Abstract of Proposed Collection

The purpose of the collection is to enable the Department of State to better identify and communicate with U.S. citizens and lawful permanent residents (LPRs) who may be in need of assistance in a country experiencing a crisis. The form asks U.S. citizens and LPRs currently in a country experiencing a crisis to share information with us about their current plans, the number of people in their group, and their exact location. It also asks for their latest contact information and contact information for an emergency contact not currently in the country.

The Department is utilizing this form to acquire the most current and accurate data possible to inform our consular assistance efforts. It will allow us to build a more current picture of how many U.S. citizens and LPRs plan to remain in the country experiencing a crisis and any who may request reimbursable loan assistance to depart or other consular assistance. Completion of the form is entirely voluntary.

U.S. government-assisted evacuations can vary depending on the nature of the crisis. In extreme situations, where local infrastructure is damaged or failing but the security situation still allows for some safe movement, the Department may work with the host government, other countries, and other U.S. government agencies to arrange chartered or non-commercial transportation based on information entered in this form. With respect to LPRs, the Department may accommodate special family

circumstances, such as when a spouse or other immediate relative of a U.S. citizen is traveling with the U.S. citizen family member.

Methodology

The collection will be completed 100 percent electronically. The respondent will access the form at the following link: <https://cacms.state.gov/s/crisis-intake>. The link will also be accessible from the crisis country’s country information page on www.travel.state.gov, the U.S. embassy or consulate website for that country, and other Department of State communications. The Department may also choose as appropriate to distribute the form’s URL through emails from @state.gov email addresses, or in messaging sent as consular information products. The link will only be activated when there is a need to collect the information.

Kevin E. Bryant,

Deputy Director, Office of Directives Management, Department of State.
