

across the securities industry, and helping to avoid confusion for Exchange members that are also FINRA members. NYSE American also noted that FINRA plans to conduct additional public outreach efforts to promote awareness of the MQP and the availability of the Second Enrollment Period among Look-Back Individuals. Therefore, NYSE American additionally indicated that the immediate operation of the proposed rule change is appropriate because it would ensure that there is sufficient time for Look-Back Individuals to consider whether they wish to participate in the program before the December 31, 2023 deadline. For these reasons, the Commission believes that waiver of the 30-day operative delay for this proposal is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.²³

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)²⁴ of the Act to determine whether the proposed rule change should be approved or disapproved.

below, of the most significant aspects of such statements.

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

ICE Clear Europe is proposing to amend Part HH of the Delivery Procedures which applies to ICE Endex French PEG Natural Gas Contracts to make certain corrections and clarifications to be consistent with exchange contract specifications. In paragraph 3.2, the amendments would clarify that the contract trades in megawatt hours (MWh) per day and would correctly reflect that the contract is delivered in kilowatt hours (kWh) rather than MWh. The delivery documentation summary in paragraph 9.1 would also be amended to reflect the correction from MWh to kWh for deliveries under the contract. In paragraph 9.2, a correction would be made for invoice report and account sale report requirements to reflect that ICE Endex French PEG Daily Futures are priced in Euros per MWh (rather than pence per Therm). The amendments do not otherwise change the terms and conditions of deliveries under the relevant contract.

(b) Statutory Basis

ICE Clear Europe believes that the proposed amendments to the Delivery Procedures are consistent with the requirements of Section 17A of the Act⁶ and the regulations thereunder applicable to it. In particular, Section 17A(b)(3)(F) of the Act⁷ requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions, the safeguarding of securities and funds in the custody or control of the clearing agency or for which it is responsible, and the protection of investors and the public interest. The proposed changes to the Delivery Procedures are designed to make certain clarifications and corrections in Part HH relating to settlement for ICE Endex French PEG Natural Gas Contracts, for consistency with relevant exchange contract specifications. The amendments do not otherwise change the manner in which the contracts are cleared or settled. Accordingly, ICE Clear Europe believes that the Delivery Procedures, as amended, would be consistent with the

prompt and accurate clearance and settlement of the contracts, and the protection of investors and the public interest consistent with the requirements of Section 17A(b)(3)(F) of the Act.⁸ (In ICE Clear Europe's view, the amendments would not affect the safeguarding of funds or securities in the custody or control of the clearing agency or for which it is responsible, within the meaning of Section 17A(b)(3)(F).⁹)

In addition, Rule 17Ad-22(e)(10)¹⁰ provides that "[e]ach covered clearing agency shall establish, implement, maintain and enforce written policies and procedures reasonably designed to, as applicable [. . .] establish and maintain transparent written standards that state its obligations with respect to the delivery of physical instruments, and establish and maintain operational practices that identify, monitor and manage the risks associated with such physical deliveries." As discussed above, the amendments would make certain corrections and clarifications relating to settlement under ICE Endex French PEG Natural Gas Contracts, including with respect to deliveries being made in kWh. The amendments thus appropriately clarify the role and responsibilities of the Clearing House and Clearing Members with respect to the contracts. As a result, ICE Clear Europe believes the amendments are consistent with the requirements of Rule 17Ad-22(e)(10).¹¹

(B) Clearing Agency's Statement on Burden on Competition

ICE Clear Europe does not believe the proposed amendments would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed amendments to the Delivery Procedures are intended to make certain corrections and clarifications relating to ICE Endex French PEG Natural Gas Contracts. The amendments would not change the obligations of market participants under those contracts. ICE Clear Europe does not believe the amendments would adversely affect competition among Clearing Members, materially affect the cost of clearing, adversely affect access to clearing in the new contracts for Clearing Members or their customers, or otherwise adversely affect competition in clearing services. Accordingly, ICE Clear Europe does not believe that the amendments would impose any impact

or burden on competition that is not appropriate in furtherance of the purpose of the Act.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change

Written comments relating to the proposed amendment has not been solicited or received by ICE Clear Europe. ICE Clear Europe will notify the Commission of any comments received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and paragraph (f) of Rule 19b-4¹³ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-97744; File No. SR-NYSECHX-2023-13]

Self-Regulatory Organizations; NYSE Chicago, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change for Amendments to the Exchange's Rules Regarding Continuing Education Requirements

June 16, 2023.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on June 5, 2023, NYSE Chicago, Inc. ("NYSE Chicago" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is

publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes amendments to the Exchange's rules regarding continuing education requirements (Article 6, Rule 11) applicable to Participants⁴ to provide eligible individuals another opportunity to elect to participate in the Maintaining Qualifications Program ("MQP"). The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The continuing education program for registered persons of broker-dealers ("CE Program") currently requires registered persons to complete continuing education consisting of a Regulatory Element and a Firm Element. The Regulatory Element, which is administered by FINRA on behalf of the Exchange, focuses on regulatory requirements and industry standards, while the Firm Element is provided by each firm and focuses on securities products, services and strategies the firm offers, firm policies and industry trends.

The CE Program is codified under the rules of the self-regulatory organizations. The CE Program for registered persons of NYSE Chicago members is codified under Article 6, Rule 11.⁵ This proposed rule change is

based on a filing recently submitted by the Financial Industry Regulatory Authority, Inc. ("FINRA"), and is intended to harmonize the Exchange's continuing education rules with those of FINRA so as to promote uniform standards across the securities industry.⁶ The proposed rule change is discussed in detail below.

On May 25, 2022, the Exchange amended NYSE Chicago Article 6, Rule 11 (Continuing Education for Registered Persons) and Rule 13 (Registration Requirements) to, among other things, provide eligible individuals who terminate any of their representative or principal registration categories the option of maintaining their qualification for any terminated registration categories by completing annual continuing education through a new program, the MQP.⁷ By that time, however, the First Enrollment Period, defined below, had expired leaving many eligible individuals from being able to participate in the MQP. This proposed rule change will provide those eligible individuals a second opportunity to elect to participate in the MQP to maintain their qualification.

Prior to the MQP, individuals whose registrations as representatives or principals had been terminated for two or more years could reregister as representatives or principals only if they requalified by retaking and passing the applicable representative- or principal-level examination or if they obtained a waiver of such examination(s) (the "two-year qualification period"). The MQP provides these individuals an alternative means of staying current on their regulatory and securities knowledge following the termination of a registration.⁸ Specifically, the MQP provides eligible individuals a maximum of five years following the termination of a representative or

Satisfy the Regulatory Element of Continuing Education).

⁶ See Securities Exchange Act Release No. 97184 (March 22, 2023), 88 FR 18359 (March 28, 2023) (SR-FINRA-2023-005) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend FINRA Rule 1240.01 To Provide Eligible Individuals Another Opportunity To Elect To Participate in the Maintaining Qualifications Program) ("FINRA Rule Change").

⁷ See Securities Exchange Act Release No. 95063 (June 7, 2022), 87 FR 35826 (June 13, 2022) (SR-NYSECHX-2022-11) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change for Amendments to the Exchange's Rules Regarding Continuing Education Requirements).

⁸ The MQP does not eliminate the two-year qualification period. Thus, eligible individuals who elect not to participate in the MQP can continue to avail themselves of the two-year qualification period (*i.e.*, they can reregister within two years of terminating a registration category without having to requalify by examination or having to obtain an examination waiver).
