaukauna Utilities; Notice of Application Accepted for Filing and Soliciting Motions To Intervene and Protests

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* New Major License.

b. *Project No.:* P-2715-026.

c. *Date filed:* July 22, 2022.

d. *Applicant:* Kaukauna Utilities (Kaukauna).

e. *Name of Project:* Combined Locks Hydroelectric Project (Combined Locks Project or project).

f. *Location:* The existing project is located on the Lower Fox River in the Village of Combined Locks and the Village of Little Chute, Outagamie County, Wisconsin.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)-825(r).

h. Zachary Moureau, Environmental & Compliance Manager, Kaukauna Utilities, 777 Island Street, Kaukauna, WI 54130-7077; (920) 462-0238; *zmoureau@ku-wi.org*.

i. *FERC Contact:* Kelly Wolcott, (202) 502-6480, or *kelly.wolcott@ferc.gov*.

j. *Deadline for filing motions to intervene and protests:* 60 days from the issuance date of this notice.

The Commission strongly encourages electronic filing. Please file motions to intervene and protests using the Commission's eFiling system at *http://www.ferc.gov/docs-filing/efiling.asp*. For assistance, please contact FERC Online Support at *FERCOnlineSupport@ferc.gov*, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. All filings must clearly identify the project name and docket number on the first page: Combined Locks Hydroelectric Project (P-2715-026).

The Commission's Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. This application has been accepted but is not ready for environmental analysis.

l. *The Combined Locks Project consists of:* (1) a concrete and cyclopean stone dam approximately 654 feet long and 27 feet high with additional 24 inch nominal flashboards mounted upon the spillway crest at elevation 674.6 feet International Great Lakes Datum of 1985 (IGLD85); (2) a 126.9-acre reservoir at normal full pool elevation 676.7 feet IGLD85; (3) a powerhouse approximately 65 feet wide by 130 feet long housing two 3.1-megawatt (MW) generators, for a total authorized

capacity of 6.2 MW; (4) a tailrace channel; (5) a 265-foot-long, 4.16-kilovolt (kV) interconnection line from the powerhouse to transformer and 1,442-foot-long, 12.47-kV interconnection line from the transformer to the substation; and (6) appurtenant facilities.

The Combined Locks Project is operated as a run-of-the-river in coordination with the United States Army Corps of Engineers (Corps), which releases flows into the Lower Fox River from the Corps' Lake Winnebago. Kaukauna maintains the impoundment within a 2-foot range of the top of the wooden flashboards, when possible. The project average annual generation between 2014 and 2020 was 42,744 megawatt hours.

Kaukauna does not propose changes to project facilities or operations. Kaukauna proposes to: (1) continue to operate the project in a run-of-river mode to protect aquatic resources; (2) continue to dispose of large woody debris and trash collected from the trashracks; (3) implement invasive species monitoring every 2 years, and manage species categorized as "prohibited" by the Wisconsin Department of Natural Resources if observed in the project boundary; and (4) evaluate the project dam for National Register of Historic Places eligibility.

m. In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested individuals an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (*www.ferc.gov*) using the "eLibrary" link. At this time, the Commission has suspended access to the Commission's Public Access Room. For assistance, contact FERC at *FERCOnlineSupport@ferc.gov* or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

You may also register online at *http://www.ferc.gov/docs-filing/esubscription.asp* to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

n. Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received
