

interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest because the proposal does not raise any new or novel issues.³² Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.³³

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)³⁴ of the Act to determine whether the proposed rule change should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-540, OMB Control No. 3235-0600]

Submission for OMB Review; Comment Request; Extension: Rule 611

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 611 (17 CFR 242.611) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act").

On June 9, 2005, effective August 29, 2005 (*see* 70 FR 37496, June 29, 2005),

the Commission adopted Rule 611 of Regulation NMS under the Exchange Act to require any national securities exchange, national securities association, alternative trading system, exchange market maker, over-the-counter market maker, and any other broker-dealer that executes orders internally by trading as principal or crossing orders as agent, to establish, maintain, and enforce written policies and procedures reasonably designed to prevent the execution of a transaction in its market at a price that is inferior to a bid or offer displayed in another market at the time of execution (a "trade-through"), absent an applicable exception and, if relying on an exception, that are reasonably designed to assure compliance with the terms of the exception. Without this collection of information, respondents would not have a means to enforce compliance with the Commission's intention to prevent trade-throughs pursuant to the rule.

There are approximately 235 respondents¹ per year that will require an aggregate total of approximately 14,100 hours per year to comply with this Rule. It is anticipated that each respondent will continue to expend approximately 60 hours annually: two hours per month of internal legal time and three hours per month of internal compliance time to ensure that its written policies and procedures are up-to-date and remain in compliance with Rule 611. The estimated cost for an in-house attorney is \$489 per hour and the estimated cost for an assistant compliance director in the securities industry is \$432 per hour. Therefore the estimated total internal cost of compliance for the annual hour burden is as follows: [(2 legal hours × 12 months × \$489) × 235] + [(3 compliance hours × 12 months × \$432) × 235] = \$6,412,680.²

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

¹ This estimate includes 16 national securities exchanges that are equity securities exchanges. The estimate also includes an estimated 187 firms that are over-the-counter market makers or exchange market makers, as well as an estimated 32 alternative trading systems that trade NMS stocks.

² The total cost of compliance for the annual hour burden has been revised to reflect updated estimated cost figures for an in-house attorney and an assistant compliance director. These figures are from SIFMA's *Management & Professional Earnings in the Securities Industry 2017*, modified by Commission staff for an 1800-hour work-year and multiplied by 5.35 to account for bonuses, firm size, employee benefits, and overhead, and then adjusted for inflation.

³² *See supra*, notes 7 and 10.

³³ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. *See* 15 U.S.C. 78c(f).

³⁴ 15 U.S.C. 78s(b)(2)(B).
