**SUPPLEMENTARY INFORMATION:**

**A. OMB Control Number, Title, and any Associated Form(s)**

9000-0199, Prohibition on Contracting with Entities Using Certain Telecommunications and Video Surveillance Services or Equipment.

**B. Need and Uses**

DoD, GSA, and NASA are combining OMB Control Nos. for the Federal Acquisition Regulation (FAR) by FAR part. This consolidation is expected to improve industry's ability to easily and efficiently identify burdens associated with a given FAR part. The review of the information collections by FAR part allows improved oversight to ensure there is no redundant or unaccounted for burden placed on industry. Lastly, combining information collections in a given FAR part is also expected to reduce the administrative burden associated with processing multiple information collections.

This justification supports the revision of OMB Control No. 9000-0199 and combines it with the previously approved information collections under OMB Control No(s). 9000-0201, with the title "Prohibition on Contracting with Entities Using Certain Telecommunications and Video Surveillance Services or Equipment". Upon approval of this consolidated information collection, OMB Control No(s). 9000-0201 will be discontinued. The burden requirements previously approved under the discontinued number(s) will be covered under OMB Control No. 9000-0199.

This clearance covers the information that offerors and contractors must submit to comply with the following FAR requirements listed in the order in which offerors and contractors provide the information:

In the event that offerors are required to disclose further information, the contracting officer uses the collected information to ensure compliance with the FAR as implemented by statute and consult with legal counsel and the program office on next steps regarding the prohibited equipment or services.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Administration for Children and Families

#### Submission for Office of Management and Budget (OMB) Review; Revisions to Recordkeeping To Mitigate the Spread of COVID–19 in Head Start (OMB #: 0970–0583)

**AGENCY:** Office of Head Start; Administration for Children and Families; Department of Health and Human Services.

**ACTION:** Request for public comments.

**SUMMARY:** The Office of Head Start (OHS), Administration for Children and Families (ACF), U.S. Department of Health and Human Services, requests public comment on an extension with changes to recordkeeping requirements for ACF Head Start grant recipients. A Final Rule published on January 6, 2023, added a recordkeeping requirement that Head Start grant recipients update their program policies and procedures to include an evidence-based COVID–19 mitigation policy. OHS requested and received emergency approval from OMB to implement the updated recordkeeping requirement as required in the Final Rule. Approval was for 6 months. Subsequently, a final rule was published on June 26, 2023, which removed all previously approved vaccination recordkeeping requirements and the requirement to maintain a testing protocol. This request is to remove these requirements from the information collection and extend approval of the remaining recordkeeping requirement under this OMB number for an additional 3 years.
