

through September 29, 2023, to receive applications. Additional information for the FY 2024 NATIVE Act Tribal Tourism Cooperative Agreement NOFO, as well as a link to the final NOFO posting on *Grants.gov*, will be available on OIED's website: Division of Economic Development | Indian Affairs (*bia.gov*).

The OIED will award one Cooperative Agreement for \$2,000,000.00 in annual funding, for a five-year active period of performance. This opportunity supports the implementation of Section 4(d) of the Native American Tourism and Improving Visitor Experience Act (Pub. L. 114–221) (NATIVE Act) in partnership with the Federal government. The Department of the Interior, through Indian Affairs, has been engaged in significant regionally focused Tribal tourism efforts since the inception of the NATIVE Act. The NATIVE Act requires identification of a means for delivering and coordinating Federal technical assistance and resources in collaboration with Federal partners, including the Secretary of the Interior, Secretary of Commerce and other Federal agencies and entities with tourism expertise.

In 2019, the Bureau awarded a multi-year cooperative agreement which focused on strengthening collaboration and coordination of Federal assets and resources to build and promote Tribal travel and tourism capacity on Federal and Tribal lands. The awardee for this new solicitation will build upon past efforts and serve as the facilitator between the Secretary of the Interior, Secretary of Commerce, Federal agencies, Indian tribes, tribal organizations, and Native Hawaiian organizations. The awardee, through a cooperative agreement, will continue to build, enhance and expand Federal tribal tourism inclusive of technical assistance, assets, and other potential resources needed to empower tribes and organizations to participate fully in the tourism industry. In addition, the recipient of this award will support the Federal government-to-government relationships with Tribal governments.

The successful entity or organization will also support a five-zone implementation in Alaska, Hawaii, Southwest, Northwest, and Eastern zones. The five-zone approach may be implemented through sub-awards and partnerships with subject matter experts or consultants that may include, but are not limited to universities and colleges, private consulting firms, and non-academic non-profit entities.

While OIED will not accept applications at this time, interested applicants may submit questions to the

program contacts. No project shall be funded that has comparable activities previously carried out under other Federal assistance programs. It is encouraged that applicants conduct the required registration activities for the System for Award Management (SAM), Unique Entity Identifier (UEI), and the Automated Standard Application for Payment (ASAP).

The required method of submitting proposals during the open solicitation period is through *Grants.gov*. For information on how to apply for grants in *Grants.gov*, see the instructions available at <https://www.grants.gov/help/html/help/Applicants/HowToApplyForGrants.htm>. Proposals must be submitted to *Grants.gov* no later than 5 p.m. EST by the deadline indicated on *Grants.gov*.

Eligible Applicants

Eligible applicants are Indian tribes and Tribal Organizations, as defined in Section 4 of the Indian Self-Determination and Education Assistance Act (ISDEAA) (25 U.S.C. 5304), including Tribal Consortia. Tribal Colleges and Universities are those institutions cited in section 532 of the Equity in Educational Land-Grant Status Act of 1994 (7 U.S.C. 301 note), any other institution that qualifies for funding under the Tribally Controlled Colleges and Universities Assistance Act of 1978 (25 U.S.C. 1801 *et seq.*), and Diné College, authorized in the Navajo Community College Act, Public Law 95–471, title II (25 U.S.C. 640a note). Native Hawaiian organization means a nonprofit organization: (A) that serves the interests of Native Hawaiians; (B) in which Native Hawaiians serve in substantive and policymaking positions, and; (C) that are recognized for having expertise in Native Hawaiian culture and heritage, including tourism. The cooperative agreement funding is to support the Native American Tourism and Improving Visitor Experience Act (Pub. L. 114–221) (NATIVE Act).

Notice of Application for Withdrawal Extension and Opportunity for Public Meeting, Langmuir Principal Research Site; New Mexico

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

PLO No. 7587 withdrew 852 acres of National Forest System lands in Socorro County, New Mexico, from location and entry under the United States mining laws, subject to valid existing rights, to protect the USFS-managed research site for a period of 20 years. The withdrawal created by PLO No. 7587 will expire on October 26, 2023, unless extended. This notice announces to the public an opportunity to comment on the proposal and to request a public meeting.

DATES: Comments and requests for a public meeting regarding the withdrawal extension application must be received by September 12, 2023.

ADDRESSES: All written comments and meeting requests should be sent to the Cibola National Forest Supervisor's Office, Attn: Richard Wilhelm, 2113 Osuna NE, Albuquerque, NM 87113.

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or Tele Braille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The USFS filed an application requesting extension of the withdrawal established by PLO No. 7587 (58 FR 11968), which is incorporated herein by reference. PLO No. 7587 withdrew 852 acres of National Forest System lands in Socorro County, New Mexico, from location and

entry under the United States mining laws, subject to valid existing rights, to protect the USFS-managed research site for a period of 20 years. The withdrawal created by PLO No. 7587 will expire on October 26, 2023, unless extended.

The purpose of the requested extension is to protect, as originally authorized under PLO No. 7587, the 852-acre area for the use of the Langmuir Principal Research Site on the Magdalena Ranger District of the Cibola National Forest for an additional 20-year term.

The use of a rights-of-way, interagency agreement, or cooperative agreement would not provide adequate protection for this site.

There are no suitable alternative sites available which would facilitate this type of research.

No water rights will be needed to fulfill the purpose of the requested withdrawal.

All interested persons who wish to submit comments, suggestions, or objections in connection with the withdrawal extension application, or to request a public meeting, may submit a written request to the Regional Forester by September 12, 2023, at the address in **ADDRESSES**.

Before including your address, phone number, email address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time.
