

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at www.dot.gov/privacy.

Availability of Rulemaking Documents

An electronic copy of this document may be downloaded through the internet at www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Operations office (see **ADDRESSES** section for address, phone number, and hours of operations). An informal docket may also be examined during normal business hours at the office at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198.

Incorporation by Reference

Class E5 Airspace designations are published in paragraph 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11G, dated August 19, 2022, and effective September 15, 2022. These updates would be published in the next update to FAA Order JO 7400.11. That order is publicly available as listed in the **ADDRESSES** section of this document.

FAA Order JO 7400.11G lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 to establish Class E airspace extending upward from 700 feet above the surface at Grand Coulee Dam Airport, Electric City, WA, in support of the airport's transition from VFR to IFR operations.

The proposed airspace design—which extends from the airport reference point (ARP) 10.2 miles east and 9.7 miles southwest—would contain departing and missed approach IFR operations until reaching 1,200 feet above the

surface on the Area Navigation (RNAV) (Global Positioning System [GPS]) Z Runway (RWY) 22 missed approach and the SINGG (RNAV) obstacle departure procedure (ODP) as well as arriving IFR operations below 1,500 feet above the surface on the RNAV (GPS) Y RWY 22 and RNAV (GPS) Z RWY 22 approaches.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11G, Airspace Designations and Reporting Points, dated August 19, 2022, and effective September 15, 2022, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

ANM WA E5 Electric City, WA [New]

Grand Coulee Dam Airport, WA
(Lat. 47°55'19" N, long. 119°4'59" W)

That airspace extending upward from 700 feet above the surface within an area bounded by a line beginning at the airport's 063° bearing at 10.2 miles, then clockwise along the airport's 10.2-mile radius to the 99° bearing at 10.2 miles, to the 172° bearing at 4.7 miles, to the 216° bearing at 9.7 miles, then clockwise along the airport's 9.7-mile radius to the 237° bearing at 9.7 miles to the 329° bearing at 3.6 miles, thence to the point of beginning.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Docket Number USCG–2023–0473]

RIN 1625–AA08

Special Local Regulation; Los Angeles Harbor, San Pedro, CA

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to establish a temporary special local regulation in Los Angeles Harbor during the Sail Grand Prix Race event from July 21, 2023, through July 23, 2023. This proposed rulemaking is necessary to ensure the safety of race participants, participant vessels, spectators, and mariners transiting the area from the dangers associated with high-speed sailing activities during the event. This proposed regulation will prohibit vessels and persons not participating in the race event from entering the dedicated race area unless authorized by the Captain of the Port Sector Los Angeles-Long Beach or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before June 26, 2023.

ADDRESSES: You may submit comments identified by docket number USCG–2023–0473 using the Federal Decision-

Making Portal at <https://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Lieutenant Commander Maria Wiener, Waterways Management, U.S. Coast Guard Sector Los Angeles-Long Beach; telephone (310) 357-1603, email D11-SMB-SectorLALB-WWM@uscg.mil.

CFR Code of Federal Regulations
 DHS Department of Homeland Security
 FR Federal Register
 NPRM Notice of proposed rulemaking
 § Section
 U.S.C. United States Code

II. Background, Purpose, and Legal Basis

On March 17, 2023, the F50 League LLC notified the Coast Guard that it will be holding a sailing race from 2 p.m. to 6 p.m. daily from July 21, 2023, through July 23, 2023. The race will take place between Los Angeles Berth 46 and Cabrillo Beach in the Los Angeles Harbor within the San Pedro Breakwater in San Pedro, CA. Due to the high-profile nature of this event, spectator vessels and support craft will be present and have the potential to cause vessel congestion in proximity of the Main Channel. The Captain of the Port Sector Los Angeles-Long Beach (COTP) has determined that potential hazards associated with the race and race location would be a safety concern for anyone within the race box and adjacent navigable waters.

The purpose of this rulemaking is to ensure the safety of participants, spectators, and the navigable waters within the racing area of the scheduled event. The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70041.

III. Discussion of Proposed Rule

The COTP is proposing to establish a special local regulation from July 21, 2023, through July 23, 2023. The special local regulation would be enforced daily from 2 p.m. to 6 p.m. This special local regulation would cover a portion of the Los Angeles Harbor designated as the race box area between Cabrillo Beach and the Los Angeles Harbor entrance. A transit lane on the northern side of the race box near Los Angeles Berth 46 will allow for transiting vessel traffic. The duration of the zone is intended to

ensure the safety of vessels and these navigable waters before, during, and after the scheduled 2 to 6 p.m. sailing race. No vessel or person would be permitted to enter the area without obtaining permission from the COTP or a designated representative. The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, duration, and time-of-day of the special local regulation. Vessel traffic would be able to safely transit around this area via the northern boundary transit lane, which would impact a small, designated area of the Los Angeles harbor for less than 4 hours each day during the afternoon when vessel traffic is normally limited to recreational vessels. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the regulation, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the area may

be small entities, for the reasons stated in section IV. A. above, this proposed rule would not have a significant economic impact on any vessel owner or operator. Routes around the sailing race are present for transiting the area.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this proposed rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the proposed rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132 (Federalism), if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175 (Consultation and Coordination with Indian Tribal Governments) because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please call or email the person

listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the potential effects of this proposed rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves special local regulation lasting 4 hours that would limit entry to the race box without authorization from the Captain of the Port or their designated representatives. Normally such actions are categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking,

indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

Submitting comments. We encourage you to submit comments through the Federal Decision-Making Portal at <https://www.regulations.gov>. To do so, go to <https://www.regulations.gov>, type USCG–2023–0473 in the search box and click “Search.” Next, look for this document in the Search Results column, and click on it. Then click on the Comment option. If you cannot submit your material by using <https://www.regulations.gov>, call or email the person in the **FOR FURTHER INFORMATION CONTACT** section of this proposed rule for alternate instructions.

Viewing material in docket. To view documents mentioned in this proposed rule as being available in the docket, find the docket as described in the previous paragraph, and then select “Supporting & Related Material” in the Document Type column. Public comments will also be placed in our online docket and can be viewed by following instructions on the <https://www.regulations.gov> Frequently Asked Questions web page. Also, if you click on the Dockets tab and then the proposed rule, you should see a “Subscribe” option for email alerts. The option will notify you when comments are posted, or a final rule is published.

We review all comments received, but we will only post comments that address the topic of the proposed rule. We may choose not to post off-topic, inappropriate, or duplicate comments that we receive.

Personal information. We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided. For more about privacy and submissions to the docket in response to this document, see DHS’s eRulemaking System of Records notice (85 FR 14226, March 11, 2020).

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard is proposing to amend 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 46 U.S.C. 70041; 33 CFR 1.05–1.

■ 2. Add § 100.T11–0473 to read as follows:

§ 100.T11–0473 Sail Grand Prix Los Angeles 2023, Los Angeles Harbor, San Pedro, CA.

(a) **Regulated area.** The regulations in this section apply to the following area: All waters of San Pedro Harbor, from surface to bottom, encompassed by a line connecting the following points beginning at 33°42.835′ N, 118°16.712′ W; thence to 33°42.921′ N, 118°16.593′ W; thence to 33°42.829′ N, 118°16.441′ W; thence to 33°42.925′ N, 118°16.357′ W; thence to 33°43.077′ N, 118°16.409′ W; thence to 33°43.130′ N, 118°16.144′ W; thence to 33°42.837′ N, 118°15.729′ W; thence to 33°42.516′ N, 118°5.103′ W; thence to 33°42.245′ N, 118°15.929′ W; thence to 33°42.249′ N, 118°16.184′ W; and back to the beginning point. These coordinates are based on North American Datum 1983 (NAD 1983).

(b) **Definitions.** As used in this section—

Designated representative means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel and a Federal, State, and local officer designated by or assisting the Captain of the Port Los Angeles-Long Beach in the enforcement of the regulations in this section.

Participant means all persons and vessels registered with the event sponsor as a participant in the race.

(c) **Regulations.** (1) All non-participants are prohibited from entering, transiting through, anchoring in, or remaining within the regulated area described in paragraph (a) of this section unless authorized by the Captain of the Port Los Angeles-Long Beach or their designated representative.

(2) To seek permission to enter, contact the COTP or the COTP’s representative by VHF–FM Channel 16. Those in the regulated area must comply with all lawful orders or directions given to them by the COTP or the designated representative.

(3) The COTP will provide notice of the regulated area through advanced notice via broadcast notice to mariners and by on-scene designated representatives.

(d) **Enforcement period.** This section will be enforced from 2 p.m. to 6 p.m. daily on July 21, 2023, through July 23, 2023.

R.D. Manning,

Captain, U.S. Coast Guard, Captain of the Port Los Angeles-Long Beach.

[FR Doc. 2023–12837 Filed 6–15–23; 8:45 am]

BILLING CODE 9110–04–P
