

Two alternatives are being considered for the Corral Summit Project.

Alternative 1 would consist of the following: (1) a 400-acre upper reservoir located approximately 1.2 miles west of the existing Mackay Reservoir on Federal lands belonging to the US Bureau of Land Management, with a total impoundment volume of 25,000 acre-feet; (2) the reservoir is formed by a 3.6-mile, long, 75-foot tall circular dam with new intake/outlet structures; (3) two steel pipeline penstocks, each approximately 3,700 foot long and a diameter of 16 feet connect the upper reservoir to a underground powerhouse; (4) the powerhouse would contain two vertical Francis adjustable speed or ternary design turbines and two 100 MW generating units, for a total installed capacity of 200 MW; (5) a 3.7-mile, 230-kV transmission line would connect the project to the existing 230-kV Bonneville Power Administration transmission line; and (6) appurtenant facilities.

Alternative 2 would consist of the same facilities described in alternative 1 except: (1) the upper reservoir would be located approximately 1.4 miles east of the existing Mackay Reservoir on State of Idaho land, and would be approximately 412 acres in size; (2) the circular dam surrounding the upper reservoir would be 3.2 miles long; (3) the two steel pipeline penstocks would be approximately 5,800-foot-long; and (4) the transmission line would be 2 miles in length and would also connect to the existing 230 kV Bonneville Power Administration transmission line.

The estimated annual generation of the Corral Summit Project would be 584 gigawatt-hours.

Applicant Contact: James T. Carkulis, Project Agent, Cat Creek Energy LLC, 1989 South 1875 East, Gooding, ID 8330; email: jtc@ccewsrps.net; phone: (208) 336-1370.

FERC Contact: Golbahar Mirhosseini; email: golbahar.mirhosseini@ferc.gov.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and

assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at <https://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include docket number P-15304-000.

More information about this project, including a copy of the application, can be viewed or printed on the "eLibrary" link of Commission's website at <http://www.ferc.gov/docs-filing/efiling.asp>. Enter the docket number (P-15304) in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov; call toll-free at (866) 208-3676; or, for TTY, contact (202) 502-8659.

Dated: July 5, 2023.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ID-6899-000]

Bradish, Robert W.; Notice of Filing

Take notice that on June 29, 2023, Robert W. Bradish submitted for filing, application for authority to hold interlocking positions, pursuant to section 305(b) of the Federal Power Act, 16 U.S.C. 825d (b) and Part 45.8 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR part 45.8.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact the Federal Energy Regulatory Commission at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to

contact OPP at (202)502-6595 or *OPP@ferc.gov*.

Comment Date: 5:00 p.m. Eastern Time on July 20, 2023.

Dated: July 5, 2023.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 77-313]

Pacific Gas and Electric Company; Notice of Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Protests

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. *Application Type:* Application for Temporary Variance of Flow Requirements.

b. *Project No:* 77-313.

c. *Date Filed:* May 23, 2023.

d. *Applicant:* Pacific Gas and Electric Company (licensee).

e. *Name of Project:* Potter Valley Hydroelectric Project.

f. *Location:* The project is located on the Eel River and East Fork of the Russian River in Lake and Mendocino counties, California.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a-825r.

h. *Applicant Contact:* Jackie Pope, License Coordinator; Pacific Gas and Electric Company; Mail Code N11D, P.O. Box 770000, San Francisco, CA 94177; Phone: (530) 245-4007.

i. *FERC Contact:* Alicia Burtner, (202) 502-8038, *Alicia.Burtner@ferc.gov*.

j. *Deadline for filing comments, motions to intervene, and protests:* August 4, 2023.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, and protests using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at *FERCOnlineSupport@ferc.gov*, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, you

may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include the docket number P-77-313. Comments emailed to Commission staff are not considered part of the Commission record.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Request:* The licensee requests a temporary variance of its minimum flow requirements in the East Fork of the Russian River. Due to seismic risk at Scott Dam, the licensee does not intend to close the dam's gates, reducing the storage capacity in Lake Pillsbury by approximately 20,000 acre-feet. The licensee proposes to reclassify the water year type to reduce flow releases to Eel River below Scott Dam from the current normal water year requirement of 60 cfs to a critical water year flow floor set by the minimum opening of the low-level outlet of approximately 20 cubic feet per second (cfs). Minimum flows into the Eel River below Cape Horn Dam would be 15 cfs, consistent with a wet water year classification. Minimum flow releases to the East Fork of the Russian River would be reduced from normal water year requirements of 75 cfs to 25 cfs, as required during a dry water year, but the proposed variance includes the flexibility to adjust these flows to critically dry year releases of 5 cfs if daily average Lake Pillsbury release water temperatures at gage E-2 exceed 16 degrees Celsius or as needed to maintain the reservoir elevation for facility safety. The licensee additionally requests that compliance with flow requirements to the Eel River below Cape Horn Dam be measured as a 24-hour average versus instantaneously to allow for a tighter compliance buffer. The request includes provisions for water temperature monitoring and monthly consultation throughout

implementation of the proposed variance. The licensee requests that the variance would begin immediately upon Commission approval and conclude when Lake Pillsbury storage exceeds 36,000 acre-feet following October 1, 2022 or is superseded by another variance. The licensee states it is also developing a proposal for Commission approval, for a long-term flow regime to assure compliance of environmental requirements with the spill gates remaining open.

l. *Locations of the Application:* This filing may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or email *FERCOnlineSupport@ferc.gov*, for TTY, call (202) 502-8659. Agencies may obtain copies of the application directly from the applicant.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Documents:* Any filing must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person commenting, protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis. Any filing made by an intervenor must be accompanied by proof of service on all
