

**SUMMARY:** The New England Fishery Management Council (Council) is scheduling a public meeting of its Skate Advisory Panel via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

**DATES:** This webinar will be held on Monday, June 12, 2023, at 1 p.m.

**ADDRESSES:** Webinar registration URL information: <https://attendeegotowebinar.com/register/6275718133240268631>.

*Council address:* New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

**FOR FURTHER INFORMATION CONTACT:** Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

**SUPPLEMENTARY INFORMATION:**

**Agenda**

The Skate Advisory Panel will meet to provide final input on the development of a white paper regarding thorny skate. They will consider recent work by the Plan Development Team on the performance of skate possession limits and make recommendations to the Committee on the development of possession limit alternatives to consider along with fishing year 2024-25 specifications. This could include revising the skate bait and wing possession limit, increasing the possession limit for barndoor skate, and/or allowing smooth skate possession. Other business may be discussed as necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

**Special Accommodations**

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at

(978) 465-0492, at least 5 days prior to the meeting date.

*Authority:* 16 U.S.C. 1801 *et seq.*

Dated: May 22, 2023.

See **SUPPLEMENTARY INFORMATION** for instructions and other information about public participation.

**FOR FURTHER INFORMATION CONTACT:**

Krisa Arzayus, Designated Federal Official, U.S. IOOS Advisory Committee, U.S. IOOS Program, 1315 East-West Highway, Silver Spring, MD 20910; Phone 240-533-9455; Fax 301-713-3281; email [krisa.arzayus@noaa.gov](mailto:krisa.arzayus@noaa.gov) or visit the U.S. IOOS Advisory Committee website at <http://ioos.noaa.gov/community/u-s-ioos-advisory-committee/>.

**SUPPLEMENTARY INFORMATION:** The Committee was established by the

NOAA Administrator as directed by section 12304 of the Integrated Coastal and Ocean Observation System Act, part of the Omnibus Public Land Management Act of 2009 (Pub. L. 111-11), and reauthorized under the Coordinated Ocean Observations and Research Act of 2020 (Pub. L. No: 116-271). The Committee advises the NOAA Administrator and the Interagency Ocean Observation Committee (IOOC) on matters related to the responsibilities and authorities set forth in section 12302 and section 12304 of the Integrated Coastal and Ocean Observation System Act of 2009 and other appropriate matters as the Under Secretary may refer to the Committee for review and advice.

The Committee will provide advice on:

- (a) administration, operation, management, and maintenance of the Integrated Coastal and Ocean Observation System (the System);
- (b) expansion and periodic modernization and upgrade of technology components of the System;
- (c) identification of end-user communities, their needs for information provided by the System, and the System's effectiveness in disseminating information to end-user communities and to the general public; and

(d) additional priorities, including—

- (1) a national surface current mapping network designed to improve fine scale sea surface mapping using high frequency radar technology and other emerging technologies to address national priorities, including Coast Guard search and rescue operation planning and harmful algal bloom forecasting and detection that—

- (i) is comprised of existing high frequency radar and other sea surface current mapping infrastructure operated by national programs and regional coastal observing systems;

- (ii) incorporates new high frequency radar assets or other fine scale sea surface mapping technology assets, and other assets needed to fill gaps in coverage on United States coastlines; and

- (iii) follows a deployment plan that prioritizes closing gaps in high frequency radar infrastructure in the United States, starting with areas demonstrating significant sea surface current data needs, especially in areas where additional data will improve Coast Guard search and rescue models;

- (2) fleet acquisition for unmanned maritime systems for deployment and data integration to fulfill the purposes of this subtitle;

(3) an integrative survey program for application of unmanned maritime systems to the real-time or near real-time collection and transmission of sea floor, water column, and sea surface data on biology, chemistry, geology, physics, and hydrography;

(4) remote sensing and data assimilation to develop new analytical methodologies to assimilate data from the System into hydrodynamic models;

(5) integrated, multi-State monitoring to assess sources, movement, and fate of sediments in coastal regions;

(6) a multi-region marine sound monitoring system to be—

(i) planned in consultation with the IOOC, NOAA, the Department of the Navy, and academic research institutions; and

(ii) developed, installed, and operated in coordination with NOAA, the Department of the Navy, and academic research institutions; and

(e) any other purpose identified by the Administrator or the Council.

#### Matters To Be Considered

The meeting will focus on: (1) ocean observations and West Coast collaborations, and (2) continuing to work on the phase 2 recommendations from the committee workplan. The latest version of the agenda will be posted at <http://ioos.noaa.gov/community/u-s-ioos-advisory-committee/>. The times and the agenda topics described here are subject to change.

#### Public Comment Instructions

The meeting will be open to public participation (check agenda on website to confirm time). The Committee expects that public statements presented at its meetings will not be repetitive of previously submitted verbal or written statements. In general, each individual or group making a verbal presentation will be limited to a total time of three (3) minutes. Written comments should be received by the Designated Federal Official by June 20, 2023, to provide sufficient time for Committee review. Written comments received after June 20, 2023, will be distributed to the Committee, but may not be reviewed prior to the meeting date. To submit written comments, please fill out the brief form at <https://forms.gle/rFe9EE5XNnhw5VvE7> or email your comments, your name as it appears on your driver's license, and the organization/company affiliation you represent to Laura Gewain, [Laura.Gewain@noaa.gov](mailto:Laura.Gewain@noaa.gov).

#### Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Krisa Arzayus, Designated Federal Official by phone (240-533-9455) or email ([Krisa.Arzayus@noaa.gov](mailto:Krisa.Arzayus@noaa.gov)) or to Laura Gewain ([Laura.Gewain@noaa.gov](mailto:Laura.Gewain@noaa.gov)) by June 13, 2023.

#### Future Strategies in Anticounterfeiting and Antipiracy

**AGENCY:** United States Patent and Trademark Office, Department of Commerce.

**ACTION:** Notice of public roundtable and request for comments.

**SUMMARY:** The United States Patent and Trademark Office (USPTO) is working across government and with the private sector to address counterfeiting and piracy. As part of that effort, the USPTO wants to learn what interested parties are observing and seeks their insights into anticounterfeiting and antipiracy strategies. In particular, the USPTO requests information on current anticounterfeiting and antipiracy strategies that have proven effective, as well as ideas for future strategies. To facilitate discussion among members of the public regarding the future of anticounterfeiting and antipiracy, the USPTO will host a roundtable on the topics listed in this notice on October 3. Any additional roundtables will be announced through the **Federal Register**.

**DATES:** Comments must be received by 11:59 p.m. ET on August 23, 2023.

**ADDRESSES:** You may submit comments and responses to the questions below by one of the following methods:

(1) *Electronic Submissions:* Submit all electronic comments via the Federal e-Rulemaking Portal at [www.regulations.gov](http://www.regulations.gov) (at the homepage, enter "PTO-C-2023-0006" in the "Search" box, click the "Comment Now!" icon, complete the required fields, and enter or attach your

comments). The materials in the docket will not be edited to remove identifying or contact information, and the USPTO cautions against including any information in an electronic submission that the submitter does not want publicly disclosed. Attachments to electronic comments will be accepted only in Microsoft Word, Microsoft Excel, or Adobe PDF formats. Comments containing references to studies, research, and other empirical data that are not widely published should include copies of the referenced materials. Please do not submit additional materials. If you want to submit a comment with confidential business information that you do not wish to be made public, please submit the comment as a written/paper submission in the manner detailed below.

(2) *Written/Paper Submissions:* Send all written/paper submissions to: United States Patent and Trademark Office, Mail Stop OPIA, P.O. Box 1450, Alexandria, VA 22314. Submission packaging should clearly indicate that materials are responsive to Docket No. PTO-C-2023-0006, Office of Policy and International Affairs, Comment Request; Future Strategies in Anticounterfeiting and Antipiracy.

*Submissions of Confidential Business Information:* Any submissions containing confidential business information must be delivered in a sealed envelope marked "confidential treatment requested" to the address listed above. Submitters should provide an index listing the document(s) or information they would like the USPTO to withhold. The index should include information such as numbers used to identify the relevant document(s) or information, document title(s) and description(s), and relevant page numbers and/or section numbers within a document. Submitters should provide a statement explaining their grounds for objecting to the disclosure of the information to the public. The USPTO also requests that submitters of confidential business information include a non-confidential version (either redacted or summarized) of those confidential submissions that will be available for public viewing and posted on [www.regulations.gov](http://www.regulations.gov). In the event that the submitter cannot provide a non-confidential version of its submission, the USPTO requests that the submitter post a notice in the docket stating that it has provided the USPTO with confidential business information. Should a submitter fail to docket a non-confidential version of its submission or post a notice that confidential business information has been provided, the
