

3. Kodiak Island Roaded Area Permit Hunter Harvest Report (Forms 3–2381–6 and 3–2381–7)—On April 19, 2021, we issued a final rule (RIN 1018–BF08; 86 FR 20311) that allows migratory bird hunting and egg gathering by registration permit in the Kodiak Island Roaded Area in the Kodiak Archipelago Region of Alaska for a 3-year experimental season (2021–2023). We developed regulations for the spring-summer subsistence harvest of migratory birds in the Kodiak Island Roaded Area under a co-management process involving the Service, the ADF&G, and Alaska Native representatives. To participate in the Kodiak roaded area harvest, harvesters must obtain a permit and to complete a harvest report form, even if they did not harvest. Staff from the ADF&G Division of Subsistence worked in close collaboration with the Sun’aq Tribe of Kodiak to develop the permit and harvest reporting system, which started in 2021. The Sun’aq Tribe issues the permits. Information collection for the permit is authorized under OMB

Control Number 1018–0178. Information collection for the associated harvest monitoring is authorized under Control Number 1018–0124. The Sun’aq Tribe requested in-season harvest reporting. Permit holders receive the Kodiak Roaded Area In-Season Harvest Report (Form 3–2381–6) at the time the permit is issued. Harvesters must record their harvest using this form along the season. At the end of the season (early September), all permit holders must submit the completed Kodiak Roaded Area In-Season Harvest Report (Form 3–2381–7) indicating whether they harvested birds and eggs, and if so, the kinds and amounts of birds and eggs harvested. Permit holders submit the completed form by mail to the ADF&G for data analysis (the form includes the return address and is postage-paid). To ensure a more complete harvest reporting, the ADF&G will mail a post-season harvest survey to permit holders who did not submit a completed in-season harvest log. The post-season mail survey includes two reminders. Reported

harvests will be extrapolated to represent all permit holders, based on statistical methods. Forms 3–2381–6 and 3–2381–7 are only completed twice per year (spring and summer seasons). You may request copies of all forms in this information collection by submitting a request to the Service Information Collection Clearance Officer using one of the methods identified in the ADDRESSES section of this notice. *Title of Collection:* Alaska Migratory Bird Subsistence Harvest Household Survey. *OMB Control Number:* 1018–0124. *Form Numbers:* Forms 3–2380, and 3–2381–1 through 3–2381–7. *Type of Review:* Extension of a currently approved collection. *Respondents/Affected Public:* Households within subsistence-eligible areas of Alaska. *Respondent’s Obligation:* Required to obtain or retain a benefit. *Frequency of Collection:* Annually. *Total Estimated Annual Nonhour Burden Cost:* None.
