

rod), which is defined as leaded, low-lead, and no-lead solid brass made from alloys such as, but not limited to the following alloys classified under the Unified Numbering System (UNS) as C27450, C27451, C27460, C34500, C35000, C35300, C35330, C36000, C36300, C37000, C37700, C48500, C67300, C67600, and C69300, and their international equivalents.

The brass rod subject to these investigations has an actual cross-section or outside diameter greater than 0.25 inches but less than or equal to 12 inches. Brass rod cross-sections may be round, hexagonal, square, or octagonal shapes as well as special profiles (e.g., angles, shapes).

Standard leaded brass rod covered by the scope contains, by weight, 57.0–65.0 percent copper; 0.5–3.0 percent lead; no more than 1.3 percent iron; and at least 15 percent zinc. No-lead or low-lead brass rod covered by the scope contains by weight 59.0–76.0 percent copper; 0–1.5 percent lead; no more than 0.35 percent iron; and at least 15 percent zinc. Brass rod may also include other chemical elements (e.g., nickel, phosphorous, silicon, tin, etc.).

Brass rod may be in straight lengths or coils. Brass rod covered by these investigations may be finished or unfinished, and may or may not be heated, extruded, pickled, or cold-drawn. Brass rod may be produced in accordance with ASTM B16, ASTM B124, ASTM B981, ASTM B371, ASTM B453, ASTM B21, ASTM B138, and ASTM B927, but such conformity to an ASTM standard is not required for the merchandise to be included within the scope.

Excluded from the scope of these investigations is brass ingot, which is a casting of unwrought metal unsuitable for conversion into brass rod without remelting, that contains, by weight, at least 57.0 percent copper and 15.0 percent zinc.

The merchandise covered by these investigations is currently classifiable under subheadings 7407.21.9000, 7407.21.7000, and 7407.21.1500 of the Harmonized Tariff Schedule of the United States (HTSUS). Products subject to the scope may also enter under HTSUS subheadings 7403.21.0000, 7407.21.3000, and 7407.21.5000. The HTSUS subheadings and UNS alloy designations are provided for convenience and customs purposes. The written description of the scope of the investigations is dispositive.

Fresh Garlic From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: As a result of determinations by the U.S. Department of Commerce

(Commerce) and the U.S. International Trade Commission (ITC) in their five-year (sunset) review that revocation of the antidumping duty (AD) order on fresh garlic from the People's Republic of China (China) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States. Therefore, Commerce is publishing a notice of continuation of the AD order on fresh garlic from China.

DATES: Applicable May 24, 2023.

FOR FURTHER INFORMATION CONTACT: Jacqueline Arrowsmith, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5255.

SUPPLEMENTARY INFORMATION:

Background

On November 16, 1994, Commerce published the AD order on imports of fresh garlic from China.¹ On October 3, 2022, the ITC instituted,² and Commerce initiated³ the fifth five-year (sunset) review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). Commerce conducted an expedited (120-day) sunset review of the *Order*, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2). As a result of its review, Commerce determined, pursuant to sections 751(c)(1) and 752(c) of the Act, that revocation of the *Order* would likely lead to a continuation or recurrence of dumping and, therefore, Commerce notified the ITC of the magnitude of the margin likely to prevail were the *Order* to be revoked.⁴

On May 17, 2023, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Order* would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Order

The products covered by the *Order* are all grades of garlic, whole or

separated into constituent cloves, whether or not peeled, fresh, chilled, frozen, provisionally preserved, or packed in water or other neutral substance, but not prepared or preserved by the addition of other ingredients or heat processing. The differences between grades are based on color, size, sheathing, and level of decay. The scope of this *Order* does not include the following: (a) garlic that has been mechanically harvested and that is primarily, but not exclusively, destined for non-fresh use; or (b) garlic that has been specially prepared and cultivated prior to planting and then harvested and otherwise prepared for use as seed. The subject merchandise is used principally as a food product and for seasoning. The subject garlic is currently classifiable under subheadings: 0703.20.0005, 0703.20.0010, 0703.20.0015, 0703.20.0020, 0703.20.0000, 0703.20.0090, 0710.80.7060, 0710.80.97500, 0711.90.6000, 0711.90.6500, 2005.90.9500, 2005.90.9700, and 2005.99.9700 of the Harmonized Tariff Schedule of the United States (HTSUS).

Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of the *Order* is dispositive. To be excluded from the *Order*, garlic entered under the HTSUS subheadings listed above that is: (1) mechanically harvested and primarily, but not exclusively, destined for non-fresh use or (2) specially prepared and cultivated prior to planting and then harvested and otherwise prepared for use as seed must be accompanied by declarations to U.S. Customs and Border Protection to that effect.

Continuation of the Order

As a result of the determinations by Commerce and the ITC that revocation of the *Order* would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to sections 751(c) and 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Order*. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the *Order* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, Commerce intends to initiate the next five-year review of this *Order* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply with the regulations and terms of an APO is a violation which may be subject to sanctions.

Notification to Interested Parties

This five-year (sunset) review and notice are in accordance with sections 751(c) and (d)(2) and 777(i)(1) the Act, and published in accordance with section 777(i) of the Act and 19 CFR 351.218(f)(4).

Dated: May 18, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Certain Non-Refillable Steel Cylinders From India: Initiation of Less-Than-Fair-Value Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable May 17, 2023.

FOR FURTHER INFORMATION CONTACT:

Benito Ballesteros or Macey Mayes, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–7425 or (202) 482–4473, respectively.

SUPPLEMENTARY INFORMATION:**The Petition**

On April 27, 2023, the U.S. Department of Commerce (Commerce) received an antidumping duty (AD) petition concerning imports of certain non-refillable steel cylinders (cylinders) from India filed in proper form on behalf of Worthington Industries (the petitioner), a U.S. producer of cylinders.¹ The Petition was accompanied by a countervailing duty

¹ See Petitioner's Letter, "Certain Non-Refillable Cylinders from India—Petition from the Imposition of Antidumping and Countervailing Duties," dated April 27, 2023 (Petition).

(CVD) petition concerning imports of cylinders from India.²

On May 1 and 9, 2023, Commerce requested supplemental information pertaining to certain aspects of the Petition.³ On May 5 and 10, 2023, the petitioner filed timely responses to these requests for additional information.⁴

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that imports of cylinders from India are being, or are likely to be, sold in the United States at less than fair value (LTFV) within the meaning of section 731 of the Act, and that imports of such cylinders are materially injuring, or threatening material injury to, the cylinder industry in the United States. Consistent with section 732(b)(1) of the Act, the Petition is accompanied by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the Petition was filed on behalf of the domestic industry because the petitioner is an interested party, as defined in section 771(9)(C) of the Act. Commerce also finds that the petitioner demonstrated sufficient industry support for the initiation of the requested AD investigation.⁵

Period of Investigation

Because the Petition was filed on April 27, 2023, pursuant to 19 CFR 351.204(b)(1), the period of investigation (POI) for the AD investigation is April 1, 2022, through March 31, 2023.

Scope of the Investigation

The products covered by the investigation are cylinders from India. For a full description of the scope of the investigation, see the appendix to this notice.

Comments on the Scope of the Investigation

As discussed in the *Preamble* to Commerce's regulations, we are setting aside a period of time for interested parties to raise issues regarding product coverage (*i.e.*, scope).⁶ Commerce will consider all comments received from interested parties and, if necessary, will consult with interested parties prior to the issuance of the preliminary determination. If scope comments include factual information, all such factual information should be limited to public information.⁷ To facilitate preparation of its questionnaires, Commerce requests that all interested parties submit such comments by 5:00 p.m. Eastern Time (ET) on June 6, 2023, which is 20 calendar days from the signature date of this notice. Any rebuttal comments, which may include factual information, must be filed by 5:00 p.m. ET on June 16, 2023, which is 10 calendar days from the initial comment deadline.

Commerce requests that any factual information that parties consider relevant to the scope of the investigation be submitted during this period. However, if a party subsequently finds that additional factual information pertaining to the scope of the investigation may be relevant, the party may contact Commerce and request permission to submit the additional information. All such submissions must be filed on the records of the concurrent AD and CVD investigations.

Filing Requirements

All submissions to Commerce must be filed electronically via Enforcement and Compliance's Antidumping Duty and Countervailing Duty Centralized Electronic Service System (ACCESS), unless an exception applies.⁸ An electronically filed document must be received successfully in its entirety by the time and date it is due.⁹

Comments on Product Characteristics

Commerce is providing interested parties an opportunity to comment on
