

recipient’s training and technical assistance (T/TA) needs. SAMHSA currently manages grant programs that provide prevention, treatment, recovery support services, and T/TA for substance use treatment and mental health providers along the continuum of care including prevention, harm reduction, treatment, and recovery.

SAMHSA’s grant recipients are currently required to submit various types of performance reports in accordance with their individual program requirements. The data collections will be designed to standardize program monitoring and performance reports of SAMHSA’s grants. Program offices will use information collected under this generic clearance to monitor funding recipient

activities and to provide support or take appropriate action, as needed.

A generic clearance would provide SAMHSA’s program offices the flexibility to create and use tailored information collection templates based on current program reporting requirements. This is important to allow for SAMHSA’s:

- Monitoring of compliance with federal practice, guidelines, and requirements,
- Oversight of the implementation of the scope of the grant activities with the grant recipients’ proposed project,
- Assessment of the efficiency and efficacy of recipient activities,
- Quick understanding of and remediation to national, regional, and/or site-specific issues,
- Provision of additional support and technical assistance, as needed,

- Documentation of promising practices, innovative services, and program strengths, and
- Flexible and responsive oversight of federal funds.

A variety of performance reports will be used for collection. Program offices will use information collected under this generic clearance to monitor funding recipient activities and to provide support or take appropriate action, as needed.

A variety of instruments and platforms will be used to collect information from respondents. The annual burden hours requested (180,000) are based on the number of collections we expect to conduct over the requested period for this clearance.

The estimated annual hour burden is as follows:

Type of respondent	Number of respondents	Responses per respondent	Total responses	Hours per response	Total annual burden hours	Hourly wage cost	Total hour cost
Progress Report Template (Annual)	4,000	1	4,000	8	32,000	\$26	\$832,000
Progress Report (Interim)	2,500	2	5,000	6	30,000	26	780,000
Grant Closeouts	1,000	1	1,000	10	10,000	26	260,000
Site Visit Report Template	4,000	1	4,000	6	24,000	26	624,000
Other	4,000	1	4,000	6	24,000	26	624,000
Total	20,000	28,000	180,000	3,120,000
