

methodology of calculating the fees, which is the focus of this rule.

Finally, AP Tariffs argues that the Commission should incrementally increase fees as the agency does in the Inflation Adjustment of Civil Monetary Penalties rule. The Commission already increases these fees incrementally by issuing biennial updates, consistent with the guidance in OMB Circular A–25.

In the DFR, the Commission noted that “the scope of the rulemaking is limited to the amounts charged for Commission services, and any substantive changes to the underlying regulations governing those services or related requirements would be outside this scope. Accordingly, comments on the underlying regulations and related requirements will not be considered adverse. Filed comments that are not adverse may be considered for modifications to the Commission’s regulations at a future date.” 88 FR 16894, 16896, (Mar. 21, 2023). As such, the Commission will take into consideration the changes mentioned in this comment when considering future substantive changes to the underlying regulations.

For the foregoing reasons, none of the comments received are considered significant adverse comments. The DFR will therefore go into effect as scheduled.

By the Commission.

William Cody,
Secretary.

[Docket No. 140818679–5356–02; RTID 0648–XD024]

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Reef Fish Fishery of the Gulf of Mexico; 2023 Red Snapper Recreational For-Hire Fishing Season in the Gulf of Mexico

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS announces the 2023 recreational fishing season for the Federal charter vessel/headboat (for-hire) component for red snapper in the exclusive economic zone (EEZ) of the Gulf of Mexico (Gulf) through this temporary rule. The red snapper recreational for-hire component in the Gulf EEZ opens on June 1, 2023, and will close at 12:01 a.m., local time, on August 25, 2023. This closure is necessary to prevent the Federal for-hire component from exceeding its quota and to prevent overfishing of the Gulf red snapper resource.

DATES: The closure is effective at 12:01 a.m., local time, on August 25, 2023, until 12:01 a.m., local time, on January 1, 2024.

FOR FURTHER INFORMATION CONTACT: Daniel Luers, NMFS Southeast Regional Office, telephone: 727–551–5719, email: daniel.luers@noaa.gov.

SUPPLEMENTARY INFORMATION: The Gulf reef fish fishery, which includes red snapper, is managed under the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico (FMP). The FMP was prepared by the Gulf of Mexico Fishery Management Council and is implemented by NMFS under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

The final rule implementing Amendment 40 to the FMP established two components within the recreational sector fishing for Gulf red snapper: the private angling component, and the Federal for-hire component (80 FR 22422, April 22, 2015). Amendment 40 also allocated the red snapper recreational ACL (recreational quota) between the components and established separate seasonal closures for the two components. The Federal
