

mitigation measures not already included in the proposed alternatives. Mitigation may include avoidance, minimization, rectification, reduction or elimination over time, and compensation, and may be considered at multiple scales, including the landscape scale.

The BLM will utilize the NEPA process to help support compliance with applicable procedural requirements under the Endangered Species Act (16 U.S.C. 1536) and Section 106 of the National Historic Preservation Act (54 U.S.C. 306108) as provided in 36 CFR 800.2(d)(3), including public involvement requirements of Section 106. The information about historic and cultural resources and threatened and endangered species within the area potentially affected by the proposed project will assist the BLM in identifying and evaluating impacts to such resources.

The BLM will consult with Indian Tribal Nations on a government-to-government basis in accordance with Executive Order 13175, BLM Manual Section 1780, and other policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, along with Indian Tribal Nations, and other stakeholders that may be interested in or affected by the proposed action that the BLM is evaluating, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate in the development of the environmental analysis as a cooperating agency. The BLM intends to hold government-to-government consultation meetings. The BLM will send invitations to potentially affected Indian Tribal Nations prior to the meetings. The BLM will provide additional opportunities for government-to-government consultation during the NEPA process.

Nature of Decision To Be Made

The BLM will decide whether to grant, grant with conditions, or deny the ROW application. Pursuant to 43 CFR 2805.10, if the BLM issues a ROW, the BLM decision maker may include terms, conditions, and stipulations determined to be in the public interest. The BLM will make the decision as to whether or not to approve any RMP amendments, in accordance with BLM policy about delegation of authorities. In the ROD, the BLM will clearly distinguish the RMPA decision from the selected alternative for the proposed solar development project.
