

description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Merchandise Subject to the Covered Merchandise Inquiry

The products subject to this inquiry are rough and unfinished fittings originating in China and processed into butt-weld pipe fittings through two production scenarios in Vietnam. The two production scenarios are:

- *Scenario 1*: Chinese-origin unfinished butt-weld pipe fittings undergo the final stage (*i.e.*, finishing processes) of three production stages in Vietnam;
- *Scenario 2*: Chinese-origin rough butt-weld pipe fittings undergo the second and third stages of production in Vietnam.

Methodology

Commerce is conducting this covered merchandise inquiry in accordance with section 517 of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.227. For a full description of the methodology underlying Commerce's preliminary results, see the Preliminary Decision Memorandum.

Preliminary Findings

We preliminarily determine, pursuant to 19 CFR 351.227(f), that rough butt-weld pipe fittings from China that are processed in Vietnam into finished butt-weld pipe fittings in the final two stages of production are not subject to the scope of the *Order*. Additionally, we preliminarily find that unfinished butt-weld pipe fittings from China that are processed in Vietnam into finished butt-weld pipe fittings are subject to the scope of the *Order*. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Suspension of Liquidation

As stated above, Commerce has made a preliminary affirmative finding that unfinished butt-weld pipe fittings originating from China and finished in Vietnam are subject to the scope of the *Order*. This affirmative in-scope finding applies on a country-wide basis, regardless of the producer, exporter, or importer, to all products from the same country with the same relevant physical characteristics as the products at issue. Therefore, in accordance with 19 CFR 351.227(l)(2), Commerce will direct CBP to: (1) continue the suspension of liquidation of previously suspended entries and apply the applicable AD cash deposit rate; (2) begin the suspension of liquidation and require a cash deposit of estimated antidumping

duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption on or after September 26, 2022, the date of publication of the notice of initiation of this covered merchandise inquiry in the **Federal Register**; and (3) begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption prior to September 26, 2022.³

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Pursuant to 19 CFR 351.227(d)(3), interested parties may submit case briefs no later than five days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than three days after the date of filing for case briefs.⁴ Parties who submit case briefs or rebuttal briefs in this proceeding are requested to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.⁵ Executive summaries should be limited to five pages total, including footnotes.⁶ All submissions, with limited exceptions, must be filed electronically using ACCESS.⁷ Comments must be received successfully in their entirety by ACCESS by 5:00 p.m. Eastern Time on the due date. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.⁸ Each submission must be placed on the record of the segment of the proceeding for the AD order (A-570-814), ACCESS Covered Merchandise Inquiry segment "CBP EAPA Inv. 7335."

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, filed electronically and received successfully in its entirety via ACCESS by 5:00 p.m. Eastern Time

³ See *Initiation Notice*.

⁴ See 19 CFR 351.227(d)(3); see also *Temporary Rule Modifying AD/CVD Service Requirements Due to COVID-19; Extension of Effective Period*, 85 FR 41363 (July 10, 2020) (*Temporary Rule*).

⁵ See 19 CFR 351.309(c)(2) and (d)(2).

⁶ *Id.*

⁷ See 19 CFR 351.303.

⁸ See *Temporary Rule*.

within 10 days after the date of publication of this notice.⁹ Hearing requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; (3) whether any participant is a foreign national; and (4) a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Notification to Interested Parties

This notice is issued and published pursuant to section 517 of the Act and 19 CFR 351.227(e)(1).

Dated: June 16, 2023.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

Appendix

List of Topics Discussed in the Preliminary Decision Memorandum

- I. Summary
- II. Background
- III. Scope of the *Order*
- IV. Description of Merchandise Subject to This Inquiry
- V. Legal Framework
- VI. Discussion of the Issues
- VII. Recommendation

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's Highly Migratory Species Committee will hold a public meeting.

DATES: The meeting will be held on Tuesday, July 11, 2023, from 9 a.m. to 12 p.m. For agenda details, see

SUPPLEMENTARY INFORMATION.

ADDRESSES: The meeting will be held via webinar. Webinar connection, agenda items, and any additional

⁹ Commerce is exercising its discretion under 19 CFR 351.310(c) to alter the time limit for requesting a hearing.

information will be available at www.mafmc.org/council-events.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; telephone: (302) 674-2331; www.mafmc.org.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526-5255.

SUPPLEMENTARY INFORMATION: The Mid-Atlantic Fishery Management Council's Highly Migratory Species (HMS) Committee will meet to review and provide comments on the NOAA Atlantic HMS recent and ongoing management initiative. The primary management initiatives include: (1) the proposed rule for Amendment 15 (spatial management and electronic monitoring), (2) an Advance Notice of Proposed Rulemaking for electronic HMS reporting requirements, and (3) scoping for Amendment 16 (shark management issues).

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Shelley Spedden at the Council Office, (302) 526-5251, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 20, 2023.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Taking and Importing Marine Mammals; Taking Marine Mammals Incidental to Geophysical Surveys Related to Oil and Gas Activities in the Gulf of Mexico

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of issuance of Letter of Authorization.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA), as amended, its implementing regulations, and NMFS' MMPA

Regulations for Taking Marine Mammals Incidental to Geophysical Surveys Related to Oil and Gas Activities in the Gulf of Mexico, notification is hereby given that a Letter of Authorization (LOA) has been issued to Murphy Exploration and Production Company (Murphy) for the take of marine mammals incidental to geophysical survey activity in the Gulf of Mexico.

DATES: The LOA is effective from July 14, 2023, through September 13, 2023.

ADDRESSES: The LOA, LOA request, and supporting documentation are available online at: www.fisheries.noaa.gov/action/incidental-take-authorization-oil-and-gas-industry-geophysical-survey-activity-gulf-mexico. In case of problems accessing these documents, please call the contact listed below (see **FOR FURTHER INFORMATION CONTACT**).

FOR FURTHER INFORMATION CONTACT: Jenna Harlacher, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth. NMFS has defined "negligible impact" in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

Except with respect to certain activities not pertinent here, the MMPA defines "harassment" as: any act of pursuit, torment, or annoyance which (i) has the potential to injure a marine mammal or marine mammal stock in the wild (Level A harassment); or (ii) has the potential to disturb a marine

mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering (Level B harassment).

On January 19, 2021, we issued a final rule with regulations to govern the unintentional taking of marine mammals incidental to geophysical survey activities conducted by oil and gas industry operators, and those persons authorized to conduct activities on their behalf (collectively "industry operators"), in Federal waters of the U.S. Gulf of Mexico (GOM) over the course of 5 years (86 FR 5322, January 19, 2021). The rule was based on our findings that the total taking from the specified activities over the 5-year period will have a negligible impact on the affected species or stock(s) of marine mammals and will not have an unmitigable adverse impact on the availability of those species or stocks for subsistence uses. The rule became effective on April 19, 2021.

Our regulations at 50 CFR 217.180 *et seq.* allow for the issuance of LOAs to industry operators for the incidental take of marine mammals during geophysical survey activities and prescribe the permissible methods of taking and other means of effecting the least practicable adverse impact on marine mammal species or stocks and their habitat (often referred to as mitigation), as well as requirements pertaining to the monitoring and reporting of such taking. Under 50 CFR 217.186(e), issuance of an LOA shall be based on a determination that the level of taking will be consistent with the findings made for the total taking allowable under these regulations and a determination that the amount of take authorized under the LOA is of no more than small numbers.

Summary of Request and Analysis

Murphy plans to conduct a zero offset vertical seismic profile (VSP) survey within Walker Ridge Block 425 in approximately 2,700 m water depth. Murphy plans to use a 6-element, 1,350 in³ airgun array. Please see Murphy's application for additional detail.

Consistent with the preamble to the final rule, the survey effort proposed by Murphy in its LOA request was used to develop LOA-specific take estimates based on the acoustic exposure modeling results described in the preamble (86 FR 5322, January 19, 2021). In order to generate the appropriate take number for authorization, the following information was considered: (1) survey type; (2)
